THE APPRENTICESHIP ACT

O. Reg. 226/53.
General Regulations.
New and Revoking O. Reg. 11/44.
Approved—17th December, 1953.
Filed—21st December, 1953.

REGULATIONS MADE BY THE BOARD UNDER THE APPRENTICESHIP ACT

GENERAL REGULATIONS

APPLICATION

1. These regulations apply to the designated trades specified in or hereafter added to Schedule A or B of the Act.

QUALIFICATIONS OF APPRENTICES

2. No person may become an apprentice in a designated trade unless he

- (a) holds a High School Entrance Certificate,
- (b) has Grade VIII standing, or
- (c) has the educational qualifications equivalent to clause *a* or *b* as determined by the Board.

EDUCATIONAL CLASSES

3. An apprentice shall attend

- (a) all full-time educational day-classes, and
- (b) all part-time educational night-classes,

as prescribed in the regulations made under the Act from time to time for his designated trade.

COURSE OF TRAINING

4.(1) Subject to sections 13 and 14 of the Act the employer shall provide an apprentice with and the apprentice shall complete the course of training prescribed in the regulations made under the Act from time to time for his designated trade.

(2) Where the employer is unable to provide an apprentice with work in his designated trade the employer and the apprentice shall forthwith notify the Director.

ANNUAL APPRENTICESHIP PERIOD

5. An apprentice in learning his trade shall complete a minimum of 32 weeks in each year of his apprenticeship period including the time spent in attending the educational classes under clause *a* of regulation 3.

CONTRACT OF APPRENTICESHIP

6.(1) A contract of apprenticeship shall be in Form 1.

(2) Where the Director arranges under section 14 of the Act for the transfer of an apprentice to another employer the contract of apprenticeship shall be transferred to that employer.

(3) The transfer of contract shall be in Form 2 and shall be registered with the Board.

7.(1) No contract of apprenticeship shall be registered with the Board unless the apprentice has submitted a certificate of his birth to the Board for inspection.

(2) Where the Board is satisfied that the apprentice is unable to produce a certificate of his birth under subregulation 1, the Board may accept as proof

- (a) one item of Class A evidence of birth as prescribed in regulation 8 of Regulations 363 of Consolidated Regulations of Ontario 1950, or
- (b) two items of Class B evidence of birth as prescribed in regulations 9 and 10 of Regulations 363 of Consolidated Regulations of Ontario 1950.

HOURS OF LABOUR

8.(1) The hours of labour for an apprentice shall be the same as those for a journeyman employed in the same designated trade or branch thereof as the apprentice.

(2) Overtime worked by an apprentice shall not reduce the period of apprenticeship.

RATES OF WAGES

9. The rates of wages for apprentices shall be

- (a) for an apprentice in a designated trade specified in or hereafter added to Schedule A of the Act

- (i) for the 1st year, 30 per cent,
- (ii) for the 2nd year, 40 per cent,
- (iii) for the 3rd year, 50 per cent,
- (iv) for the 4th year, 70 per cent, and
- (v) for the 5th year, 80 per cent,

of the rate for a journeyman employed in the same designated trade or branch thereof as the apprentice, and

- (b) for an apprentice in a designated trade specified in or hereafter added to Schedule B of the Act

- (i) for the 1st year, 40 per cent,
- (ii) for the 2nd year, 70 per cent, and
- (iii) for the 3rd year, 90 per cent,

of the rate for a journeyman employed in the same designated trade or branch thereof as the apprentice.

CERTIFICATE OF APPRENTICESHIP

10. Where an apprentice

- (a) has attended the prescribed educational classes, and
- (b) has completed the prescribed course of training provided by his employer,

he shall try the examination prescribed in regulation 12.

11. Where an apprentice

- (a) (i) has served the prescribed term of apprenticeship, and
- (ii) has completed the prescribed school-training to the satisfaction of the Board, and
- (b) has passed the examination under regulation 10,

the Board shall issue to him a certificate of apprenticeship in Form 3.

EXAMINATIONS

12. An examination

- (a) under regulation 10, or
- (b) for a certificate of qualification,

shall be held at such time and place as designated by the Board and shall be designed to test the candidate's knowledge of and skill in the subjects of examination prescribed in the regulations for his designated trade.

13.(1) Examiners appointed by the Board to assist in the conduct of an examination

- (a) under regulation 10, or
- (b) for a certificate of qualification,

shall report to the Board in separate lists the names of the successful and unsuccessful candidates.

(2) A person who has failed to pass an examination may try further examination on the subjects in which he failed at such time and place as the Board may fix.

CERTIFICATE OF QUALIFICATION

14.(1) Where a person is the holder of a certificate of apprenticeship, the Board shall, upon payment of the prescribed fee, issue to him, without examination, a certificate of qualification.

(2) Where any other person submits to the Board

- (a) an application for a certificate of qualification in Form 4 and adduces evidence of having been continuously engaged within or outside Ontario in a designated trade for a period not shorter than the apprenticeship period prescribed for an apprentice in the same designated trade or branch thereof, and passes the examination prescribed for the certificate of qualification, or
- (b) a current certificate of qualification issued in his name in the designated trade by another province of Canada,

the Board shall, upon payment of the prescribed fee, issue to him a certificate of qualification.

(3) A certificate of qualification shall be in Form 5.

15. Where all persons engaged in a designated trade other than

- (a) registered apprentices, and
- (b) persons employed during a probationary period,

are required by regulations for that designated trade to hold a current certificate of qualification, the employment in that designated trade of persons who have not complied with this requirement is prohibited.

EXPIRY AND RENEWAL OF CERTIFICATE OF QUALIFICATION

16. A certificate of qualification

- (a) shall expire on the date prescribed in the regulations for the designated trade, and
- (b) may be renewed by the holder annually in Form 5 upon an application in Form 6 attached to the certificate and transmitted to the Director with the prescribed fee.

17. Where a person fails to renew his certificate of qualification for 3 consecutive years he may obtain a renewal upon passing the examination prescribed for a certificate of qualification in the regulations for his designated trade; but where the failure to renew was owing to illness or other cause beyond his control the Board may renew the certificate without examination.

SUSPENSION OR CANCELLATION OF CERTIFICATE OF QUALIFICATION

18.(1) The Board may, after a hearing, suspend or cancel a certificate of qualification for any violation of the Act or the regulations made thereunder from time to time.

(2) Before holding a hearing, the Board shall send, by registered mail, to the holder of the certificate of qualification, at his address shown on his application for the certificate of qualification, a notice

- (a) giving
 - (i) the details of the alleged violation, and
 - (ii) the nature of the evidence in support thereof, and
- (b) appointing the date, time, and place, for the hearing.

(3) The Board shall allow at least 7 clear days between the date of sending the notice and the date for hearing.

(4) If the holder of the certificate of qualification fails to attend the hearing on the date and at the time and place appointed, the hearing may proceed and a decision may be made in his absence.

(5) At the hearing the holder of the certificate of qualification shall be entitled to hear the evidence against him, to cross-examine thereon, to call witnesses in his behalf, and to present his argument.

(6) The holder of the certificate of qualification may be represented at the hearing by counsel or by an agent.

(7) Where the Board decides to suspend the certificate of qualification the period of suspension shall not be longer than 30 days.

DUPLICATE CERTIFICATE OF QUALIFICATION

19. Where a person has lost his current certificate of qualification and submits to the Board a statutory declaration accounting for the loss, the Board shall, upon payment of the prescribed fee, issue to him a duplicate certificate.

REGISTRATION OF EMPLOYERS

20. Every employer and self-employed person engaged in a designated trade in which a certificate of qualification may be issued shall register with the Board on Form 7.

FEES

21. Fees shall be payable to the Treasurer of Ontario as follows:

- (a) for examination for certificate of qualification.....\$2.00
- (b) for certificate of qualification.....\$1.00
- (c) for renewal of certificate of qualification
 - (i) before expiry date.....\$1.00
 - (ii) within one year from expiry date...\$2.00
 - (iii) after one year from expiry date...\$2.00
 and for each year after the first year of failure to apply for a renewal...\$1.00
- (d) for duplicate certificate of qualification..\$1.00

POSTING OF CERTIFICATE OF QUALIFICATION

22. The holder of a certificate of qualification shall keep it posted conspicuously in the shop where he is engaged in a designated trade, or, where not possible, carry it upon his person.

CERTIFICATES OF QUALIFICATION
HERETOFORE ISSUED

23. A certificate of qualification issued under the Act, or under any regulations of any nature however made under the Act and in force immediately before these regulations come into force, shall be deemed to be issued under these regulations and may be renewed from time to time under these regulations.

REVOCATION

24. Ontario Regulations 11/44 are revoked.

THE APPRENTICESHIP ACT

O. Reg. 227/53.

Designated Trade of Motor Vehicle
Repairer.

New and Revoking O. Reg. 55/44.

Approved—17th December, 1953.

Filed—21st December, 1953.

REGULATIONS MADE BY THE BOARD UNDER THE APPRENTICESHIP ACT

DESIGNATED TRADE OF MOTOR VEHICLE REPAIRER

INTERPRETATION

1. In these regulations

- (a) "designated trade" means designated trade of motor vehicle repairer; and
- (b) "motor vehicle" means a vehicle propelled by an internal-combustion engine, or operated or controlled from a vehicle propelled by an internal-combustion engine, but does not include a vehicle
 - (i) operated on rails, or
 - (ii) used for transportation solely within an employer's actual place of business, or
 - (iii) used for farming operations but not used for carrying a load, or
 - (iv) used in the construction, erection, repair, remodelling, or alteration, of the whole or any part of a building, road, or structure, whether above or below the surface of the earth, but not used for carrying a load.

APPLICATION

2. These regulations apply to all persons engaged in the repair and maintenance of motor vehicles other than persons engaged in

- (a) supplying motor vehicles with gasoline, oil, water, or air,
- (b) repairing or changing tires,
- (c) changing oil in or lubricating motor vehicles,
- (d) selling and installing motor-vehicle accessories including blades and arms of wind-shield wipers, rear-view mirrors, thermostats, or defrosting apparatus,
- (e) supplying motor vehicles with anti-freezing solutions,
- (f) replacing hose, fan-belts, light-bulbs, lenses, or fuses,
- (g) cleaning or replacing spark-plugs,
- (h) installing new or rental batteries or battery cables, or re-charging batteries,
- (i) washing, cleaning, or polishing, motor vehicles, or
- (j) supplying any other similar or minor services to motor vehicles.

BRANCHES OF DESIGNATED TRADE

3.(1) The designated trade is composed of branches A, B, C, and D.

(2) Branch A is the trade of motor mechanic.

(3) Branch B is the trade of body repairer.

(4) Branch C is the trade of electrical- and fuel-system repairer.

(5) Branch D is the trade of metal-worker.

4.(1) A motor mechanic is a person who

(a) dis-assembles, adjusts, repairs, and re-assembles, engines, transmissions, clutches, rear ends, differentials, brakes, and other assemblies,

(b) tests for, and corrects, faulty alignment of wheels, axles, and steering mechanisms,

(c) replaces worn or broken parts,

(d) grinds valves, and

(e) lubricates parts requiring lubrication.

(2) A body repairer is a person who

(a) hammers out dents in body or fenders,

(b) files, grinds, sands, or solders, any dented, damaged, or welded, area,

(c) by the application of heat, shrinks or stretches metal,

(d) welds breaks in body,

(e) installs or repairs upholstery, trimming, hardware, locks, or attachments,

(f) paints or glazes, and

(g) tests for and corrects, faulty alignment of frames, wheels, axles, and steering mechanisms.

(3) An electrical- and fuel-system repairer is a person who

(a) repairs and installs ignition systems, generators, starters, coils, panel instruments, wiring, and any other electrical system and electrical equipment,

(b) repairs and adjusts carburettors,

(c) cleans and repairs air-filters of carburettors and fuel-pumps, and

(d) does complete tune-up of engine.

(4) A metal-worker is a person who

(a) hammers out dents in body or fenders,

(b) files, grinds, sands, or solders, any dented, damaged, or welded, area,

(c) by the application of heat, shrinks or stretches metal, and

(d) welds breaks in body.

5. A person engaged in Branch A may in an emergency perform any work in Branch B for the immediate and temporary operation of a motor vehicle.

EDUCATIONAL CLASSES

6. The full-time educational day-classes for an apprentice in Branch A, B, C, or D, shall be those prescribed by Ontario Regulations 327/52 as they exist from time to time.

COURSE OF TRAINING

7.(1) The courses of training to be provided by the employer for apprentices shall be those in branches A, B, C, and D, as outlined in Parts 1, 2, 3, and 4, respectively, of Schedule 1.

(2) The period of time in each year to be completed by an apprentice in learning his trade in any Branch under subregulation 1 shall be at least 1,280 hours.

CERTIFICATE OF QUALIFICATION

8. All persons engaged in the designated trade of motor vehicle repairer other than

(a) registered apprentices, and

(b) persons employed during a probationary period,

are required to hold a current certificate of qualification.

EXAMINATIONS

9.(1) An apprentice

(a) in Branch A, B, or C, in the 5th year of his apprenticeship period, or

(b) in Branch D in the 3rd year of his apprenticeship period,

shall try examinations designed to test his knowledge of and skill in the subject-matters prescribed for the full-time educational day-classes in regulation 6 and for the course of training in regulation 7.

(2) An examination for a certificate of qualification shall be designed to test the candidate's knowledge of and skill in the subject-matters prescribed for the

(a) full-time educational day-classes in regulation 6, and

(b) course of training in regulation 7.

EXPIRY AND RENEWAL OF CERTIFICATE OF QUALIFICATION

10. A certificate of qualification shall expire on the 31st of October in each year and may be renewed annually upon payment of the prescribed fee.

Monoxide gas, safety measures; study of manufacturers' specifications.	Names of all parts, and the functions thereof. Dismantling sequence, and the correct use of tools therefor. Care and disposition of parts in dismantling. Washing of parts; disposal of waste. Examination of moving parts for wear. Pistons: purpose, design, and clearance. Piston-pins: types, and locking-devices. Valves: function, re-facing, re-seating, lapping, adjusting clearances, and lifters. Replacing valve-guides, valve-springs, and tappet-screws. Crank-shaft: main bearings; connecting-rod bearings; oil clearances; line-boring; fitting; connecting-rod aligning. Cam-shaft: bearings, timing-gears, and timing-chains. Valve timing. Piston-rings: purpose and fitting. Methods of oil control. Lubrication: oil-pumps, and oil-filters. Oil-seals, and gaskets. Torque-wrench in rebuilding. Servicing manifolds, gaskets and heat controls. Rebuilding to manufacturers' specifications.
9.	Electrical system.	Chemical source of electrical energy. Causes of sulphation. Effect of extreme temperatures. High resistance. High and low tension. Ohm's law. Mechanical factors controlling firing-orders. Relation of secondary winding to primary winding in a coil. Reason for and location of safety-gap in a coil. Momentary storage of induced flow in the primary circuit.	Storage batteries: principles of construction and operation; charging-rates; servicing; electrolytic test; specific gravity; low-voltage test; high-rate discharge test. Conductors: use of cables, wires, and ground-straps; copper terminals, and soldering wires thereon; insulation. Principles of electricity and magnetism: forms and kinds of electricity; characteristics of current flow. Magnetism: electro-magnetism, and electro-magnetic induction. Electrical circuits and units for motor vehicles. Circuits: series; parallel; shunt. Ignition circuit: construction and operation of coil, condenser, breaker-points, distributor, and spark-plugs. Ignition timing. Use of instruments in testing; trouble-shooting. Timing-light. Determining spark-plug failure, and heat-ranges. Attaching terminals to high- and low-tension wires.
10.	Starter circuit.	Voltage loss. Amount of current-draw. Relation of electrical energy to mechanical energy. Ring-gear, and the mechanical advantage thereof.	Construction, operation, and recondition, of a starting-motor. Starter-switch: solenoid. Replacing brushes: service tests. Bendix drive. Over-running clutch.
11.	Generator circuit.	Relation of mechanical energy to electrical energy.	Construction and operation of a generator. Cut-out relay, voltage-regulator, current-regulator, and the regulation and servicing thereof. Truing and under-cutting commutator. Use of growler and ampere voltage-regulator.
12.	Lighting circuit.	Current-carrying capacity of conductors.	Fuses, switches, and wiring-diagrams. Horn circuit; gas-gauge; accessories. Light- and horn-relays. Tracing for short-circuits, grounds, leaks, high resistance, and faulty connections. Use of test-lamp. Aiming and focusing head-lights and replacing light-bulbs.

Shrinking and stretching of metals. Judging the severity of an impact by the condition of damaged area of automobile. Relating damage in adjoining parts to impact area. Recognizing effect of impact on other parts. Determining the procedure in repairing. Aligning body, fenders, hood and radiator-shell. Roughing, bumping, sanding, and metal-finishing.
6.	Wheel alignment.	Different methods of testing angles of steering. Correcting each angle. Testing the steering on a road to ascertain defects.	The 5 angles of steering, and the purpose of each. How to test angles. Effect of accidents on angles of steering: wear on tires, hard steering, wandering, pulling to right or left.
7.	Frame straightening.	Testing a frame to determine bends. Simple straightening at the horn of the frame.	Simple method of checking a frame to determine bends. Straightening a frame bent at the horn of the frame.
8.	Painting.	Different types of lacquers and synthetic enamels. Code numbers of paint and their relation to colour. Primer-coat: the reason for it and how to use it. Kinds of tinting-colours to keep in stock. How to determine colours of surfaces to be painted. Proper number of coats of paint to apply.	Use of air-compressor and how to lubricate it. Use and care of pressure gauges, air-hose fittings, and spray-gun. Proper handling of spray-gun, and proper distance to hold it from surface to be painted. How to determine the correct fan or spray. Sanding down and cleaning of surface to be painted. Preparing of repaired parts for painting. Cleaning and feather-edging of paint before repainting. Use of primer-coat and filler-coat. Determining number of coats of paint to apply. Maintaining air-pressure on a spray-gun. Density of lacquer or enamel to be sprayed. Maintaining correct flow from spray-gun. Spraying in a smooth and even manner. Rubbing out and polishing surfaces after painting them. Mixing of paint. Stripping. Spot repairs. Rust preventives.
9.	Upholstery.		Removing and replacing body upholstery. Making up trim-panels. Repairing tears in head lining and trimming panels and seats.
10.	Glass and hardware.		Removal, repair, and replacement, of body-locks, remote controls, window-regulators, deck- and hood-hinges, door-checks, and any other similar attachments. Replacing of glass. Final door-fitting and sealing-cements.

THE PUBLIC HEALTH ACT

O. Reg. 233/53.
Communicable Diseases.
New and Revoking O. Regs. 58/45,
140/48 and 1/51. (See note below)
Approved—17th December, 1953.
Filed—22nd December, 1953.

REGULATIONS MADE BY THE MINISTER UNDER THE PUBLIC HEALTH ACT

COMMUNICABLE DISEASES

INTERPRETATION

1. In these regulations

- (a) "concurrent disinfection" means disinfection carried out while a person is still a patient;
- (b) "contact" includes a person who comes so close to
 - (i) a patient, or
 - (ii) anything which has been exposed to infection from a patient,

that the germs of the communicable disease with which the patient is infected may infect that person;

- (c) "negative culture is obtained" means that upon laboratory examination of a specimen no germs of the suspected communicable disease are found in the culture;
- (d) "patient" means person infected with a communicable disease;
- (e) "plague" means "the plague";
- (f) "provincial laboratory" means clinical laboratory centre established and maintained by the Minister under section 10 of the Act;
- (g) "recovery" means that a person who is, or was, a patient is no longer infectious; and
- (h) "terminal disinfection" means disinfection carried out after recovery, removal, or death, of a patient.

APPLICATION OF THE ACT

2. The sections of the Act itemized in columns 2 to 7, both inclusive, of Table 1 are made applicable to the communicable disease set opposite thereto in column 1.

ISOLATION, QUARANTINE, AND DISINFECTION

3.(1) Where a patient has a communicable disease itemized in column 1 of Table 2, the medical officer of health shall

- (a) cause the patient to be isolated for the period prescribed in column 2 of the table, and
- (b) cause the persons who are contacts to be
 - (i) quarantined, or

- (ii) confined in the dwelling where the communicable disease occurs

for the period prescribed in column 3 of the table.

(2) Where the medical officer of health is not available, the local board shall take the steps prescribed by subregulation 1.

4. Where a person is infected with, or recovering from, a communicable disease itemized in column 1 of Table 2

- (a) the patient, and
- (b) every nurse who is, or has been, in attendance on him

shall, upon the directions of the medical officer of health, adopt for the disinfection of things which have been exposed to infection such class of disinfection as is prescribed in column 4 of the table.

5.(1) Where a medical officer of health prescribes conditions for, and orders, the disinfection of

- (a) premises on or in which a communicable disease occurs, or
- (b) utensils, bedding, clothing and other things which have been exposed to infection,

and his order is not complied with within 24 hours he shall quarantine the premises and cause a placard to be affixed on the exterior of the principal entrance to the premises.

(2) A disinfection-quarantine placard shall be in Form 1.

6.(1) Where a person infected with, or a contact of,

- (a) Asiatic cholera, or
- (b) diphtheria, or
- (c) meningococcal meningitis, or
- (d) plague, or
- (e) poliomyelitis, or
- (f) smallpox, or
- (g) typhus fever,

is isolated, on premises other than an isolation hospital, the medical officer of health shall take the steps prescribed in subregulation 2.

(2) The medical officer of health shall

- (a) quarantine the premises during the period of isolation prescribed in Table 2 for the disease, and
- (b) cause a placard to be affixed on the exterior of the principal entrance to the premises.

(3) A disease-quarantine placard shall be in Form 2.

7.(1) Unless instructed by the medical officer of health, no person shall remove, deface, or destroy, a placard affixed under these regulations.

(2) The medical officer of health shall cause the placard to be removed when

- (a) his order under regulation 5 has been obeyed, or
- (b) the period of isolation under subregulation 2 of regulation 6 has ended.

EYES OF NEW-BORN

8. A physician attending at the birth of a child shall, within 1 hour after delivery, or so soon thereafter as is practicable, instil into each conjunctival sac of the child such quantity of one per cent solution of silver nitrate as in his opinion will be sufficient, without injury to the child, to kill any germs which might cause ophthalmia neonatorum.

9.(1) Where, within 2 weeks after birth, an eye of a child becomes reddened, inflamed, or swollen, the persons mentioned in subsection 4 of section 56 of the Act shall report in writing to the medical officer of health

- (a) the name, age, and home-address of the child, and
- (b) where the child is located, if not at home, and
- (c) the symptoms of the disease.

(2) The person making the report shall immediately place the child under the care of a duly qualified medical practitioner, unless one is already attending the child.

DAIRY PRODUCTS

10. Regulations 11, 12 and 13 apply to

- (a) a carrier of the germs of
 - (i) amoebic dysentery, or
 - (ii) bacillary dysentery, or
 - (iii) paratyphoid fever A.B.C., or
 - (iv) typhoid fever, and
- (b) a contact with, or a patient infected with,
 - (i) amoebic dysentery, or
 - (ii) Asiatic cholera, or
 - (iii) bacillary dysentery, or
 - (iv) diphtheria, or
 - (v) epidemic streptococcal sore throat, or
 - (vi) paratyphoid fever A.B.C., or
 - (vii) poliomyelitis, or
 - (viii) salmonellosis, or
 - (ix) scarlet fever, or
 - (x) typhoid fever.

11. Subject to regulations 12 and 13, no carrier, patient, or contact, shall handle food, or drink intended for consumption by any human being, other than himself.

12.(1) Subject to regulation 13, no milk, cream, or product of either of them, including butter and cheese, shall be removed from any premises on which a carrier, patient, or contact, resides or is engaged in handling milk.

(2) Where a medical officer of health

- (a) prescribes the precautions to be taken by the carrier, patient, or contact, to prevent the spread of the disease, and
- (b) is satisfied that the carrier, patient, or contact, will observe the precautions to be taken,

the carrier, patient, or contact, may handle milk which is to be delivered to a dairy under regulation 13.

13.(1) In this regulation "dairy" includes

- (a) creamery, and
- (b) pasteurization plant.

(2) Where the occupier of premises referred to in regulation 12 desires to have milk removed from the premises for delivery to a dairy, he shall notify the medical officer of health in whose jurisdiction the premises are located, stating the name and location of the dairy to which he desires to deliver the milk.

(3) Upon being notified under subregulation 2, the medical officer of health shall inspect the premises and interview the occupier and the carrier, patient, or contact.

(4) Where the medical officer of health is satisfied that the disease will not be spread because of the delivery of the milk to the dairy, he shall notify the dairy that a carrier, patient, or contact, as the case may be, resides on the premises where the milk is produced or is engaged in the handling of that milk.

(5) Where the operator of the dairy undertakes in writing with the medical officer of health to comply with subregulation 6, the medical officer of health may permit the occupier mentioned in subregulation 2 to deliver the milk to that dairy so long as the operator fulfills his undertaking.

(6) The operator of the dairy shall

- (a) pasteurize all the milk, or
- (b) heat it to a temperature not lower than 161 degrees Fahrenheit for not less than 16 seconds and immediately thereafter cool it to a temperature not higher than 50 degrees Fahrenheit.

CARRIERS

14.(1) Where a medical officer of health believes a person to be a carrier of germs of

- (a) amoebic dysentery, or
- (b) bacillary dysentery, or
- (c) paratyphoid fever A.B.C., or
- (d) typhoid fever

he shall report in writing to the Deputy Minister

- (e) the name, age, occupation, and address, of the carrier, and
- (f) the disease of which the person is believed to be a carrier, and
- (g) the steps he has taken under section 61 of the Act with respect to
 - (i) clinical or laboratory examinations or investigations to which he has required the suspected carrier to submit, and

- (ii) orders, directions, or prohibitions, he has given to that person, and
- (iii) acts he has done to enforce the carrying out of those orders, directions, or prohibitions.

(2) Where a medical officer of health, having prohibited a carrier from changing his place of residence, subsequently permits him so to do, the medical officer of health shall notify the Deputy Minister as to the new place of residence of the carrier.

(3) Where the residence of the carrier is being changed from within the jurisdiction of one medical officer of health to within the jurisdiction of another medical officer of health, the former shall forthwith give to the latter notification of

- (a) the name of the carrier, and
- (b) his proposed new residence, and
- (c) details as to clinical or laboratory examinations of, or investigations made with respect to, the carrier.

15. The amount of compensation payable under subsection 4 of section 61 of the Act shall be

- (a) \$40 a month for the carrier, and
- (b) \$5 a month
 - (i) for a dependent spouse, and
 - (ii) for each dependent under 16 years of age.

16.(1) Where a person who has been found to be a carrier of paratyphoid fever A.B.C., or of typhoid fever,

- (a) submits to a provincial laboratory, specimens of urine and of faeces taken on the same day of the week in 4 successive weeks; or
- (b) has had his gall-bladder removed, and thereafter submits to a provincial laboratory
 - (i) 3 specimens of his duodenal contents taken at intervals not shorter than 24 hours, and
 - (ii) 8 specimens of faeces each taken on successive days,

and the specimens submitted under clause *a* or *b* have been examined in the provincial laboratory and have been found not to contain any germs of paratyphoid fever A.B.C., or of typhoid fever, the medical officer of health shall notify that person, in writing, that he is no longer a carrier of those germs, and shall send a copy of that notification to the Deputy Minister.

(2) All specimens referred to in subregulation 1 shall be taken under circumstances satisfactory to the medical officer of health.

RABIES

17. Where a person has been bitten by an animal, and that person, or the person in charge of him, suspects that the animal has rabies, he shall forthwith notify to the medical officer of health

- (a) the name and address of the person bitten, and
- (b) the date, time, and place, of the biting, and
- (c) as much information as he has which is likely to assist the medical officer of health in identifying, and finding, the animal.

18.(1) When a medical officer of health receives a notification under regulation 17, he shall

- (a) cause the animal to be confined at the expense of the municipality in a place that is comfortable to the animal, and
- (b) isolate the animal from all other animals and from human beings

for at least 14 days or until the isolated animal is no longer suspected of having rabies, whichever period is the longer.

(2) The animal shall be confined in such place as, in the opinion of the medical officer of health, there will be least danger of the disease spreading from the animal.

(3) Where a medical officer of health is of opinion that an animal confined under subregulation 1 is infected with rabies he shall report to the Deputy Minister

- (a) the date of the biting, and
- (b) the name and address of the person bitten, and
- (c) identification of the confined animal, and
- (d) the name and address of its owner, and
- (e) details as to other animals bitten by the confined animal, including
 - (i) dates of the bitings, and
 - (ii) names and addresses of owners of the bitten animals, and
 - (iii) disposal made of the bitten animals.

PSITTACOSIS

19. In regulations 20 and 21

- (a) "bird" means bird which may be susceptible to infection with psittacosis, and
- (b) "owner" means person who has a bird in his possession.

20.(1) Where the medical officer of health knows or suspects that a bird is infected with psittacosis, he shall order the owner to isolate

- (a) that bird, and
- (b) all birds which have been in contact with that bird,

until the owner has received from the medical officer of health a certificate that there is no further danger of the disease being spread by any of those birds.

(2) Until all

- (a) cages, and
- (b) articles, and
- (c) premises,

likely to harbour the germs and from which the disease may spread to other birds or human beings, have been disinfected to his satisfaction, the medical officer of health shall not issue a certificate under subregulation 1.

(3) Where a bird dies while it is isolated, the owner shall forthwith thereafter report the death to the medical officer of health.

21.(1) An owner of a bird that

- (a) is infected with psittacosis, or
- (b) is a carrier of psittacosis, or
- (c) is, or has been, in contact with a bird referred to in clause *a* or *b*

shall report to the medical officer of health the address of the premises where the bird in his possession is located.

(2) Where a medical officer of health knows or suspects that there is on premises a bird referred to in subregulation 1, he shall, personally or by some competent person,

- (a) visit the premises,
- (b) make all necessary inquiries, and
- (c) take such steps as the medical officer of health deems necessary to prevent or mitigate the spread of disease from the bird.

TUBERCULOSIS

22.(1) Where a medical officer of health receives a notice under section 57 of the Act, that a person is infected with tuberculosis, he shall forthwith report the matter to the Director of the Division of Tuberculosis Prevention in the Department.

(2) The report shall be in Form 3.

23. Where, under section 63 of the Act, a medical officer of health has given permission for the removal of a person suffering from tuberculosis, or consents to change of residence of an occupant of a house in which tuberculosis exists, to a place outside the jurisdiction of that medical officer of health, he, forthwith after giving his permission or consent, shall so notify

- (a) the Director of the Division of Tuberculosis Prevention in the Department, and
- (b) the medical officer of health whose jurisdiction the patient, or occupant, is entering.

DISPOSAL OF CORPSES

24. Where a person infected with a communicable disease dies, the person who signs the medical certificate of death under subsection 4 of section 16 of *The Vital Statistics Act* shall report the death to the medical officer of health within 12 hours after signing the certificate.

25. Regulations 26, 27, and 28 apply to the corpse of a person who dies of or while he is isolated for

- (a) Asiatic cholera, or
- (b) diphtheria, or
- (c) meningo-coccal meningitis, or
- (d) plague, or
- (e) poliomyelitis, or
- (f) scarlet fever, or
- (g) smallpox.

26.(1) As soon as practicable after death occurs, the person having custody of the corpse shall place it, or cause it to be placed, in a coffin of sound construction.

(2) Where the deceased was infected with smallpox, the coffin shall be hermetically sealed.

(3) The coffin shall

- (a) be closed forthwith after the corpse is placed in it, and
- (b) not be opened except as directed by the medical officer of health in whose jurisdiction it is located.

(4) No person shall remove a corpse from the isolation room until there has been compliance with

- (a) subregulation 1, and
- (b) subregulation 2, if applicable.

(5) A corpse shall be buried, cremated, or incinerated, within 24 hours after the person has died.

(6) Where a person has died in a public hospital, or an isolation hospital, the corpse shall be removed from the hospital directly to the place of burial, cremation, or incineration.

27. No person shall attend a funeral of a corpse mentioned in regulation 25, except

- (a) persons who dwell in the house in which the person died, but are no longer isolated, and
- (b) other persons expressly permitted by the medical officer of health to attend that funeral.

28. No person shall deliver a corpse mentioned in regulation 25 to a carrier for transportation or carriage unless the corpse is enclosed in a coffin of sound construction satisfactory to the medical officer of health, and the coffin is enclosed in an outer case sufficiently strong to ensure that the coffin and the hermetical sealing, if any will not be broken throughout the transportation or carriage.

REVOCATION

29. Ontario Regulations 58/45, 140/48, and 1/51, are revoked.

THE MINING ACT

O. Reg. 7/54.
Boring Permits for Petroleum and Natural Gas.
New and Revoking Regulations 296 of Consolidated Regulations 1950, and Revoking O. Regs. 314/52 and 2/53.
Made—7th January, 1954.
Filed—19th January, 1954.

REGULATIONS MADE BY THE MINISTER UNDER THE MINING ACT

BORING PERMITS

1.(1) A boring permit authorizing the holder thereof to prospect for petroleum and natural gas in that part of Ontario lying north of the transcontinental railway shall be in form 1.

(2) A boring permit shall be issued only upon application to the Minister therefor in form 2.

(3) The application shall be accompanied by

(a) a sketch and description of the area for which application is made,

(b) a statement showing the financial ability of the applicant to undertake the work outlined in his application, and

(c) the annual fee for the first year of the term of the permit.

2.(1) The permit shall be for an area specified by the Minister from the area applied for in the application.

(2) The boundaries of the area shall be on bearings astronomically north, east, south, and west, and no boundary shall be more than 10 miles in length.

3.(1) The permit shall be for a term of 3 years.

(2) The annual fee for the permit shall be \$200.

4. No person shall apply for, hold, or acquire, more than 3 permits in any 12-month period.

5.(1) Where during the term of a permit the holder thereof drills or causes to be drilled, in the area specified in the permit, one well to the pre-Cambrian horizon the Minister may, at the end of the term of the permit upon application in writing by the holder thereof, issue a new permit to the applicant for the same area as specified in the expiring permit.

(2) The new permit shall be issued subject to

(a) the same terms and conditions as the expiring permit, and

(b) the holder thereof drilling or causing to be drilled, another well to the pre-Cambrian horizon in the first year of its term.

(3) A permit issued under subregulation 1 shall not be renewable.

6. A permit, or any interest therein, shall not be transferred without the consent in writing of the Minister or Deputy Minister.

7. Within 90 days from the date of issue of the permit, the holder shall enter, and commence and continue operations, upon the area specified in the permit for the purposes of boring and prospecting for natural gas and petroleum.

8. The holder of a permit shall expend

(a) during the first year of the term of the permit

(i) a sum averaging \$50 a square mile, or

(ii) \$2,500,

whichever is the greater, and

(b) during each of the second and third years of the term of the permit

(i) a sum averaging \$100 a square mile, or

(ii) \$2,500,

whichever is the greater,

in geological or geophysical examination, boring, prospecting, or other exploratory work, on the area specified in the permit.

9. Where, during any year of the term of the permit, the holder expends an amount greater than he is required to do under regulation 8 for that year, the

holder shall be entitled to credit the excess amount against the sum prescribed to be expended by regulation 8 during the following year or years, if any, of the term of the permit.

10.(1) Within 90 days after each anniversary date of the date of issue of the permit, the holder shall submit a sworn statement to the Minister

- (a) detailing the amount and manner of all expenditures made by him,
- (b) giving full particulars of work and operations carried on by him,

during the previous 12-month period on the area specified in the permit.

(2) Where the Minister is not satisfied by the sworn statement of the holder of a permit that the holder has expended the sums prescribed by clause *a* or *b*, as the case may be, of regulation 8 during any year of the term of the permit for which the statement has been submitted, the Minister may send a notice by registered mail to the holder, at his address on the statement, requiring the holder to submit such further details as may in the opinion of the Minister be necessary to prove that the expenditure complies with regulation 8.

11. While a permit is in force the holder thereof shall have the sole and exclusive right to prospect and bore for petroleum and natural gas on the area specified in the permit.

12. A permit shall not grant the right to prospect for mines and minerals other than petroleum and natural gas and shall not limit the staking or acquiring of other mines and minerals under the Act.

13. A permit shall not be construed as authorizing the cutting or removal of trees or timber, but where the trees or timber are not covered by a timber licence or permit to cut them, the holder of the permit may on application be granted permission to cut and use such trees or timber as he may require in his operations or for fuel purposes on such terms and conditions as the Minister of Lands and Forests may impose.

NATURAL GAS AND PETROLEUM LEASES

14.(1) Where the Minister

- (a) is satisfied that a well drilled in the area specified in a permit has ascertained the presence of petroleum or natural gas in commercial quantities upon the area, and
- (b) sends a notice thereof by registered mail to the holder of the permit at his last known address recorded with the Department,

the holder shall, within 90 days after the date of the notice, make a preliminary application for a lease of lands of not more than 50 per cent of the area specified in his permit.

(2) Within 6 months after making his preliminary application or such further period of time as the Minister may authorize, the applicant shall have the lands to be included in the lease surveyed and laid out by an Ontario Land Surveyor into blocks in the manner prescribed by regulation 15.

15.(1) Where the first line of the survey is latitudinal, it shall be

- (a) surveyed on a course astronomically east or west, as the case may be, from its point of origin, and shall be the base line of the survey.

(2) Where the first line of the survey is longitudinal, it shall be

- (a) surveyed on a course astronomically north or south, as the case may be, from its point of origin, and shall be the base line of the survey.

(3) Each block shall have an area of 1 square mile.

(4) Where a base line is surveyed under subregulation 1, each block shall have

- (a) the latitudinal limits thereof surveyed on lines parallel to the base line, and
- (b) the longitudinal limits thereof surveyed on lines at right angles to the base line.

(5) Where a base line is surveyed under subregulation 2, each block shall have

- (a) the longitudinal limits thereof surveyed on lines parallel to the base line, and
- (b) the latitudinal limits thereof surveyed on lines at right angles to the base line.

(6) Each limit of a block shall be 1 mile in length.

(7) Any two blocks may have a common corner but no limit of any block shall be

- (a) contiguous to the limit of another block, or
- (b) closer than 1 mile to the parallel limit of another block.

16. The applicant shall, within 30 days after the completion of the survey

- (a) complete his final application by submitting a plan and description of the lands to be included in the lease, and
- (b) file with the Department the returns of survey.

17.(1) Where the Minister has accepted an application for a lease and the applicant has complied with regulations 15 and 16 the Minister may issue to the applicant a lease authorizing the holder thereof to prospect for and recover petroleum and natural gas.

(2) The lease shall be in form 3.

(3) The annual rental shall be at the rate of 50 cents an acre.

(4) The term of the lease shall be 21 years.

(5) Royalties shall be payable to the Minister on natural gas and petroleum as follows:

- (a) on all natural gas produced whether consumed on the premises or sold or otherwise disposed of, $1\frac{1}{2}$ cents per 1000 cubic feet; and
- (b) on all petroleum, 10 per cent of the actual value at the well-head.

18. Where commercial production of petroleum or natural gas is obtained, and where at any time before the expiry of the lease the Minister is satisfied that the productive life of the lease is longer than the term thereof, he may renew the lease for successive periods of not more than 21 years each.

19. The lease, or any interest therein, shall not be assigned or sub-let without leave in writing of the Minister or Deputy Minister.

20. The lessee shall

- (a) keep a record of all petroleum and natural gas produced, sold, or otherwise disposed of, each year from each well, and
- (b) within 30 days after each anniversary date of the lease, submit to the Minister a sworn statement showing the quantity and actual value at the well-head of all natural gas and petroleum during the previous 12-month period.

21. The Minister or any person authorized by him may at any time enter upon the lands described in the lease and examine all books, records, and papers, used or kept in connection with operations of the lessee on the lands.

GENERAL

22. The holder of a permit or the lessee, as the case may be, shall

- (a) within 90 days after the completion of a well, furnish the Minister with a detailed log of the well and a plan indicating the location and elevation of the well,
- (b) furnish the Minister with any and all other information obtained in drilling the well,
- (c) make available to the Minister for examination, at all times, all cores and cuttings,
- (d) submit to the Minister full reports and plans of all geological or geophysical examinations, boring, prospecting, or other exploratory work, within 90 days after the completion of each examination, boring, prospecting, or other exploratory work.

23. If default is made

- (a) in the performance or observance of the terms and conditions of a permit, or of the Act or these regulations respecting the permit, or
- (b) by a lessee in payment of rent or royalties, or both, or of the Act or these regulations respecting his lease,

and the default is not remedied within 30 days after notice has been delivered or sent by registered post to the holder of the permit or the lessee, as the case may be, at his last known address recorded with the Department, setting forth the default and calling upon him to remedy the default, the Minister may forthwith

- (c) in the case of a permit, cancel the permit, or
- (d) in the case of a lease, declare the lease forfeit and void.

24. Where a lease has been issued to holder of a permit in respect of a portion of the area specified in the permit, and if, at the date of issuing the lease, the permit has not expired, the permit shall be deemed to be cancelled, and any land within the area specified by the permit but not included in the lease may be disposed of in accordance with the Act and any regulations thereunder.

REVOCATION

25. Regulations 296 of Consolidated Regulations of Ontario 1950, and Ontario Regulations 314/52 and 2/53, are revoked.

P. T. KELLY
Minister of Mines.

Dated at Toronto this 4th day of December, A.D. 1953.

THE THEATRES ACT, 1953

O. Reg. 28/54.
General Regulations.
New and Revoking O. Reg. 10/44.
Made—25th February, 1954.
Filed—26th February, 1954.

REGULATIONS MADE UNDER THE THEATRES ACT, 1953

GENERAL REGULATIONS

INTERPRETATION

1. In these regulations

- (a) "Class A fire-door" means hollow-metal, metal-clad, sheet-metal, steel, or 3-ply tin-clad, door approved by the Director for installation in openings in fire-walls;
- (b) "Class B fire-door" means hollow-metal, metal-clad, sheet-metal, steel, or 2-ply tin-clad, door approved by the Director for installation in stairways and vertical communication-ways and openings leading thereto, except in fire-walls;

- (c) "film-exchange premises" means premises occupied by, and under the control of, a person operating the business of a film exchange;
- (d) "news-reel" means film of 1 reel in length giving news of recent events and items of public interest;
- (e) "silent-film subject" means subject not adapted for the reproduction of synchronized dialogue, music, or any other sound-effects;
- (f) "sound-film subject" means subject adapted for the reproduction of synchronized dialogue, music, or any other sound-effect; and
- (g) "trailer" means film used only for advertising purposes.

EXEMPTIONS

2.(1) Every 16-millimetre projector owned and used by

- (a) a church, school, hospital, or charitable organization, or
- (b) an industrial organization for advertising or instructional purposes,

is exempt from the provisions of the Act and of the regulations.

(2) Film-exchange premises in which the film handled or stored is entirely of the slow-burning type are exempt from the provisions of regulations 44, 49, 50, and 52, and subregulations 1, 2, and 3, of regulation 53, and regulations 54, 55, 56, and 57.

PART 1

BUILDING PLANS

3.(1) The plans to be submitted to the Director under section 54 of the Act shall be

- (a) in duplicate,
 - (b) drawn to a scale of not less than $\frac{1}{8}$ inch to the foot, and
- (2) The plans shall consist of
- (a) a plot-plan showing
 - (i) the location of the building, and
 - (ii) the means of egress to public streets, lanes, or highways;
 - (b) a floor-plan for each floor of the theatre or premises; and
 - (c) elevation-plans of
 - (i) longitudinal sections, and
 - (ii) latitudinal sections.

(3) Subject to subregulation 4, the plans shall be prepared and certified by a registered member of

- (a) the Ontario Association of Architects, or
- (b) the Association of Professional Engineers of the Province of Ontario.

(4) Subject to *The Architects Act* and *The Professional Engineers Act*, where the proposed alterations to a building are, in the opinion of the Director, of a minor nature, he may accept plans prepared and certified by a person who is not a registered member of either of the associations named in subregulation 3.

(5) Specifications of construction prepared and certified in the same manner as the plans shall be submitted with the plans.

PART 2

CONSTRUCTION OR ALTERATION OF BUILDINGS, GENERALLY

4. Construction or alteration of a theatre or of film-exchange premises shall be supervised by

- (a) a registered member of either of the associations named in subregulation 3 of regulation 3, or
- (b) when so authorized by the Director, by a building inspector of a municipality in which there is a building by-law.

5.(1) Every outside wall of a theatre shall be of brick, tile, concrete, stone, or other fire-resistive construction.

(2) The roof and roof supports of a theatre shall be of fire-resistive construction.

(3) All floors in a theatre shall be of concrete, steel, or other fire-resistive construction, throughout.

(4) Every ceiling of a theatre shall be of

- (a) expanded-metal lath, or gypsum lath, covered with fire-resistive plaster, or
- (b) any other fire-resistive material approved by the Director.

(5) All partitions forming lobbies, foyers, vestibules, stages, and exits, of a theatre shall be of fire-resistive construction.

(6) Partitions other than those specified in subregulation 5, when erected on a concrete floor, may be of wood-studding where

- (a) that studding is lathed on both sides with expanded-metal lath or gypsum lath,
- (b) the lath is plastered, and
- (c) the plaster runs from floor to ceiling and behind all trim.

(7) Entrance doors to a theatre may be of wood, glass, or wood-and-glass, construction.

(8) Every door in a theatre, other than an entrance door, opening from lobbies, foyers, stages, and emergency-exit passages, shall be a fire-door of Class A or Class B according to the location of the door.

(9) Every fire-door installed under subregulation 8 shall be

- (a) in a metal-clad frame, and
- (b) equipped with a self-closing device approved by the Director.

(10) Subregulations 1 to 9, both inclusive, do not apply to Class D theatres.

ENTRANCE, LOBBY, STAIRWAYS, AND EXITS

6.(1) The entrance doors of a theatre shall provide not less than 10 feet clear width when fully opened.

(2) The lobby shall be

- (a) not less than
 - (i) 10 feet wide, and
 - (ii) 10 feet deep, and
- (b) kept unobstructed.

7.(1) Every stairway shall be

- (a) of concrete, steel, or other fire-resistive construction, and
- (b) without winders.

(2) The corner of every turn-landing on a stairway shall be rounded to a radius of not less than 18 inches.

(3) Every stairway intended for use by the public shall

- (a) be not less than 3 feet 6 inches clear width, and
- (b) be equipped with continuous hand-rails on each side.

8.(1) In every theatre there shall be not fewer than 2 emergency exits from the auditorium.

(2) For each floor having a seating capacity of not more than 750, each exit shall not be less than 5 feet clear width.

(3) Where a floor has seating capacity more than 750, an additional exit, of not less than 5 feet clear width, shall be provided for each additional 300 seats or part thereof.

(4) Where a balcony in a theatre auditorium has a seating capacity of more than 300, an additional emergency exit, of not less than 5 feet clear width, from the balcony shall be provided for each additional 200 seats or part thereof.

(5) Each exit shall be indicated by an illuminated sign displaying the word EXIT in letters not less than 4 inches high.

(6) The illuminated sign shall be so located that the word EXIT thereon is clearly seen from every part of the auditorium.

(7) Every exit shall open to, or lead to, a public street, highway, or lane, or to an unobstructed private lane or passageway, that opens to a public street or highway.

(8) Every private lane or passageway under subregulation 7 shall be

- (a) not less than 6 feet wide,
- (b) well lighted, and
- (c) kept unobstructed at all times that the public is in the theatre.

(9) Where the sill of an exit is not on the grade level of the street, highway, lane, or passageway, there shall be a fire-escape, stairway, or ramp, leading down from the sill.

(10) A ramp shall have a gradient not greater than 1 in 6.

(11) Every fire-escape shall be

- (a) of metal,
- (b) solidly constructed,
- (c) continuous from exit to ground, and
- (d) maintained in good condition by weather-resistant paint.

(12) Each emergency-exit door shall be tested each day at the time of opening the theatre for the admission of the public.

9.(1) Every door leading out of the theatre shall open outwards.

(2) Each door, other than an entrance door, shall be equipped with panic-bolt hardware, of the push-bar type, or other type approved by the Director.

(3) From the time the public are first admitted for a performance until after every member of the public has left the theatre, no door leading out of the theatre shall be fastened by any means other than by approved panic-bolt hardware.

SEATING AND AISLES

10.(1) Except in the boxes, all seats in any part of the auditorium of a theatre shall be

- (a) securely fastened to the floor,
- (b) not less than 18 inches wide, and
- (c) spaced so that the interval between rows of seats is not less than 32 inches measured from the back of one row to the back of the row in front of it.

(2) A row of seats having an aisle

- (a) at only one end, shall contain not more than 8 seats, and
- (b) at each end, shall, subject to subregulation 3, contain not more than 15 seats.

(3) Where

- (a) seats are arranged in rows spaced at an interval of not less than 40 inches measured from the back of one row to the back of the row in front of it, and
- (b) there are not less than 4 emergency-exits, each not less than 5 feet clear width, located on the sides of the auditorium in positions approved by the Director.

the Director may approve arrangement of those seats in rows containing more than 15 seats between aisles.

11.(1) Every aisle shall extend unobstructedly from front to rear of the auditorium of a theatre.

(2) On any floor or balcony having a total seating capacity of not more than 300

- (a) there shall be at least one aisle, and
- (b) if only one aisle, it shall be a centre-aisle, and
- (c) each aisle shall have not less than 3 feet 6 inches clear width.

(3) On any floor or balcony having a total seating capacity more than 300 but not more than 500, there shall be at least 2 aisles and each aisle shall have not less than 3 feet 6 inches clear width.

(4) On any floor or balcony having a total seating capacity more than 500 but not more than 750, there shall be at least 2 aisles and each aisle shall have not less than 4 feet 6 inches clear width.

(5) On any floor or balcony having a total seating capacity more than 750 but not more than 1,000, there shall be at least 2 aisles and each aisle shall have not less than 5 feet 6 inches clear width.

(6) On any floor or balcony having a total seating capacity more than 1,000, there shall be at least 3 aisles and each aisle shall have not less than 5 feet 6 inches clear width.

12. Leading to each emergency exit from a theatre, there shall be a cross-aisle not less than 5 feet clear width.

PROSCENIUM, STAGE, AND SCENERY

13. Every proscenium opening in a theatre shall be surmounted by an iron or steel girder

- (a) of sufficient strength to carry the entire load bearing on it, and
- (b) protected by a covering of fire-resistive construction.

14. A stage-floor of a theatre shall be of concrete construction but may be covered with wood flooring laid directly upon the concrete without any intervening air-space.

15. The roof of the stage of a theatre shall be equipped with a skylight, or a ventilating device,

- (a) extending not less than 5 feet above the roof, and
- (b) controlled
 - (i) manually from the stage-floor, and
 - (ii) automatically in the event of fire occurring in the stage-area.

16.(1) All grids and fly-galleries of the stage of a theatre shall be constructed of fire-resistive materials.

(2) A fly-gallery to which there is only one means of access shall be provided with a rope ladder or other means of egress for use in emergency.

17.(1) From the stage-area of a theatre there shall be at least one emergency exit not less than 3 feet 6 inches clear width.

(2) Subregulations 5, 7, 8, 9, 10, 11, and 12, of regulation 8, and subregulation 1 of regulation 9, shall apply to emergency exits from the stage-area.

18. All scenery and scenic effects that are not of fire-resistive construction in a theatre shall be at all times maintained in fire-retarding condition by flame-proofing processes approved by the Director.

19. All stage-platforms and other equipment in a theatre not governed by regulation 18 shall be of fire-resistive construction.

20.(1) Every Class A or Class B theatre shall have, in the stage-area, at least 2 toilet-rooms for the use of artists and of employees.

(2) Each toilet-room shall contain one toilet-bowl and one wash-basin.

(3) There shall be at least one toilet-room for use by men and one for use by women, and they shall be conspicuously marked accordingly.

21.(1) Every Class A or Class B theatre shall have for use by the artists, dressing rooms

- (a) of fire-resistive construction,
- (b) well lighted,
- (c) ventilated to the open air,
- (d) equipped with wash-basins furnished with running water, and
- (e) of dimensions approved by the Director.

(2) Where it is intended to exhibit shows or theatrical performances in a theatre there shall be at least 2 dressing rooms.

22.(1) Moveable scenery shall not be used in a theatre unless the theatre has a fire-wall

- (a) of brick, concrete, or other equally fire-resistive material,
- (b) not less than 14 inches thick,
- (c) extending not less than 4 feet above the roof of
 - (i) the auditorium, or
 - (ii) the stage,whichever is the lower, and

(d) so constructed that it, including any fire-doors in it, separates the auditorium from the stage completely except with respect to the proscenium opening.

(2) The proscenium opening shall be provided with a protective curtain

- (a) of fire-resistive construction,
- (b) extending not less than 12 inches beyond the top and each side of the opening, and
- (c) when lowered, kept in place by wire side-guides in strong metal-channels.

(3) The protective curtain shall be raised at the commencement, and lowered at the conclusion, of each performance.

PATRONS' REST ROOMS

23.(1) Each theatre shall have at least 2 rest rooms, one of which shall be for use by male patrons and one for use by female patrons.

(2) Every rest room shall be

- (a) ventilated to the open air, and
- (b) provided with running water.

(3) In each theatre, other than a Class D theatre, the rest rooms shall have for the seating capacity of the theatre in column 1 of the Table, the toilet-facilities set opposite thereto in columns 2 and 3:

TABLE

	COLUMN 1	COLUMN 2	COLUMN 3
Item	Seating capacity of theatre	Male patrons' rest room	Female patrons' rest room
1	Less than 299	1 urinal, 1 toilet-bowl, 1 wash-basin	1 toilet-bowl, 1 wash-basin
2	300 to 499	2 urinals, 1 toilet-bowl, 1 wash-basin	2 toilet-bowls, 1 wash-basin
3	500 to 749	2 urinals, 2 toilet-bowls, 1 wash-basin	3 toilet-bowls, 1 wash-basin
4	750 to 1,000	3 urinals, 3 toilet-bowls, 2 wash-basins	4 toilet-bowls, 2 wash-basins
5	In addition to Item 4 for every 300, or fraction thereof, in excess of 1,000	1 urinal, 1 toilet-bowl, 1 wash-basin	1 toilet-bowl, 1 wash-basin

(4) In a Class D theatre the rest rooms shall have for the vehicle capacity of the theatre in column 1 of the Table, the toilet-facilities set opposite thereto in columns 2 and 3:

TABLE

	COLUMN 1	COLUMN 2	COLUMN 3
Item	Vehicle capacity of theatre	Male patrons' rest room	Female patrons' rest room

2	400 to 549	2 urinals, 2 toilet-bowls, 1 wash-basin	3 toilet-bowls, 1 wash-basin
3	550 to 699	3 urinals, 3 toilet-bowls, 2 wash-basins	4 toilet-bowls, 2 wash-basins
4	700 to 849	4 urinals, 3 toilet-bowls, 2 wash-basins	4 toilet-bowls, 2 wash-basins
5	850 to 1,000	5 urinals, 3 toilet-bowls, 2 wash-basins	5 toilet-bowls, 2 wash-basins

LIGHTING

24.(1) Each theatre, other than a Class D theatre, shall be provided with lighting equipment for the aisles, corridors, stairways, emergency exits, and passageways, on a circuit or circuits separate from those providing the lighting of the auditorium, lobby, foyer, rest rooms, and stage area.

(2) The arrangement and use of the lighting equipment, apparatus, or furnishings, shall be approved by the Director.

(3) Corridors, stairways, passageways, rest rooms, foyers and lobbies, shall be kept lighted at all times when the public has access to the theatre.

(4) Exterior lighting, and lighting in passageways, shall be lighted at all times from sunset until all patrons have left the theatre.

25.(1) Each theatre, other than a Class D theatre, shall have an emergency lighting-system for the auditorium and all emergency exits, stairways, corridors and passageways.

(2) The system shall be provided with electricity by storage batteries or generators.

(3) The equipment, apparatus, furnishings, and use, of the emergency system shall be approved by the Director.

(4) The emergency lighting-system shall conform to Part XXI of Ontario Regulations 324/51.

FIRE-SAFETY

26. In a theatre all carpeting and other floor coverings, and drapes and wall fabrics, that are not of fire-resistive material shall be at all times maintained in fire-retarding condition by flame-proofing processes approved by the Director.

27.(1) In every projection room of a theatre there shall be at least 3 pieces of fire-extinguishing equipment of a type approved by the Director.

(2) In each theatre, other than a projection room thereof, there shall be at least 4 pieces of fire-extinguishing equipment of a type approved by the Director for the fire-hazard in the area in which the equipment is installed.

(3) In every Class A or Class B theatre located in an area of a municipality served by a water-works system, the fire-extinguishing equipment in the stage area shall consist of stand-pipes, hoses, and nozzles, approved by the Director.

(4) The equipment prescribed under subregulation 3 shall be in addition to equipment required under subregulation 2 to combat fire-hazards for which water is not suitable.

28.(1) The bottom of any decorative wall-fabric in a theatre shall be at least 7 feet above the floor beneath it.

(2) Fibre-boards or pulp-boards may be used as decorative wall-fabric

(a) over a plaster or masonry wall, when applied thereto by mastic, or

(b) over a masonry wall when applied thereto by wood strips that have been flame-proofed in a manner approved by the Director.

29. Accoustical-corrective materials in a theatre shall be

(a) of fire-resistive construction, and

(b) firmly secured to fire-resistive walls or ceilings.

HEATING, VENTILATING, AND AIR CONDITIONING

30.(1) No furnace-room of any theatre shall be located under the entrance, exit-passages, or auditorium,

(2) The walls of a furnace-room shall be

(a) not less than 8 inches thick, and

- (b) of stone, brick, concrete, concrete-block, or other material having equally fire-resistive properties.
- (3) The ceiling and floor of a furnace-room shall be of materials prescribed by clause *b* of subregulation 2.
- (4) The entrance to the furnace-room shall be provided with a Class A fire-door that
 - (a) closes automatically, and
 - (b) remains in a closed position except when used for the egress or ingress of persons.
- (5) No fuel shall be stored in a furnace-room.
- (6) An opening between a furnace-room and a fuel-room shall be not greater than
 - (a) 30 inches wide, and
 - (b) 6½ feet high.
- (7) The walls, ceiling, and floor, of a fuel-room shall be of fire-resistive construction.

HEATING AND VENTILATING SYSTEMS

31.(1) This regulation applies to the design and construction of systems of ducts, and of all equipment, apparatus, or furnishings in connection therewith, for heating, ventilating, or air-conditioning, of theatres or film-exchange premises, whether the system is installed at the time of, or subsequent to, construction of the building.

(2) All material to be used in a system shall be approved by the Director.

(3) Every system shall be so constructed as to minimize as far as practicable all hazard of fire or smoke spreading through the system.

(4) Regulation 3 shall apply to the plans for construction, installation, or alteration, of a system in the same manner as though the system were a building.

PROJECTION ROOMS

32.(1) The ceiling, floor, and outer walls of a projection room in a theatre shall be of hollow tile, cement, brick, or other material having equally fire-resistive properties.

(2) The outer walls of a projection room shall be not less than 6 inches thick.

(3) The room in which the projector and sound equipment are installed shall not be less than 16 feet wide, 12 feet deep, and 10 feet high.

(4) Adjoining that room shall be a rewind room that is

- (a) not less than 6 feet wide by 8 feet deep, and
- (b) constructed of a material prescribed in subregulation 1.

(5) Partition walls in a projection room shall be

- (a) of a material prescribed in subregulation 1, and
- (b) not less than 4 inches thick.

33. The projection room in a theatre shall have a means of emergency egress on the side opposite from the entrance.

34. Every door in any wall of the projection room in a theatre shall be

- (a) a Class B fire-door,
- (b) installed in a metal-clad frame so as to open outwards,
- (c) equipped with a self-closing device approved by the Director, and
- (d) left unfastened while a projectionist is in the room.

35.(1) Every port-hole opening in a wall of a projection room in a theatre shall be equipped with a self-closing steel-shutter not less than 1/16th inch thick.

(2) Each shutter shall be provided with a safety link that will fuse at a temperature between 140 degrees and 160 degrees Fahrenheit.

(3) Each shutter shall be so installed that it may be closed individually as well as collectively.

(4) All the shutters shall be connected to a collective release-mechanism so that they may all be closed manually at the same time.

(5) The cord, lever, or switch, controlling the release-mechanism shall be located at the side of the entrance door to, and inside, the room in which the projector and sound equipment are installed.

36.(1) Every projection room in a theatre shall be equipped with an exhaust ventilation-fan sufficient to effect a complete change of air every 3 minutes.

(2) The fan

(a) shall ventilate

- (i) the projection room,
- (ii) the arc-lamp housings,
- (iii) the rewind room, and
- (iv) the generator room, and

(b) shall be mounted in a stack

- (i) not less than 18 inches diameter, and
- (ii) terminating in the open air.

(3) Where a damper is installed in an exhaust system it shall be of a type that automatically opens to the fullest extent while the fan is operating.

(4) In each projection room there shall be a toilet-bowl and a wash-basin with running water.

37.(1) The arrangement or use of projection equipment in a theatre shall be approved by the Director.

(2) All equipment, apparatus, or furnishings, other than projection equipment, shall be of fire-resistive construction.

38. Regulations 6 to 19, both inclusive, and regulations 22, 26, 28, 29, 30, and 31, do not apply to Class D theatres.

CLASS D THEATRES

39.(1) Subregulations 2 to 6, both inclusive, apply only to Class D theatres.

(2) Every screen tower shall be designed, and constructed, to withstand a horizontal wind-pressure of not less than 30 pounds for each square foot of surface exposed or likely to be exposed to wind.

(3) A screen tower shall

- (a) have steel framing, or
- (b) be of masonry reinforced with steel.

(4) Notwithstanding subregulation 1 of regulation 32 the ceiling of a projection room may be constructed of expanded metal-lath, or gypsum lath, covered with not less than $\frac{1}{4}$ inch of fire-resistive plaster.

(5) All entrance, and exit, driveways shall

- (a) be adequately lighted, and
- (b) remain so lighted at all times that members of the public are in the theatre.

(6) A loud speaker shall be provided for each vehicle parked in a position so that the occupants thereof may view the screen.

PART 3

PROJECTIONISTS

40. A projectionist shall have his licence in his possession at all times that he is in a projection room, and shall produce it when so required by an Inspector.

41. No projectionist shall

- (a) smoke, or permit smoking, in the projection room; or
- (b) have in the projection room any reading material other than
 - (i) copies of any statutes or regulations relating to his duties, or to projection equipment, and
 - (ii) technical publications relating to projection equipment;
- (c) permit any person to be, or remain, in the projection room while an audience is in the theatre, except
 - (i) an inspector, or
 - (ii) the person in charge of the theatre or his representative, or
 - (iii) a holder of a projectionist licence, or
 - (iv) any person authorized by law to be in the projection room for any particular purpose; or
- (d) operate, or permit the operation of, any projection equipment which he knows to be defective; or
- (e) use defective or overloaded reels.

42. Every projectionist shall

- (a) keep the projection room clean and free of all articles not required for the proper operation of projection equipment;
- (b) take all steps necessary to ensure that the
 - (i) projection equipment,
 - (ii) port-hole shutters,

(iii) fire-fighting equipment, and

(iv) emergency-lighting system,

are at all times in good repair and working condition;

(c) close all port-hole shutters after the last exhibition each night;

(d) examine and test the projection equipment before each exhibition;

(e) inspect and keep in good repair all film in his charge; and

(f) ensure that film is

- (i) rewound or revised only in the rewind room,
- (ii) exposed only while being transferred to or from the projector for rewinding or revising, and
- (iii) while not in use, kept in fire-resistive containers having separate individual compartments equipped with self-closing lids.

43.(1) Except under the direct supervision of a projectionist holding a first-class or second-class, licence, no person holding an apprentice licence shall operate projection equipment.

(2) Where two or more persons holding projectionist licences of different classes are employed at the same time in a projection room, the person holding the projectionist licence with the higher classification shall be responsible for the operation and maintenance of the equipment and the discipline of persons in the projection room.

(3) Where two or more persons holding projectionist licences of the same class are employed at the same time in a projection room, they shall be severally and jointly responsible for the operation and maintenance of the equipment, and the discipline of persons in the projection room.

PART 4

FILM EXCHANGES

44.(1) That portion of film-exchange premises in which film is stored, revised or handled, shall be separated from other portions of the premises on each floor by a fire-wall of brick, tile, concrete, stone, or other fire-resistive construction.

(2) Every opening in the fire-wall shall have a Class A fire-door, installed in a metal-clad frame, and equipped with a self-closing device approved by the Director.

45.(1) Each room in which film is handled in film-exchange premises shall have at least 1 exit door

- (a) not less than 30 inches in width, and
- (b) installed so as to open outwards with the line of exit travel.

(2) At least 1 exit door in the revising room in film-exchange premises shall

- (a) comply with subregulations 9, 10, and 11, of regulation 8, and subregulation 2 of regulation 9, or
- (b) lead either directly, or indirectly through an unobstructed passageway, to a fire-door in the fire-wall separating the portion of the premises in which film is handled from other portions of the film-exchange premises,

(3) A room in film-exchange premises in which film is examined or handled shall have at least 35 square feet of floor area for each person regularly employed in the room.

46. A projection room of film-exchange premises shall comply with subregulations 1 and 2 of regulation 32, regulation 33, 34, 35, 36 and 37.

47.(1) Screening rooms in film-exchange premises shall have a seating capacity for not more than 35 persons.

(2) Every screening room shall have at least 1 emergency exit not less than 30 inches in width.

(3) Where there is more than 1 emergency exit the exits shall be located as far apart as practicable.

FIRE-SAFETY

48. All equipment, apparatus or furnishing used in the portion of film-exchange premises where films are handled or stored, shall be of a type approved by the Director.

49. All advertising materials in connection with films or the exhibition thereof, shall be stored in a room separate from a room in which film is handled or stored.

50.(1) Vaults for the storage of film in film-exchange premises shall

(a) have not more than 750 cubic feet of storage-space,

(b) have walls constructed of

(i) brick not less than 8 inches in thickness, or

(ii) reinforced concrete, of a type approved by the Director, not less than 6 inches in thickness,

(c) have a floor, and a roof, of reinforced concrete, of a type approved by the Director, at least 6 inches in thickness but where there is a floor above the vault floor complying with the requirements for a vault roof and walls of the vault extend to the lower surface of that floor, it may be used as the vault roof,

(d) be supported by

(i) masonry, or

(ii) steel beams of sufficient strength to carry the load bearing on them safely and each end of the beams to rest on a steel girder, or steel column, or a wall, or pier, of masonry, of sufficient strength to carry the entire load bearing on it,

(e) be provided with a drain leading to the outside of the building, and

(f) be located as far as practicable from any source of heat.

(2) Each vault shall have the door-opening protected by 2 approved Class A fire-doors,

(a) one on the inside face, and

(b) the other on the outside face of the vault wall.

(3) The interior door of a film-vault shall be of a self-closing type and the exterior door shall be of the swinging, self-closing type approved by the Director.

(4) The doors of a film-vault shall be fitted into steel frames and the outside frame shall be so constructed that the exterior door when closed prevents the passage of flame around the edges thereof.

(5) Each vault shall have a separate venting system leading from the vault to the exterior of the film-exchange premises.

(6) All materials used in the system shall be approved by the Director.

51.(1) Where there are elevators in film-exchange premises, the elevators shall be of the fully enclosed type.

(2) In subregulation 1, elevator has the same meaning as in *The Factory, Shop and Office Building Act*.

52. All stairways in buildings in which there are film-exchange premises shall be fully enclosed, with openings at each floor-level protected by Class B fire-doors of the self-closing type hinged so as to open outwards with the line of exit travel.

53.(1) The portion of film-exchange premises in which film is handled or stored, other than the projection room, shall be equipped with an automatic sprinkler system of

(a) the wet-pipe type, or

(b) the empty-pipe type installed with open sprinkler-heads.

(2) The sprinkler-heads of the automatic sprinkler system, other than those in vaults used for the storage of film, shall be so spaced that each 64 square feet of floor area is protected by at least 1 sprinkler-head.

(3) Vaults used for the storage of film shall have at least 1 sprinkler-head for each 62½ cubic feet of vault-storage space, and the sprinkler-heads of a wet-pipe system shall be equipped with baffles.

(4) A projection room in film-exchange premises shall have at least 2 pieces of fire-extinguishing equipment of a type approved by the Director.

PART 5

STORAGE AND HANDLING OF FILM

54.(1) Except during the actual time of handling or revising film, all film on film-exchange premises shall be kept in closed metal-containers.

(2) Film stored in vaults in film-exchange premises shall be kept on edge on metal storage-racks.

(3) Film and film-cement only, shall be stored, or kept, in vaults used for the storage of film.

(4) All film other than that

(a) prepared for shipment from the film-exchange premises, or

(b) being handled or revised,

shall be stored in vaults.

55. No person engaged in mounting, repairing or revising film, shall have exposed, or permit to be exposed, more than 1 double reel at the same time.

56.(1) A self-closing standard waste-receptacle of a type approved by the Director shall be provided for each person engaged in mounting, revising, or repairing, film.

(2) During mounting, repairing, or revising film, the receptacle shall contain water to at least half its capacity.

(3) The person mounting, repairing, or revising film, shall place all film-scrap, or cuttings from film, into the receptacle.

(4) All receptacles shall be emptied daily.

57.(1) Salvage-film shall be placed in a closed metal, or wood container, having a storage-capacity for not more than 200 pounds of film.

(2) Where salvage-film in containers is kept in film-exchange premises over night, it shall be stored in a vault used for storage of film, but not more than 500 pounds of salvage-film shall be so stored at any one time.

58. The portion of film-exchange premises in which film is handled or stored shall be cleared of waste paper and inflammable debris each day.

PART 6

MANNER OF INDICATING ADULT CLASSIFICATION

59.(1) Every theatre exhibiting a film classified as Adult Entertainment shall display a sign with the words ADULT ENTERTAINMENT

(a) under the canopy over the principal entrance to the theatre, and at right angles to the side-walk, or

(b) where there is no canopy, over the principal entrance to the theatre with the lower edge of the sign not higher than 3 feet above the top of the entrance doors.

(2) The sign shall

(a) be not less than

(i) 60 inches wide, and

(ii) 10 inches high;

(b) have the words ADULT ENTERTAINMENT coloured black on a white background and in letters at least 8 inches high.

60.(1) All advertising matter, other than that used in or on a theatre, in connection with any film classified by the Board as adult entertainment, shall have the words ADULT ENTERTAINMENT printed thereon to indicate that the film has been so classified.

(2) All advertising matter used in or on a theatre in connection with any film classified by the Board as adult entertainment shall have the words CLASSIFIED BY THE BOARD OF CENSORS AS ADULT ENTERTAINMENT printed thereon to indicate that the film has been so classified.

(2) Where the average daily attendance of all pupils in a continuation school or in a high school or in the high schools under the jurisdiction of a board is under 400, the amounts set forth in Columns 2 to 6, both inclusive, of subregulation 1 shall be increased by \$10 for each of the first 200 resident pupils.

(3) Where the average daily attendance of all pupils in a vocational school is under 500, the amount set forth in Column 7 of subregulation 1 shall be increased by \$20 for each of the first 200 resident pupils.

(4) The grant under subregulations 1, 2 and 3 shall not exceed an amount equal to 120 per cent of the instructional salaries paid in the preceding year.

13. Clause *b* of subregulation 2 of regulation 25 of Ontario Regulations 30/53 is revoked and the following substituted therefor:

(b) be paid to each board in the proportion that the number of pupils residing in the remaining part and residing in the part transferred, respectively, bears to the number of pupils on the first school-day of December in the year preceding the transfer residing in the area being divided.

14. Regulation 26 of Ontario Regulations 30/53 is revoked and the following substituted therefor:

SPECIAL HIGH-SCHOOL DISTRICTS

26. (1) Subject to regulation 25, where a high-school district includes a city and one or more townships, or a city and 16 or more school sections,

(a) the average daily attendance of pupils, excluding those from other high- or continuation-school districts, and the approved cost, excluding transportation, shall be divided between the city and the remainder of the district in the same proportion as the enrolment of resident pupils on the first school-day in October of the same year was divided, and

(b) the approved cost of transportation shall be added to the approved cost apportioned to the remainder of the district,

and the grants under this Part, excluding any increased grant under subregulation 2 or 3 of regulation 24, shall then be calculated as if a board operating a school existed for each of the 2 portions of the district and the total thereof paid to the board of the district.

(2) For the purpose of applying the provisions of subregulations 2 and 3 of regulation 24, the average daily attendance shall not be divided between the city and the remainder of the district as provided in clause *a* of

subregulation 1, but the grant of \$10 for each of the first 200 resident pupils in a continuation school or high school or schools and \$20 for each of the first 200 resident pupils in a vocational school or schools shall be added to the grants calculated under subregulation 1 and be paid to the board of the district.

THE DEPARTMENT OF EDUCATION ACT

O. Reg. 47/54.
Pupils Residing in Territorial Districts or on Crown Lands.
New and Revoking Regulations 64 of Consolidated Regulations 1950.
Made—29th March, 1954.
Approved—1st April, 1954.
Filed—2nd April, 1954.

REGULATIONS MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT

PUPILS RESIDING IN TERRITORIAL DISTRICTS OR ON CROWN LANDS

INTERPRETATION

1. In these regulations

(a) "cost of education" means

- (i) in the case of secondary schools, the cost calculated in the manner provided in subsection 1 of section 42 of *The High Schools Act*; and

- (ii) in the case of public and separate schools, the cost calculated in the manner provided in subsection 3 of section 90 of *The Public Schools Act* except that the calculation shall be based on the receipts and payments of the year in which the attendance occurred;

- (b) "Crown establishment" means an establishment maintained by a Department of the Government of Canada, a Crown company, The Royal Canadian Mounted Police, Atomic Energy of Canada Limited on lands held by the Crown in right of Canada which are not assessed for school purposes;

- (c) "Indian" means a person who is registered as an Indian, or is entitled to be registered as an Indian, under the *Indian Act* (Canada);

- (d) "Ontario Government establishment" means an establishment maintained by a Department of the Government of Ontario on lands held by the Crown in right of Ontario; and

- (e) "secondary-school district" means a high-school district or a continuation-school district.

PUBLIC AND SEPARATE SCHOOLS

ASSISTANCE IN PAYING COST OF EDUCATION

2.(1) Where a pupil

- (a) resides in a territorial district,
- (b) is not resident in a school section or in a Crown establishment, and
- (c) attends a public school anywhere in Ontario, the Minister shall pay the board the cost of education of the pupil.

(2) Where a pupil

- (a) resides in a territorial district,
- (b) is not resident in a school section, separate-school area, or Crown establishment, and
- (c) being a Roman Catholic attends a separate school anywhere in Ontario,

the Minister shall pay the board the cost of education of the pupil.

3. Where a pupil whose parent or guardian is not assessable for school purposes

- (a) resides in an Ontario Government establishment which is not a school section, and
- (b) attends a public school or, being a Roman Catholic, attends a separate school,

the Minister shall pay the board the cost of education of the pupil.

FEES AND AGREEMENTS

4. Where a pupil

- (a) resides in a Crown establishment which is not a school section, and
- (b) attends a public school or, being a Roman Catholic, attends a separate school,

the board may

- (c) charge a fee in accordance with subsection 9 of section 90 of *The Public Schools Act*, or

- (d) instead of charging a fee, enter into an agreement with Canada for the payment of an amount in lieu of the fee.

5. Where a pupil other than an Indian

- (a) resides in a territorial district, and
(b) is not resident in a school section,

the Minister may enter into an agreement with Canada for the admission of the pupil to a school operated by Canada for Indians and for the payment by the Minister of the pupil's fee.

TRANSPORTATION

6.(1) Where a pupil

- (a) resides in a territorial district,
(b) is not resident in a school section or a Crown establishment,
(c) attends a public school, and
(d) is provided by the board with transportation to and from school under a contract approved by the Minister under section 14 of the Act,

the Minister shall pay the board the portion of the cost of the transportation approved by the Minister.

(2) Where a pupil

- (a) resides in a territorial district,
(b) is not resident in a school section, separate-school area, or Crown establishment,

THE CORPORATIONS ACT, 1953

O. Reg. 59/54.

General Regulations.

New and Revoking Regulations 22 and 83
of Consolidated Regulations 1950 and
O. Regs. 63/53.

Made—28th April, 1954.

Filed—30th April, 1954.

REGULATIONS MADE UNDER THE CORPORATIONS ACT, 1953

INTERPRETATION

1. In these regulations, "mining syndicate" means a company incorporated under the Act

- (a) with an authorized capital not exceeding \$35,000 divided into shares with a par value of \$1, and
- (b) with the following objects:
Within the Province of Ontario and not elsewhere:
 - (i) To prospect for, acquire, own, lease, explore, develop, work, improve, maintain and manage mines and mineral lands and deposits and to sell or otherwise dispose of the same or any part thereof or interest therein; and
 - (ii) To dig for, raise, crush, wash, smelt, assay, analyze, reduce, amalgamate, refine and otherwise treat ores, metals and minerals belonging to the company, to render the same merchantable and to sell or otherwise dispose of the same or any part thereof or interest therein.

INCORPORATION

2. An application for incorporation of a company shall be in Form 1.

3. An application for incorporation of a corporation without share capital shall be in Form 2.

EXTRA-PROVINCIAL CORPORATIONS

4. Any corporation incorporated under the law of the Province of Quebec shall be exempt from the provisions of Part IX of the Act.

FEES

5. In Schedule 1, "aggregate capital" means the total of the amounts computed as follows:

- (i) with respect to shares with par value, the amount obtained by multiplying the number of such shares by the par value thereof or by 50 cents, whichever is the greater;
- (ii) with respect to shares without par value where the aggregate consideration exceeding which all such shares may not be issued is set out in the letters patent, the amount of such aggregate consideration or the amount obtained by multiplying the number of such shares by 50 cents, whichever is the greater;
- (iii) with respect to shares without par value where the consideration exceeding which each such share may not be issued is set out in the letters

patent, the amount obtained by multiplying the number of such shares by such consideration or by 50 cents, whichever is the greater;

- (iv) with respect to shares without par value where no aggregate consideration exceeding which all such shares may not be issued, or where no consideration exceeding which each such share may not be issued, is set out in the letters patent, the amount obtained by multiplying the number of such shares by \$100; and
- (v) with respect to issued shares without par value resulting from a change of issued shares with par value or a subdivision of issued shares without par value, the amount of capital set against the issued shares without par value resulting from the change or subdivision or the amount obtained by multiplying the number of such shares by \$1, whichever is the greater.

6. The fees set out in Schedule 1 shall be paid on applications, returns, filings and all transactions under Parts I to VIII of the Act.

7. The fees set out in Schedule 2 shall be paid for licences under Part IX of the Act.

8. The fees shall be paid to the Treasurer of Ontario.

9. No fees shall be payable in respect of searches under item 8, or in respect of copies of documents under item 9, of Schedule 1 by any of the following:

- (a) any department of the Government of Ontario, including the offices of Sheriff, Local Master of Titles and Registrar of Deeds, or any agency, board or commission thereof;
- (b) any department of the government of any other province of Canada, or any agency, board or commission thereof;
- (c) any department of the Government of Canada, or any board, agency or commission thereof;
- (d) any charitable, benevolent or philanthropic organization either within or outside of Ontario;
- (e) any person or organization residing in the United Kingdom where the request is made by letter;
- (f) the police department of any municipality in Ontario.

REVOCATION

9. Regulations 22 and 83, of Consolidated Regulations of Ontario, 1950, and Ontario Regulations 63/53, are revoked.

the affidavit shall be accompanied by a copy of the most recent financial statement of the company together with the auditor's report thereon.

(3) Where the financial statement mentioned in subregulation 2 is as of a date more than 3 months prior to the date of the application, the affidavit mentioned in subregulation 2 shall,

(a) where the financial position of the company has not changed materially from the financial position shown in the financial statement, contain a statement to that effect, or

(b) where the financial position of the company has changed materially from the financial position shown in the financial statement, contain a statement setting out the nature and extent of the change.

(4) Where the application is under clause *d* of subsection 1 of section 33 of the Act and the supplementary letters patent are to authorize the repayment of capital to the shareholders, the affidavit required by clause *c* of subregulation 1 shall be accompanied by a copy of the most recent financial statement of the company together with the auditor's report thereon.

(5) Where the application is under clause *o* of subsection 1 of section 33 of the Act, the affidavit required by clause *e* of subregulation 1 shall set out, in addition, that the number of shareholders of the company, exclusive of persons who are in the employment of the company does not exceed 50, two or more persons holding one or more shares jointly being counted as a single shareholder.

5. (1) Evidence of the *bona fides* of every application by a corporation without share capital for the issue of supplementary letters patent shall be furnished by filing with the application the following:

(a) an affidavit by a witness to the execution of the application verifying the signatures to the application and the impression of the seal of the corporation;

(b) an affidavit by 2 officers of the corporation verifying the statements contained in the application;

(c) where the application is under clauses *a* to *d* of subsection 1 of section 113 of the Act, an affidavit by an officer of the corporation setting out that the application has been authorized by a resolution passed by the directors, giving the date thereof, and

(i) confirmed with or without variation by at least two-thirds of the votes cast at a general meeting of the members of the corporation duly called for that purpose by notice given in accordance with the by-laws of the corporation in that behalf and specifying the terms of the resolution to be confirmed, giving the date of the meeting, or

(ii) confirmed by the consent in writing of all the members entitled to vote at the meeting

and having attached as an exhibit to the affidavit a copy of the resolution duly certified under the seal of the corporation and, in the case of confirmation at a general meeting of the members, having attached to the affidavit, in addition, the following exhibits:

- (iii) a certified copy of the proceedings at the meeting of the members with respect to the confirmation of the resolution;
- (iv) a certified extract from the by-laws of the corporation with respect to the calling of meetings of the members; and
- (v) a certified copy of the notice given to all the members in accordance with the by-laws of the corporation and evidence that the notice was sent in accordance with the by-laws; and

(d) where the application is under clauses *e* to *g* of subsection 1 of section 113 of the Act, an affidavit by an officer of the corporation setting out that the application has been authorized by a resolution of the board of directors, giving the date thereof, and confirmed in writing by at least 95 per cent of the members in accordance with subsection 3 of section 113 of the Act, and having attached as an exhibit to the affidavit a copy of the resolution duly certified under the seal of the corporation.

(2) Where the application is under clause *b* of subsection 1 of section 113 of the Act, the affidavit required by clause *c* of subregulation 1 shall set out, in addition,

- (a) that, to the best of his knowledge and belief, the new name is not objectionable on any public grounds and is not the same as or similar to the name of any known corporation, association, partnership, individual or business so as to be likely to deceive; and
- (b) that the corporation is solvent; and

the affidavit shall be accompanied by a copy of the most recent financial statement of the corporation together with the auditor's report thereon.

SURRENDER OF CHARTER

6. Evidence of the *bona fides* of every application for an order accepting the surrender of the charter of a corporation shall be furnished by filing with the application the following:

- (a) an affidavit by a witness to the execution of the application verifying the signatures to the application and the impression of the seal of the corporation;
- (b) an affidavit by 2 officers of the corporation verifying the statements contained in the application;
- (c) an affidavit by an officer of the corporation setting out that the application has been authorized by a majority of the votes cast, or by such other vote as the letters patent or supplementary letters patent of the corporation provide, at a meeting of its shareholders or members duly called for that purpose by notice given in accordance with the by-laws of the corporation in that behalf and specifying the purpose of the meeting, giving the date of the meeting, and having attached as exhibits to the affidavit:
 - (i) a copy of the resolution duly certified under the seal of the corporation;

- (ii) a certified extract from the minutes of the meeting of the shareholders or members with respect to the resolution;
- (iii) a certified extract from the by-laws of the corporation with respect to the calling of meetings of shareholders or members;
- (iv) a certified copy of the notice of the meeting of the shareholders or members with evidence that the notice was given pursuant to the by-laws of the corporation, or, in the absence of the by-laws, pursuant to the provisions of the Act; and
- (v) a certified copy of the notice of the intention of the corporation to surrender its charter published in *The Ontario Gazette* and in a newspaper published at or as near as may be to the place where the corporation has its head office; and

- (d) the letters patent and supplementary letters patent, if any, of the corporation and any other documents amending the letters patent of the corporation, and where they or any of them are lost or cannot be located, an affidavit by an officer of the corporation to that effect and an undertaking by him to return them to the Provincial Secretary if they are located at any time in the future.

TERMINATION OF EXISTENCE

7. Evidence of the *bona fides* of every application for an order under section 327 of the Act shall be furnished by filing with the application, *mutatis mutandis*, the affidavits mentioned in clauses *a*, *b* and *c* of regulation 6 together with proof of incorporation of the corporation in the form of a copy of its instrument of incorporation and any amendments thereto certified by the proper officer who is authorized to so certify.

G. A. WELSH,
Provincial Secretary.

THE CORPORATIONS ACT, 1953

O. Reg. 66/54.
General Regulations.
New and Revoking O. Regs. 59/54.
Made—6th May, 1954.
Filed—7th May, 1954.

REGULATIONS MADE UNDER THE CORPORATIONS ACT, 1953

INTERPRETATION

1. In these regulations, "mining syndicate" means a company incorporated under the Act

- (a) with an authorized capital not exceeding \$35,000 divided into shares of a par value of \$1 each,
- (b) with the objects set out in regulation 21, and
- (c) whose existence is limited by its letters patent to a term of 3 years.

INCORPORATION

2. An application for incorporation of a company shall be in Form 1.

3. An application for incorporation of a corporation without share capital shall be in Form 2.

4. Where the objects for which a company is to be incorporated include the doing of any of the acts prohibited by section 28 of *The Pharmacy Act*, a majority of the applicants for incorporation shall be duly registered as pharmaceutical chemists under that Act.

NAME

5. Where the name of a corporation to be incorporated is the same as or similar to the name of any known corporation so as to be, in the opinion of the Provincial Secretary, likely to deceive, the name of the corporation to be incorporated shall contain such variation from that of the known corporation as the Provincial Secretary may determine.

6. Where the authorized capital of a public company is decreased by supplementary letters patent by the cancellation or consolidation of issued shares and a number of the share certificates of the company is in the hands of the public and cannot be promptly surrendered, the name of the company shall be changed by prefixing some distinctive word thereto.

7. The name of a corporation shall not be too general in character unless the name has become established by a long and continuous prior user.

8. The name of a corporation shall not consist of initials unless some distinctive word or some word indicative of the objects of the corporation is included in the name.

9. (1) Where the name of a subsidiary is the same as or similar to the name of its holding company and the holding company is incorporated in a jurisdiction outside Canada, the name of the subsidiary shall include the word CANADA, CANADIAN or ONTARIO.

(2) Where the name of a subsidiary is the same as or similar to the name of its holding company and the holding company is incorporated in any jurisdiction in Canada, the name of the subsidiary shall include the name of a region, municipality or locality or a word descriptive thereof.

10. The word AMALGAMATED shall not be included in the name of a corporation unless the corporation is an amalgamated corporation resulting from the amalgamation of two or more corporations.

11. The word HOUSING shall not be included in the name of a corporation unless

- (a) the corporation is sponsored by or connected with the Government of Canada or the Government of Ontario, or
- (b) the shares of the corporation are owned by a municipality in Ontario.

12. The name of a company shall not have included therein the word VETERAN or any abbreviation or derivation thereof unless there has been a long and continuous prior user of the name.

13. The name of a company to which Part IV of the Act applies shall include the word MINES, MINING, MINERALS, EXPLORERS, EXPLORATION, PETROLEUM, OIL or GAS or any combination of two or more of those words.

14. The name of a mining syndicate shall include the words MINING SYNDICATE.

15. The name of a fraternal society incorporated under section 187 of the Act shall include the words FRATERNAL SOCIETY.

16. The name of a pension fund or employees' mutual benefit society incorporated under section 196 of the Act shall include the words PENSION FUND SOCIETY or EMPLOYEES' MUTUAL BENEFIT SOCIETY and the name in whole or in part of the parent corporation.

17. Where a person has reserved a name and at the expiration of the period for which the name has been reserved no corporation under that name or a similar name has been incorporated, no person shall apply for the reservation of the name or a similar name until the expiration of one year thereafter.

OBJECTS

18. The objects of a corporation shall not include that of horse racing or that of dog racing.

19. The objects of a private company incorporated under subsection 2 of section 3 of the Act shall be limited to the objects set out therein and the letters patent or supplementary letters patent of the company shall withhold all the powers set out in subsection 1 of section 22 of the Act.

20. The objects of a company to which Part IV of the Act applies shall be

- (a) (i) to acquire, own, lease, prospect for, open, explore, develop, work, improve, maintain and manage mines and mineral lands and deposits, and to dig for, raise, crush, wash, smelt, assay, analyze, reduce, amalgamate, refine, pipe, convey and otherwise treat ores, metals and minerals, whether belonging to the company or not, and to render the same merchantable and to sell or otherwise dispose of the same or any part thereof or interest therein; and
- (ii) to take, acquire and hold as consideration for ores, metals or minerals sold or otherwise disposed of or for goods supplied or for work done by contract or otherwise, shares, debentures or other securities of or in any other company having objects similar, in whole or in part, to those of the company hereby incorporated and to sell and otherwise dispose of the same; or
- (b) (i) to acquire, own, lease, prospect for, open, explore, develop, work, improve, maintain and manage mines and mineral lands and deposits, including oil and gas lands and deposits, and to dig for, raise, crush, wash, smelt, assay, analyze, reduce, amalgamate, refine, pipe, convey and otherwise treat ores, metals and minerals, including oil and gas, whether belonging to the company or not, and to render the same merchantable and to sell or otherwise dispose of the same or any part thereof or interest therein; and
- (ii) to take, acquire and hold as consideration for ores, metals or minerals, including oil and gas, sold or otherwise disposed of or for goods supplied or for work done by contract or otherwise, shares, debentures or other securities of or in any other company having objects similar, in whole or in part, to those of the company hereby incorporated and to sell and otherwise dispose of the same.

21. The objects of a mining syndicate shall be as follows:

Within the Province of Ontario and not elsewhere:

- (a) to prospect for, acquire, own, lease, explore, develop, work, improve, maintain and manage mines and mineral lands and deposits and to sell or otherwise dispose of the same or any part thereof or interest therein; and
- (b) to dig for, raise, crush, wash, smelt, assay, analyze, reduce, amalgamate, refine and otherwise treat ores, metals and minerals belonging to the company, to render the same merchantable and to sell or otherwise dispose of the same or any part thereof or interest therein.

22. The objects of a corporation to which Part V of the Act applies shall contain as the first word thereof the word CO-OPERATIVELY.

23. (1) Where the objects of a corporation, other than a corporation commonly known as a service club, are in whole or in part of a social nature, the letters patent or supplementary letters patent of the corporation shall limit the location of

- (a) its activities,
- (b) its clubhouse or premises, or
- (c) both.

(2) Where the objects of a corporation are in whole or in part of a social nature, the letters patent or supplementary letters patent of the corporation shall contain the following:

And it is hereby ordained and declared that the corporation is prohibited from occupying and using a house, room or place as a club to which subparagraph ii of paragraph b of subsection 1 of section 226 of the *Criminal Code* (Canada) is by that subparagraph made not applicable; and if it is made to appear to the satisfaction of the Provincial Secretary that the corporation purports so to use a house, room or place, these letters patent may be cancelled by and in the discretion of the Lieutenant-Governor;

And it is hereby further ordained and declared that if it is made to appear to the satisfaction of the Provincial Secretary that the premises occupied by the corporation are equipped, guarded or otherwise constructed or operated so as to hinder or prevent lawful access to and inspection of such premises by police or fire officers or are found fitted or provided with any means or contrivance for playing any game of chance or any mixed game of chance and skill, gaming or betting or with any device for concealing, removing or destroying such means or contrivance, these letters patent may be cancelled by and in the discretion of the Lieutenant-Governor.

24. (1) In subregulation 2, "war veteran" means a person who served in the armed forces of any country while that country was in a state of war.

(2) Where

- (a) the name of a corporation without share capital includes the word VETERAN or any abbreviation or derivation thereof, or,
- (b) the objects of the corporation include the promotion of interests of war veterans,

the letters patent of the corporation shall provide that at least 95 per cent of the members of the corporation shall at all times be war veterans.

CAPITAL

25. The par value of shares with par value shall be

- (a) any multiple of 5 cents but not less than 20 cents and not more than 95 cents, or
- (b) \$1, or
- (c) any multiple of \$1.

26. (1) In this regulation,

- (a) "total aggregate capital" means the total of the aggregate capitals of all the classes of shares of a company;
- (b) "aggregate capital" means
 - (i) with respect to a class of shares with par value, the product of the number of shares of that class multiplied by the par value thereof,

- (ii) with respect to a class of shares without par value where the aggregate consideration exceeding which all the shares of that class may not be issued is set out in the letters patent or supplementary letters patent, the amount of the aggregate consideration,
- (iii) with respect to a class of shares without par value where the consideration exceeding which each share of that class may not be issued is set out in the letters patent or supplementary letters patent, the product of the consideration multiplied by the number of shares of that class, and
- (iv) with respect to a class of shares without par value where no aggregate consideration exceeding which all the shares of that class may not be issued, or where no consideration exceeding which each share of that class may not be issued, is set out in the letters patent, the product of the number of shares of that class multiplied by \$100.

(2) Where a company has one or more classes of preference shares and the preferences, rights, conditions, restrictions, limitations or prohibitions attaching to the class or classes of the preference shares condition, restrict, limit or prohibit the right to vote, the aggregate capital of the class of shares, or the total of the aggregate capitals of the classes of shares, shall not exceed 90 per cent of the total aggregate capital of the company.

27. The consideration for the issue of the shares of a mining syndicate shall not exceed in amount or value \$1 for each share.

28. If a company has more than one class of preference shares, the classes of preference shares shall be designated in order of priority in a numerical or alphabetical sequence but not in a combination thereof.

29. Where the preferences, rights, conditions, restrictions, limitations or prohibitions attaching to preference shares of a class prohibit the right to vote, the word NON-VOTING shall form part of the designation of that class of preference shares.

30. Where the preferences, rights, conditions, restrictions, limitations or prohibitions attaching to preference shares of a class with par value confer upon the holders thereof a preference or right over the holders of shares of another class of shares, whether preference or common, in respect of dividends, the rate of the preferential dividends shall not

- (i) exceed 10 per cent per annum of the par value of that class of preference shares;
- (ii) be less than 1 per cent per annum of the par value of that class of preference shares during the period of 5 years immediately following the authorization of that class; and
- (iii) be less than 3 per cent of the par value of that class of preference shares after the expiration of the period of 5 years following the authorization of that class.

31. The preferences, rights, conditions, restrictions, limitations or prohibitions attaching to preference shares of a class shall not prohibit the payment of dividends to the holders of that class of shares.

32. Where the preferences, rights, conditions, restrictions or prohibitions attaching to preference shares of a class provide for the payment of a premium in the case of repayment of capital, redemption or purchase for cancellation, then, in any of such cases, the premium shall not exceed 20 per cent of the par value of that class of preference shares.

33. Where the preference shares of a class have attached thereto conditions, restrictions or limitations on the right to vote, the preferences, rights, conditions, restrictions or limitations attaching to that class of preference shares shall not condition, restrict or limit the right to vote

- (a) if the preferences, rights, conditions, restrictions, limitations or prohibitions confer upon the holders thereof a preference or right in respect of cumulative dividends,
 - (i) when the dividends have not been paid for a period aggregating 2 years; and
 - (ii) until all arrears of the dividends have been paid; and
- (b) if the preferences, rights, conditions, restrictions, limitations or prohibitions confer upon the holders thereof a preference or right in respect of non-cumulative dividends,
 - (i) when the dividends have not been paid for a period of 2 consecutive years; and
 - (ii) until the dividends have been paid for a period of 2 consecutive years.

34. Where preference shares of a class have attached thereto conditions, restrictions, limitations or prohibitions on the right to vote, the preferences, rights, conditions, restrictions, limitations or prohibitions attaching to that class of preference shares shall provide that the holders of that class shall be entitled to notice of meetings of shareholders called for the purpose authorizing the dissolution of the company or the sale of its undertaking or a substantial part thereof.

SUPPLEMENTARY LETTERS PATENT

35. An application by a company for the issue of supplementary letters patent shall

- (a) set out
 - (i) the name of the company,
 - (ii) the date and manner of incorporation of the company,
 - (iii) where the application is under clauses *c* to *i* of subsection 1 of section 33 of the Act, the authorized capital and the issued capital of the company,
 - (iv) that the company is not in default in filing its annual returns under *The Companies Information Act* or a predecessor of that Act or *The Corporations Information Act, 1953*,
 - (v) where the application is under clauses *a* to *n* of subsection 1 of section 33 of the Act, that the application has been authorized by a special resolution,
 - (vi) where the application is under clauses *o* to *r* of subsection 1 of section 33 of the Act, that the application has been authorized as required by subsection 3 of section 33 of the Act,

(vii) where the application is under clause *c* of subsection 1 of section 33 of the Act, that the authorized capital of the company is insufficient for the purposes of the company and that the proposed increase is considered by the company to be requisite for the due carrying out of its undertaking,

(viii) where the application is under clause *d* of subsection 1 of section 33 of the Act, that the decreased capital is sufficient for the due carrying out of the undertaking of the company and that the decrease is necessary by reason of either the company's having an excess of capital or an impairment of capital, and

(ix) where the application is under any other clause or clauses of subsection 1 of section 33 of the Act, that the supplementary letters patent are not desired for any improper purpose and are necessary and expedient in the interest of the company;

(b) be dated;

(c) be under the seal of the company; and

(d) be signed by 2 officers of the company.

36. An application by a corporation without share capital for the issue of supplementary letters patent shall

(a) set out

(i) the name of the corporation,

(ii) the date and manner of incorporation of the corporation,

(iii) that the corporation is not in default in filing its annual returns under *The Companies Information Act* or a predecessor of that Act or *The Corporations Information Act, 1953*,

(iv) where the application is under clauses *a* to *d* of subsection 1 of section 113 of the Act, that the application has been authorized by a special resolution,

(v) where the application is under clauses *e* to *g* of subsection 1 of section 113 of the Act, that the application has been authorized as required by subsection 3 of section 113 of the Act, and

(vi) that the supplementary letters patent are not desired for any improper purpose and are deemed necessary and expedient in the interest of the corporation;

(b) be dated;

(c) be under the seal of the corporation; and

(d) be signed by 2 officers of the corporation.

SURRENDER OF CHARTER

37. The letters patent or supplementary letters patent of a private company may provide that an application for an order accepting the surrender of the charter of the company may be authorized at a general meeting of its shareholders duly called for that purpose by a majority of the votes cast thereat or by at least 50 per cent of the votes of all shareholders entitled to vote at the meeting.

38. (1) An application for an order accepting the surrender of the charter of a corporation shall

(a) set out

(i) the name of the corporation,

(ii) the date of incorporation of the corporation,

(iii) that the corporation is not in default in filing its annual returns under *The Companies Information Act* or a predecessor of that Act or *The Corporations Information Act, 1953*,

(iv) that the surrender of its charter has been authorized by a majority of the votes cast at a meeting of its shareholders or members duly called for that purpose or by such other vote as the letters patent or supplementary letters patent of the corporation provide, as the case may be,

(v) that it has parted with its property by distributing its property rateably among its shareholders or members according to their rights or interests in the corporation,

(vi) that it has no debts, obligations or liabilities or that its debts, obligations or liabilities have been duly provided for or protected or that its creditors or other persons having interests in its debts, obligations or liabilities consent, as the case may be,

(vii) that there are no proceedings pending in any court against it, and

(viii) that it has given notice of its intention to surrender its charter by publication once in *The Ontario Gazette* and once in a newspaper published at or as near as may be to the place where the corporation has its head office;

(b) be dated;

(c) be under the seal of the corporation; and

(d) be signed by 2 officers of the corporation.

(2) Where a shareholder or member is unknown or his whereabouts is unknown and the corporation has delivered or conveyed his share of the property to the Public Trustee to be held in trust for him, or where a creditor is unknown or his whereabouts is unknown and the corporation has paid to the Public Trustee an amount equal to the amount of the debt due to the creditor to be held in trust for the creditor, or both, as the case may be, the application shall set out a statement to that effect and the application shall be accompanied by a duplicate original, or a notarial copy, of the agreement with the Public Trustee.

TERMINATION OF CORPORATE EXISTENCE

39. An application by a corporation for an order under section 327 of the Act shall comply *mutatis mutandis* with the provisions of regulation 38.

MISCELLANEOUS

40. Where the letters patent or supplementary letters patent of a corporation provide that the directors of the corporation shall be elected for a term of more than 1 year, the term shall be an integral number of years not exceeding 5.

41. (1) Notice of a by-law passed under section 114 of the Act to be filed with the Provincial Secretary shall be signed manually by a director or officer of the corporation.

(2) Notice of a resolution requiring the voluntary winding up of a corporation to be filed with the Provincial Secretary shall be signed manually by a director or officer of the corporation or by the liquidator.

(3) Notice to be filed with the Provincial Secretary under subsection 2 of section 278 of the Act shall be signed manually by the liquidator.

(4) Notice of a special resolution of a corporation

- (a) changing the location of its head office, or
- (b) increasing or decreasing the number of its directors,

to be filed with the Provincial Secretary shall be signed manually by a director or officer of the corporation.

EXTRA-PROVINCIAL CORPORATIONS

42. In regulations 44 and 46 and in Schedule 2, "further licence" means a licence under Part IX of the Act issued to a corporation to which a licence under that Part or a predecessor of that Part has previously been issued and is still in force.

43. Any corporation incorporated under the law of the Province of Quebec shall be exempt from the provisions of Part IX of the Act.

44. Except where a further licence is issued to a corporation,

- (a) if the corporation has changed its name, authorizing the corporation under its new name to exercise in Ontario the powers contained in its previous licence, or
- (b) extending the powers which the corporation may exercise in Ontario,

every licence issued under Part IX of the Act shall set out the amount of capital which the corporation may use in Ontario.

45. (1) An application by an extra-provincial corporation for a licence under Part IX of the Act shall

- (a) set out
 - (i) its corporate name,
 - (ii) the name of the jurisdiction under the laws of which the corporation was incorporated,
 - (iii) the date and manner of its incorporation,
 - (iv) the place where its head office is situated,
 - (v) whether its existence is limited by statute or otherwise, and if so, the date its existence expires, and whether its existence may be lawfully extended,
 - (vi) whether it is a valid and subsisting corporation,
 - (vii) whether it has capacity to carry on business in Ontario,
 - (viii) whether it has capacity to hold land, and if so, the conditions, if any, under which land is to be held,

(ix) its authorized powers in full,

(x) the powers which it desires to exercise in Ontario;

(xi) the amount of its authorized capital and whether the capital is divided into shares, and if so, how,

(xii) the amount of its subscribed capital,

(xiii) the amount of its paid-up capital,

(xiv) the amount of capital which the corporation desires authority to use in Ontario,

(xv) its head office or other chief place of business in Ontario,

(xvi) that it has authorized the making of the application,

(xvii) that it has duly appointed an attorney for service of process, and

(xviii) the name, description and place of residence of the attorney;

(b) be dated;

(c) be under the seal of the corporation; and

(d) be signed by 2 officers of the corporation.

(2) The application shall be accompanied by

(a) an affidavit by a witness to the execution of the application verifying the signatures to the application and the impression of the seal of the corporation,

(b) an affidavit by an officer of the corporation

(i) verifying the statements contained in the application, and

(ii) setting out that, to the best of his knowledge and belief, the name of the corporation is not objectionable upon any public grounds and is not the same as or similar to the name of any known corporation, association, partnership, individual or business so as to be likely to deceive,

(c) a certified copy of the resolution of the directors of the corporation authorizing the application,

(d) a copy of the special Act, letters patent or articles of association or other constating instrument, and amendments thereto, if any, creating the corporation certified by the proper officer of the incorporating jurisdiction who is authorized to so certify,

(e) a power of attorney appointing a person resident in Ontario, or a company having its head office in Ontario, to be the attorney and representative in Ontario of the corporation, and

(f) the consent of the attorney to act as such together with an affidavit verifying the execution of the consent.

(3) The power of attorney mentioned in clause e of subregulation 2 shall

(a) include words expressly authorizing the attorney to act as such, and to sue and to be sued, plead and be impleaded in any court in Ontario, and generally on behalf of the corporation and within Ontario to accept

service of process and to receive all lawful notices, and, for the purposes of the corporation, to do all acts and to execute all deeds and other instruments relating to the matters within the scope of the power of attorney, and

- (b) provide that, until due lawful notice of the appointment of another and subsequent attorney has been given to and accepted by the Provincial Secretary, service of process or of papers and notices upon the person or company mentioned in the original or other power last filed with the Provincial Secretary shall be accepted by the corporation as sufficient service in the premises.

46. (1) An application by an extra-provincial corporation for a further licence shall

- (a) set out particulars of any previous licence or licences, issued to it under Part IX of the Act or a predecessor of that Part, which are still in force, and

- (b) comply with the provisions of regulation 45,

but it shall not be necessary to set out in the application any of the information required by clause *a* of subregulation 1 of regulation 45 in respect of which there has been no change from that set out in the application for the previous licence under Part IX or a predecessor of that Part and it shall not be necessary to file with the application for the further licence any of the documents mentioned in clauses *d*, *e* and *f* of subregulation 2 of regulation 45 that have been filed with the application for the previous licence.

FEES

47. In Schedule 1, "aggregate capital" means the total of the amounts computed as follows:

- (a) with respect to shares with par value the amount obtained by multiplying the number of the shares by the par value thereof or by 50 cents, whichever is the greater,
- (b) with respect to shares without par value where the aggregate exceeding which all the shares may not be issued is set out in the letters patent, the amount of the aggregate consideration or the amount obtained by multiplying the number of shares by 50 cents, whichever is the greater;
- (c) with respect to shares without par value where the consideration exceeding which each share may not be issued is set out in the letters patent, the amount obtained by multiplying the number of shares by the consideration or by 50 cents, whichever is the greater;
- (d) with respect to shares without par value where no aggregate consideration exceeding which all the shares may not be issued, or where no consideration exceeding which share may not be issued, is set out in the letters patent, the amount obtained by multiplying the number of shares by \$100; and
- (e) with respect to issued shares without par value resulting from a change of issued shares with par value or a subdivision of issued shares without par value, the amount of capital set against the issued shares without par value resulting from the change or subdivision or the amount obtained by multiplying the number of shares resulting from the change or subdivision by \$1, whichever is the greater.

48. The fees set out in Schedule 1 shall be paid on applications, returns, filings, and all transactions under Parts I to VIII of the Act.

49. The fees for licences under Part IX of the Act shall be those set out in Schedule 2.

50. The fees shall be paid to the Treasurer of Ontario.

51. No fees shall be payable in respect of searches under item 8, or in respect of copies of documents under item 9, of Schedule 1 by

- (a) any department of the Government of Ontario, or any agency, board or commission thereof, including the offices of sheriff, local master of titles and registrar of deeds,
- (b) any department of government of any other province of Canada or any agency, board or commission thereof,
- (c) any department of the Government of Canada or any agency, board or commission thereof,
- (d) any charitable, benevolent or philanthropic organization either within or outside of Ontario,
- (e) any person or organization residing in the United Kingdom where the request is made by letter, or
- (f) the police department of any municipality in Ontario.

REVOCATION

5. Where an Act of Ontario or a regulation thereunder authorizes the Teacher to be absent from school without loss of pay, the Board agrees that no deduction from his pay will be made for the period of absence so authorized.

6. This Agreement may be terminated

- (a) at any time by the mutual consent in writing of the Teacher and the Board, or
- (b) on the 31st of December in any year of the Teacher's employment by either party giving written notice to the other on or before the last preceding 30th of November, or
- (c) on the 31st of August in any year of the Teacher's employment by either party giving written notice to the other on or before the last preceding 31st of May.

7. The Teacher agrees with the Board that in the event of his entering into an agreement with another board he will within 48 hours notify the Board in writing of the termination of this Agreement unless the notice has already been given.

In witness whereof the Teacher has signed and the Board has affixed hereto its corporate seal attested by its proper officers in that behalf.

FORM 2

The Fair Accommodation Practices Act, 1954

COMPLAINT

To the Minister of Labour:

I,.....
(print name in full)

- (d) "local board" means any school board, public utility commission, transportation commission, public library board, board of park management, local board of health, board of commissioners of police, planning board or any other board, commission, committee, body or local authority established or exercising any power or authority under any general or special Act with respect to any of the affairs or purposes, including school purposes, of a municipality or of two or more municipalities or portions thereof;
- (e) "machine" means apparatus for applying mechanical power and comprising
- (i) a brake, and
 - (ii) gearing, and
 - (iii) power-producing machinery that is adjacent to the hoistway, and
 - (iv) such other parts as are component thereof; and
- (f) "serve", when used with reference to a notice, notification, order, or other writing, required by the Act or these regulations to be given or sent by an inspector, or the Minister, or the Deputy Minister, or any other official of the Department, to a person, means
- (i) to deliver to the person, or
 - (ii) to send by registered mail to the person at the last address of the person recorded in the office of the chief inspector,
- the notice, notification, order, or other writing.

(2) For the purposes of the Act and these regulations a "major alteration" is defined as being an alteration which, when made, results in

- (a) the maximum capacity of the installation being increased by more than 10 per cent, or
- (b) the dead-weight of
 - (i) the machine, or
 - (ii) the load-carrying unit, or
 - (iii) the counter-weight,
 being increased by more than 10 per cent, or
- (c) the distance of travel of the load-carrying unit being increased by any amount, or
- (d) the rate of speed of travel of the load-carrying unit being increased more than
 - (i) 20 per cent where the prior rate was not greater than 100 feet a minute, or
 - (ii) 10 per cent where the prior rate was greater than 100 feet a minute, or
- (e) the replacement of more than 50 per cent of
 - (i) the machine, or
 - (ii) the load-carrying unit, or
 - (iii) the hoistway enclosure, or
- (f) the method of control being changed, or
- (g) the elevating device being converted from freight-carrying to passenger-carrying, or

- (h) the location of the machine being changed, or
- (i) the method of furnishing power to the machine being changed.

DESIGNATIONS

2.(1) The following classes of elevating devices are designated:

- (a) passenger-elevator;
- (b) hand-power passenger-elevator;
- (c) freight-elevator;
- (d) hand-power freight-elevator;
- (e) Class A dumb-waiter, being a dumb-waiter having
 - (i) car-floor, or platform-frame, area not exceeding 9 square-feet, and
 - (ii) maximum capacity not exceeding 500 pounds;
- (f) hand-power Class A dumb-waiter, being a dumb-waiter that
 - (i) is a Class A dumb-waiter, and
 - (ii) is powered by hand or by gravity, but not otherwise;
- (g) Class B dumb-waiter, being a dumb-waiter having
 - (i) car-floor, or platform-frame, area exceeding 9 square-feet and maximum capacity not exceeding 1,000 pounds, or
 - (ii) car-floor, or platform-frame, area not exceeding 9 square-feet and maximum capacity exceeding 500 pounds but not exceeding 1,000 pounds;
- (h) hand-power Class B dumb-waiter, being a dumb-waiter that
 - (i) is a Class B dumb-waiter, and
 - (ii) is powered by hand, or by gravity, but not otherwise.

(2) Sub-classes of the classes of elevating devices designated in subregulation 1

- (a) are designated by the names set out in column 1 of the Table; and
- (b) consist of elevating devices
 - (i) located in an area, or
 - (ii) used for the purpose, or
 - (iii) being of a size,
 indicated in column 2 of the Table:

The Table

Item	COLUMN 1	COLUMN 2
	Designation	Location, Use, or Size
1	city-area elevating devices	the City of Toronto
2	agricultural elevating devices	used only for agricultural purposes outside the City of Toronto
3	minor Class A dumb-waiter	(a) car-floor, or platform-frame, area less than 3 square-feet, and (b) maximum capacity less than 100 pounds, and (c) the sill of every hoistway-opening being more than 30 inches above floor level
4	minor hand-power Class A dumb-waiter	(a) car-floor, or platform-frame, area less than 6 square-feet, and (b) maximum capacity less than 150 pounds, and (c) the sill of every hoistway-opening being more than 30 inches above floor level

APPLICATION OF REGULATIONS

3.(1) Subject to subregulation 2, the following sub-classes of elevating devices are excluded under clause *h* of section 2 of the Act:

- (a) city-area passenger-elevators other than those owned by
 - (i) the Government of Ontario, or
 - (ii) any board or commission that is an emanation of the Crown in right of Ontario;
- (b) all city-area elevating devices, other than passenger-elevators, owned by
 - (i) The Corporation of the City of Toronto or any local board thereof, or
 - (ii) The Municipality of Metropolitan Toronto or any local board thereof;
- (c) agricultural elevating devices that are
 - (i) installed in or adjacent to a barn, and
 - (ii) used by the proprietor of the barn or the tenant thereof exclusively for his agricultural purposes;
- (d) minor Class A dumb-waiters;
- (e) minor hand-power Class A dumb-waiters.

(2) The exclusion provided for by

- (a) clause *a* of subregulation 1 shall apply to any city-area passenger-elevator upon the city-area passenger-elevator ceasing to be owned by the Government or a board or commission specified in sub-clause i or ii of clause *a* of subregulation 1; and
- (b) clause *b* of subregulation 1 shall cease to apply to a city-area elevating device other than a passenger-elevator, upon the owner of it ceasing to be the corporation, or the municipality, or a local board, specified in sub-clause i or ii of clause *b* of subregulation 1.

CAPACITY AND STRENGTH

4. For the purposes of the Act and these regulations, maximum capacity, as defined in clause *g* of section 1 of the Act, shall be determined by the method which uses the maximum permissible stress, and the factor of safety, for material used in the elevating device set out in the Safety Code referred to in section 8 of the Act, wherever applicable.

5. Where an inspector is not satisfied that a cable or wire rope is not made of steel the cable or wire rope shall be deemed to have ultimate strength not greater than that of an iron rope or cable of the same size, type, and condition.

PART 1

LICENCES FOR ELEVATING DEVICES

GRANTING OF LICENCES

6. The conditions under which a licence may be granted are

- (a) that the chief inspector has received from the owner
 - (i) application in the prescribed form, and
 - (ii) the appropriate fee prescribed in Table 1; and
- (b) that the chief inspector has no reason to believe that the elevating device
 - (i) does not comply with the Act and these regulations, or
 - (ii) is likely to be operated in an unsafe condition or manner.

7.(1) An initial application for a licence shall be in Form 1.

(2) A licence shall be in Form 2.

(3) An application for a licence in respect of an elevating device subsequent to the initial granting of a licence for the elevating device shall be in Form 3.

TRANSFER OF LICENCES

8.(1) The chief inspector shall not transfer a licence

- (a) while it is suspended; or
- (b) with respect to which he reasonably believes that there exists any of the conditions prescribed in clause *a*, *b*, *c*, or *d*, of regulation 9; or
- (c) where the applicant for transfer is in arrears in paying any fee, or expense, or special fee, for which he is liable under the Act or these regulations.

(2) Subject to subregulation 1, the conditions under which a licence may be transferred are

- (a) that the chief inspector has received from the applicant for transfer
 - (i) application in the prescribed form, and
 - (ii) the fee prescribed in Table 1; and
- (b) that the chief inspector has no reason to believe that the elevating device for which the licence was granted
 - (i) does not comply with the Act and these regulations, or
 - (ii) is likely to be operated in an unsafe condition or manner after the transfer.

(3) An application for transfer of a licence shall be in Form 4.

SUSPENSION OF LICENCES

9. The conditions under which a licence for an elevating device may be suspended are:

- (a) that the chief inspector reasonably believes that the elevating device is being operated in violation of the provisions of the Act or of these regulations;
- (b) that a major alteration of the elevating device has been commenced;
- (c) that the owner of the elevating device has failed to comply with a notice or order of an inspector;
- (d) that the chief inspector reasonably believes that the insurer of the elevating device cancelled or rejected the insurance for the reason that the elevating device or the operation thereof does not comply with the provisions of the Act and of these regulations;
- (e) that the licensee is in arrears for more than 14 days in paying any fee, or expense, or special fee, for which he is liable under the Act or these regulations.

10.(1) Where the chief inspector suspends a licence he shall forthwith serve upon the licensee a notice setting forth

- (a) every condition under which the chief inspector suspended the licence, and
- (b) the effective date the suspension commenced, and
- (c) a transcript of subregulations 2 and 4,

and thereupon the licensee shall immediately return that licence to the chief inspector.

(2) Where the chief inspector has suspended a licence it shall continue to be suspended until the chief inspector

- (a) is satisfied that every condition for which the licence was suspended has been fully remedied; and
- (b) makes an order in writing discontinuing the suspension.

(3) The issue of a true copy of an order made under clause b of subregulation 2 is a circumstance under which a special fee is to be paid and the licensee is designated the person by whom the fee is to be paid.

(4) The licensee shall be entitled to a true copy of the order discontinuing the suspension upon payment of the special fee prescribed in Table 1; but where the suspension has been due to the making of a major alteration to an elevating device and the owner thereof has complied with the provisions of the Act and these regulations in respect of the major alteration, the true copy shall be furnished free of charge.

PART 2

CERTIFICATES OF COMPETENCY

QUALIFICATIONS FOR INSPECTORS AND OTHERS

11.(1) Qualifications for persons who may be appointed inspectors or who may make inspections under the Act are those prescribed in this regulation.

(2) To qualify to be appointed an inspector the person shall

- (a) be 25 years of age or more; and
- (b) obtain a marking of not less than 60 per cent in such examinations as the Minister may require; and
- (c) produce proof of
 - (i) being an engineer, or
 - (ii) having had such training and experience in the design, construction, maintenance, or inspection, of elevating devices to make him competent to discharge his duties capably.

(3) To qualify to make inspections under the Act, a person who is not an inspector shall

- (a) satisfy the requirements of subregulation 2; and
- (b) file with the Minister a letter from an insurer
 - (i) stating that the insurer has employed that person to make inspections for them, or proposes so to do upon his obtaining a certificate of competency, and
 - (ii) certifying that person's integrity and ability to make inspections, and
 - (iii) recommending that a certificate of competency be issued to that person.

ISSUE OF CERTIFICATES AND PERIOD IN FORCE

12. A certificate of competency shall not be issued to a person who does not qualify under regulation 11.

13.(1) An applicant for a certificate of competency shall

- (a) make application in the prescribed form; and
- (b) where the applicant is not an inspector, pay the fee prescribed in Table 1.

(2) An application for a certificate of competency shall be in Form 5.

(3) A certificate of competency shall be in Form 6.

14.(1) A certificate of competency issued to an inspector shall continue in force during the year for which it is issued and so long as he is lawfully discharging his duties as an inspector.

(2) A certificate of competency issued to a person other than an inspector shall continue in force during the year for which it is issued unless sooner suspended or cancelled.

RENEWAL OF CERTIFICATES

15.(1) A certificate of competency issued to an inspector shall be renewed annually

- (a) without application therefor, and
- (b) without charge.

(2) A certificate of competency issued to a person other than an inspector shall be renewed upon that person

- (a) making application in the prescribed form, and
- (b) paying the fee prescribed in Table 1,

on or before the 31st of December of the year for which it is issued.

(3) An application for renewal of a certificate of competency shall be in Form 7.

(4) Where a certificate of competency issued to a person other than an inspector is not renewed under subregulation 2, and the person to whom it was issued does not make any inspections after the expiry date but at any time within the next ensuing 12 months desires to resume making inspections, he may within that period make his application for a renewal with respect to that year, and pay the prescribed renewal fee.

(5) Where a person other than an inspector fails to renew a certificate of competency under subregulation 2 or 4 he shall not obtain a renewal of the certificate after the 12-month period, but he may apply for a new certificate in the manner prescribed by subregulation 3 of regulation 11 and subregulation 1 of regulation 13.

REASONS FOR SUSPENSION OR CANCELLATION

16. The reasons for which a certificate of competency may be suspended or cancelled are that the holder

- (a) is found to be
 - (i) untrustworthy, or
 - (ii) wilfully negligent in making inspections; or
- (b) is proved to have knowingly falsified an inspection report; or
- (c) being an inspector, is found to have a direct or indirect interest in the manufacture, sale, installation or maintenance of elevating devices.

PART 3

DRAWINGS AND SPECIFICATIONS

DESIGN AND CONSTRUCTION OF ELEVATING DEVICES

17. Every elevating device, and all equipment used in connection therewith, shall be so designed and constructed that

- (a) it will at all times under normal conditions ensure safety of persons and freight being carried on it or being near it; and
- (b) it will not travel beyond, nor deviate from, the safe limits of its fixed position or proper line of travel, as the case may be.

FORM AND SUBSTANCE OF DRAWINGS AND SPECIFICATIONS

18.(1) The drawings submitted under the Act shall

- (a) be on strong paper not wider than 36 inches; and
- (b) be
 - (i) original ink drawings, or
 - (ii) clear prints, other than photostats; and
- (c) be prepared in conformity with good draughting practices, and
- (d) have on its face or endorsed on it, a statement, signed in waterproof ink by the person submitting it, that the drawing is identical with all other corresponding drawings submitted with it.

(2) The top sheet of each set of drawings shall set forth the following details:

- (a) the name and address of the owner of the building or premises where the new installation or major alteration is to be made;
- (b) such information as will enable an inspector conveniently to locate that building or premises;
- (c) the name and address of the contractor, if known at that time;
- (d) the name, address, and qualifications, of the person by whom the drawings were prepared;
- (e) indication as to whether passengers or freight, or both, are to be lifted or lowered;
- (f) the maximum capacity of the elevating device.

19. The specifications submitted under the Act that are not embodied on drawings shall bear on the first page thereof a statement, signed in ink by the person submitting them, that all sets of specifications submitted at the same time are identical.

20. Specifications, not embodied in drawings, submitted under the Act shall

- (a) be on good quality paper in sheets not larger than 8½ inches by 14 inches; and
- (b) be printed or neatly typewritten; and
- (c) set forth the details prescribed in all the clauses of subregulation 2 of regulation 18, and for the purposes of this regulation the word "drawings" in clause *d* shall be read as "specifications".

21. In addition to the information given under regulations 18, 19, and 20, drawings and specifications submitted under the Act shall furnish such further information as may be necessary to comply with subsection 2 of section 14 of the Act.

SUBMISSION OF DRAWINGS AND SPECIFICATIONS

22.(1) Subject to subregulation 2, a submission of drawings and specifications for approval under section 14 of the Act shall be

- (a) in Form 8, and
- (b) accompanied by the appropriate fees prescribed in Table 1.

(2) The person submitting drawings and specifications may obtain additional approved sets thereof, without making an application in Form 8, upon

- (a) submitting the additional set or sets, and
- (b) paying the appropriate fee prescribed in Table 1.

PART 4

INSTALLATIONS AND MAJOR ALTERATIONS

23.(1) Before commencing a new installation or major alteration the person making it shall deliver to the chief inspector not less than 72 hours before starting any work other than excavation, written notification of the day and the time he will so commence.

(2) Every installation or alteration shall conform to the drawings and specifications thereof approved under section 14 of the Act.

(3) Upon completion of an installation or alteration, the elevating device shall not be put into use until it has been inspected by an inspector.

PART 5

CONTRACTORS

ANNUAL REGISTRATION

24.(1) No person shall carry on work in Ontario in any branch of the business specified in clause c of section 1 of the Act without being registered as a contractor with the chief inspector under these regulations.

(2) A person shall submit his application for registration as a contractor

- (a) within 15 days after the date these regulations come into force where he is carrying on work as a contractor, or
- (b) before commencing to carry on work as a contractor after the date these regulations come into force,

and thereafter before each 1st of April so long as he continues to act as a contractor.

(3) An application for registration shall be in Form 9.

(4) A registration shall continue in force until the expiry of the 31st of March next following, unless sooner suspended or cancelled.

(5) The fees for first or subsequent registration shall be those prescribed in Table 1.

SUSPENSION OR CANCELLATION

25.(1) The registration of a contractor may be suspended or cancelled where the contractor, or any of his servants with his connivance,

- (a) violates, or fails to comply with, any provision of the Act or these regulations; or
- (b) causes or permits an elevating device to be used at any time while it is under the control of the contractor
 - (i) if it is in an unsafe condition, or
 - (ii) if it is overloaded,

having regard to all the circumstances at that time; or

(c) is so incompetent or negligent in his workmanship as to impair the safety of persons or freight on or about the elevating device; or

(d) knowingly permits any sub-contractor or servant of a sub-contractor to perform his sub-contract or work thereunder in a manner likely to impair the safety of persons or freight on or about the elevating device; or

(e) in or about the elevating device

(i) does any work or act, or

(ii) knowingly permits any sub-contractor or servant of a sub-contractor to do any work or act,

while his ability is impaired by the use of alcohol or a drug.

(2) Where the Minister is reasonably satisfied that a contractor has violated any of the conditions prescribed in subregulation 1 he may suspend the registration of the contractor.

(3) Where the Minister suspends a registration he shall within 5 days serve a notice in writing upon the contractor

(a) giving

(i) the details of every condition alleged to be violated, and

(ii) the nature of the evidence in support thereof, and

(b) appointing the date on, time at, and place at, which the Minister is to hold a hearing under regulation 27.

26. The registration shall continue to be suspended until final disposal under regulation 28.

27. At a hearing

(a) the contractor may be represented by counsel or an agent;

(b) if the contractor is not present nor represented at the date, time, and place, appointed the hearing may proceed and a decision may be made in his absence, or the hearing may be adjourned to a specified date, time, and place;

(c) the contractor or his representative shall be entitled to hear the evidence against the contractor, to cross-examine thereon, to call witnesses in his behalf, and to present his argument; and

(d) where the Minister is satisfied that by reason of being taken by surprise, or for any other good reason, the contractor requires an adjournment of the hearing in order to adduce evidence in his behalf, the Minister shall adjourn the hearing to a specified date, time, and place.

28.(1) After the hearing the Minister shall make an order

(a) discontinuing the suspension, or

(b) continuing the suspension to a specified date not later than the 30th of March next after the date of the suspension, or

(c) cancelling that registration.

(2) The Minister shall cause a true copy of his order to be served on the contractor.

PART 6

ATTENDANTS

29.(1) Subject to subregulation 3, the qualifications for an attendant are

- (a) that he has had such experience in operating an elevator or incline lift, as the case may be, as to enable him

(i) to appreciate all dangers connected therewith, and

(ii) to operate it safely,

with respect to all persons using it as well as with respect to himself and to any freight being carried on it; and

- (b) that he has attained the age of 18 years.

(2) A person learning to be an attendant who has attained the age of 18 years may obtain the necessary experience to qualify under clause *a* of subregulation 1 only under the supervision of a qualified attendant present at all times and ready to take control until the learner has obtained enough experience to qualify.

(3) No qualifications are prescribed or provided for attendants operating automatic elevators or automatic incline-lifts

- (a) while the elevators or incline lifts may be operated only in the manner described in clause *c* of subregulation 4, or

- (b) which are so designed and installed that they may be operated only in that manner.

(4) In subregulation 3 "automatic elevator" or "automatic incline-lift" means elevator, or incline lift, of which the car is equipped with

- (a) an emergency stop-button coloured red and legibly marked with the word STOP, and

- (b) operating buttons

(i) of any colour clearly distinguishable from red, and

(ii) legibly marked with the word or figure to indicate the floor or landing to which they respectively refer, and

- (c) devices which are adjustable, if necessary, to ensure that it may be operated only by means of finger-pressure exerted momentarily or constantly upon an operating button.

PART 7

NOTICES AND MARKINGS

30.(1) The owner shall keep securely fastened and conspicuously displayed

- (a) in the load-carrying unit of each

(i) elevator, or

(ii) dumb-waiter, or

(iii) incline lift other than a ski lift or ski tow, or

- (b) as close as practicable to the bottom landing of each

(i) escalator, or

(ii) manlift, or

(iii) ski lift, or

(iv) ski tow,

a notice in the form of a metal plate setting forth the information required under, and in the manner prescribed in, subregulations 2 and 3.

(2) Subject to subregulation 3, the notice shall set out in letters and numerals not less than $\frac{1}{4}$ inch high

- (a) the words MAXIMUM CAPACITY, and

(b) the number of persons, or the weight in pounds, as determined under these regulations, and

(c) the word PERSONS or the word POUNDS, as the case may be.

- (3) Where

(a) a maximum capacity of an elevating device has been determined both in terms of persons and in terms of pounds, and

(b) the licence in respect of the elevating device designates the maximum capacity both by the number of persons and the weight in pounds,

the notice under subregulation 2 shall include the alternative maximum capacities with the word OR between the capacities.

(4) The owner shall furnish the metal plate containing the notice to be fastened and displayed under subregulation 1.

(5) The owner shall keep securely fastened and conspicuously displayed

- (a) in the load-carrying unit of each

(i) elevator, or

(ii) dumb-waiter, or

(iii) incline lift other than a ski lift or ski tow, or

- (b) as close as practicable to the machine of each

(i) escalator, or

(ii) manlift, or

(iii) ski lift, or

(iv) ski tow, .

a notice in the form of a plate or label, to be supplied by the Department, setting forth the installation number assigned by the Department to that elevating device.

31.(1) Where the licence in respect of an elevator does not designate the maximum capacity in terms of persons, the owner of the elevator shall display a notice, in a conspicuous place in the car or other load-carrying unit of the elevator, in the following form in letters not less than 1 inch high:

FREIGHT-ELEVATOR

NO PERSON OTHER THAN
THE ATTENDANT AND FREIGHT-HANDLERS
SHALL RIDE ON THIS ELEVATOR

(2) The owner of the elevator shall furnish the notice under subregulation 1.

USE, OPERATION, AND MAINTENANCE OF ELEVATING DEVICES

32.(1) No elevating device shall be used or operated, or permitted to be used or operated, unless the owner maintains the elevating device at all times in such condition as will ensure safety in all respects.

(2) No person shall use or operate, or permit to be used or operated, any elevating device unless every plate, label, and notice, referred to in regulations 30 and 31, are maintained in such location and condition as to be at all times clearly legible.

(3) Every elevating device shall be at all times so maintained that it will not travel beyond, or deviate from, the safe limits of its fixed position or proper line of travel, as the case may be.

PART 8

CONDUCT OF PERSONS

33. No person shall conduct himself in or about an elevating device in such manner as to

- (a) impair the safe operation of the elevating device, or
- (b) endanger the safety of
 - (i) himself or any other person, or
 - (ii) freight,
 in or about the elevating device.

34.(1) No person shall remove, displace, interfere with, or damage, any device installed in or about an elevating device for its safe operation, except

- (a) a person making an inspection under the Act, or
- (b) a contractor, or a competent mechanic, for the purpose of making a test or repair.

(2) Where a safety-device has been removed, displaced, interfered with, or damaged, whether under, or in violation of the provisions of, subregulation 1,

- (a) the elevating device shall not be thereafter used or operated for any purpose other than inspection, testing, or repair, until the safety-device has been restored to good working order, and
- (b) the owner and
 - (i) the person making the inspection, or
 - (ii) the contractor, or mechanic, making the test or repair,

as the case may be, shall take such steps as may be necessary to prevent the elevating device being entered, used, or operated, except under clause *a*.

PART 9

FEES AND EXPENSES FOR INSPECTIONS

35. In this Part

- (a) "living-expenses" means reasonable charges for
 - (i) sleeping accommodation, and
 - (ii) meals,
 while the inspector is on duty away from his home; and

(b) "travelling-expenses" means reasonable charges for transportation between

- (i) the place where the inspection is made, and
- (ii) the place where the next inspection is to be made, or the inspector has his office, as the case may be.

36.(1) The fees to be paid on inspections by inspectors under section 6 of the Act, are those prescribed in Table 1.

(2) The fees payable under subregulation 1 shall be paid by the owner of the elevating device.

37.(1) Where an inspection of an elevating device is made

- (a) by an inspector, or
- (b) by a person employed under section 5 of the Act, or
- (c) by any person or inspector referred to in clause *a* or *b* and who makes the inspection at the request of the owner for the purpose of
 - (i) obtaining the grant or transfer of a licence for that elevating device, or
 - (ii) effectuating discontinuance of suspension of a licence, or
 - (iii) any other object,

the owner shall pay the appropriate special fee prescribed in Table 1, as the case may be.

(2) Where

- (a) an inspection is made under any of the circumstances prescribed in subregulation 1 but the elevating device is not in such a condition as to justify the person who makes the inspection recommending the grant, transfer, or discontinuance of the suspension, as the case may be, of the licence; and
- (b) the owner requests further inspection of the elevating device,

the owner shall pay, with respect to each subsequent inspection made at his request, special fees equal to those prescribed under subregulation 1, according to the circumstances.

(3) Where an inspection is unduly delayed, or prolonged, by reason of the owner failing to comply with

- (a) a notice under subsection 1 of section 11 of the Act, or
- (b) a requirement under subsection 2 of that section,

the owner shall pay the additional special fee prescribed in Table 1.

(4) Before an inspection is made by an inspector in any of the circumstances prescribed in subregulation 2 or 3, the owner shall pay to the inspector for the Minister the travelling expenses and living expenses, if any, of the inspector necessarily incurred with respect to making the inspection.

38. Where the chief inspector is satisfied that

- (a) a licence for an elevating device, or
- (b) a certificate of competency, or
- (c) a notice in the form of a plate or label furnished by the Department,

has been lost or mislaid, or so damaged as to be unusable, he may supply a duplicate of the licence, certificate, or notice, to the licensee, holder, or owner, as the case may be, upon payment of the appropriate special fee prescribed in Table 1.

39.(1) Subject to subregulation 2, the fees and special fees to be paid under the Act are those prescribed in Table 1.

(2) Where

- (a) a new installation is completed after the 1st of September in any year, or
- (b) a contractor makes his first application for registration between the 1st of December and the 31st of March following, both inclusive,

the fee for the licence or for registration, as the case may be, shall be one-half the appropriate amount prescribed in Table 1 but not in any event less than \$3.

40. Notwithstanding subregulation 1 of regulation 39, in the year 1954 the fees to be paid under the Act

- (a) for grant of a licence for any elevating device,
- (b) for annual registration of a contractor, and
- (c) on annual inspection of any elevating device,

shall be one-half the appropriate amount prescribed in Table 1.

THE GASOLINE HANDLING ACT

O. Reg. 83/54.
General Regulations.
New and Revoking O. Regs. 270/44
and 61/45 (*C.R.O. 404*).
Made—10th June, 1954.
Filed—11th June, 1954.

REGULATIONS MADE UNDER THE GASOLINE HANDLING ACT

GENERAL REGULATIONS

INTERPRETATION

1. In these regulations

- (a) "bulk-storage plant" means place where petroleum products are kept, stored, or blended, in bulk for the purpose of distributing them by means of vehicles, railway cars, or ships;
- (b) "Class 1 petroleum product" includes gasoline, naphtha, and solvents, but does not include liquified petroleum gas;
- (c) "Class 2 petroleum product" means kerosene and distillate, but excludes fuel oil;
- (d) "liquified petroleum gas" means any substance in gaseous or liquid state consisting of any of the following hydrocarbons separately or together:
 - (i) butane (normal butane and iso-butane),
 - (ii) butylene,
 - (iii) propane,
 - (iv) propylene;
- (e) "mixer" means person who produces any taxable mixture by mixing, combining, or compounding, any constituent of gasoline with any substance or material (whether a constituent of gasoline or not) for the purpose of offering that mixture for sale;
- (f) "motor-vehicle" means automobile, motor-cycle, and any other vehicle propelled or driven on a highway by an internal-combustion engine and, where applicable, includes motor-boat, but does not include the cars of electric or steam railways or other vehicles operated only upon rails;
- (g) "petroleum product" means gasoline, kerosene and distillate;
- (h) "retailer" means person who sells petroleum products for use by a purchaser and not for resale;
- (i) "semi-trailer" means vehicle designed for carrying goods and so constructed that some part of it rests upon some part of another vehicle providing the motive power for it;
- (j) "service station" means premises at which petroleum products are sold and delivered direct to the fuel-tanks of motor-vehicles;
- (k) "stake-truck" means vehicle equipped with a platform;
- (l) "tank-truck" means motor-vehicle having one or more tanks mounted on the frame or chassis of the vehicle;
- (m) "taxable mixture" means mixture, combination, or compound, containing any constituent of gasoline which is taxable under *The Gasoline Tax Act*;
- (n) "tractor" means motor-vehicle designed to provide motive power for a semi-trailer;
- (o) "trailer" means vehicle designed for carrying goods and so constructed that it is drawn by a motor-vehicle but no part of it rests upon that motor-vehicle;
- (p) "transporter" means persons who transports, in a vehicle, petroleum products exceeding 50 gallons at a time;
- (q) "U.S.S.M.G." means United States standard gauge for sheet iron and steel;
- (r) "vehicle" includes tank-truck, stake-truck, trailer, semi-trailer, tractor, and other conveyance designed for the transportation of petroleum products on a highway, and, where applicable, farm-tractor and any similar equipment or machinery propelled by an internal-combustion process, but does not include railway cars; and
- (s) "wholesaler" means person who sells petroleum products for the purpose of resale.

PART 1

LICENCES, FEES, AND RECORDS

2.(1) Licences under the Act shall be:

- (a) "Mixer's Licence", and
- (b) "Licence to Sell", and
- (c) "Transporter's Licence".

(2) Application for a licence shall be in Form 1.

(3) A Mixer's Licence shall be in Form 2.

(4) A Licence to Sell shall be in Form 3.

(5) A Transporter's Licence shall be in Form 4.

3.(1) A licence shall expire with the 31st of December of the year for which it is issued.

(2) A licence shall not be transferable.

4. The fees payable for licences are as follows:

- (a) for a Mixer's Licence, \$1,
- (b) for a Licence to Sell
 - (i) by retail, at the rate of \$1 for each location, and
 - (ii) by wholesale, at the rate of \$10 for each location, and

- (c) for a Transporter's Licence, at the rate of \$1 for each vehicle used by the transporter for transporting petroleum products on a highway.

5. Every wholesaler and every retailer shall keep written records of

- (a) the physical inventory of the quantities of petroleum products he has on hand at the beginning of each month, and
- (b) the quantities of each petroleum product received during the month, and
- (c) the quantities of each petroleum product disposed of during the month, and
- (d) the physical inventory of the quantities of petroleum products he has on hand at the end of each month.

6.(1) The wholesaler or retailer shall retain for a period of 3 years

- (a) the records under regulation 5, and
- (b) every invoice, voucher, and memorandum, relating to the information contained therein.

(2) Whenever so required the wholesaler or retailer shall forward to the Minister a copy of such of those records as the Minister may require.

PART 2

VEHICLES AND TRANSPORTATION

7. This Part does not apply to the fuel-tanks used in the operation of motor-vehicles.

8.(1) Containers for Class 1 or Class 2 petroleum products having a capacity of 50 gallons or more shall conform to the requirements of the regulations respecting the construction of tank-trucks, trailers, semi-trailers.

(2) No Class 1 petroleum product shall be transported in a container having a capacity less than 50 gallons but more than 5 gallons unless the container is clearly marked as conforming to the requirements of Shipping Container Specification 5, 5A, 5B, 5C, 5L, or 5M, as the case may be, of the Board of Transport Commissioners of Canada or of the Interstate Commerce Commission of the United States of America, in force on the 15th of May, 1954.

9.(1) Subject to subregulation 2, where petroleum products are transported by a vehicle so constructed that the containers of the petroleum products are not permanently attached to the chassis of the vehicle, there shall be no more than a single tier of containers on the vehicle.

(2) Subregulation 1 does not apply to the transportation of packages of containers when each package contains petroleum products of not more than 10 gallons total volume.

(3) A tank that is not permanently attached to the chassis of a vehicle shall be firmly secured to a cradle or sill, and the cradle or sill shall be anchored to the body of the vehicle by means of hook-bolts or other equally secure devices.

(4) A tank permitted to be used under subregulation 3 shall not have a capacity greater than 200 gallons.

(5) No container which leaks, or which has become so worn or been so injured as to be likely to spring a leak, shall be used to transport any petroleum product.

10.(1) No tank-truck, or no trailer, or semi-trailer, having one or more tanks mounted on the chassis thereof, shall be operated unless

- (a) it is designed so as not to be easily overturned,
- (b) it is equipped with rubber tires,
- (c) it is in a condition such as it is not likely to break down while on the highway, and
- (d) the tank is not so worn or injured as to be likely to spring a leak.

(2) The tank shall be so supported and attached to the chassis of the vehicle that it will remain fixed in place.

11.(1) Every tank-truck and every trailer shall be operated on not less than 4 wheels.

(2) Every semi-trailer shall be operated on not less than 2 wheels.

12. Every motor-vehicle used in the transportation of petroleum products shall be equipped in front with a heavy-duty steel bumper.

13.(1) No vehicle shall be equipped with any artificial light other than electric.

(2) Lighting circuits shall be at all times maintained in good condition so that a short circuit or sparking is not likely to occur.

14.(1) Every motorized vehicle shall be equipped with not less than one hand-operated fire-extinguisher of a non-freezing type suitable for extinguishing petroleum-product fires.

(2) Every fire-extinguisher shall be

- (a) located on the motorized vehicle so as to be readily accessible, and
- (b) maintained in good, effective, operating condition.

15.(1) Where a tank on a vehicle has a capacity greater than 1200 gallons, each compartment shall be equipped with a shut-off valve

(a) located

- (i) in the outlet inside the shell, or
- (ii) in the sump when it is an integral part of the shell; and

(b) so designed that the valve will be closed at all times except during loading or delivery operations.

(2) The operating mechanism for the shut-off valve shall be provided with a secondary control

- (a) readily accessible for use in case of accident or fire during delivery operations, and
- (b) not near any fill-opening or discharge-faucet.

(3) Each control mechanism shall be provided with a fusible section so as to close automatically in case of fire.

(4) A person owning a vehicle

- (a) on which a tank or compartment has a capacity greater than 1200 gallons, and
- (b) which is used for the transportation of petroleum products at the date on which these regulations come into force,

is exempt from the provisions of sub-regulations 1, 2, and 3, with respect to that vehicle, whether that person owns it on the date specified in clause *b* or acquires it subsequent to that date.

16.(1) Every valve and faucet upon a vehicle shall be protected from injury.

(2) The protection shall be sufficient for these regulations where it is provided

(a) either by the frame of the vehicle or by a steel bumper, or

(b) by some other device giving equal protection.

(3) Every draw-off valve and faucet shall be

(a) threaded at the discharge end, or

(b) so designed as to permit tight connection to the delivery hose.

17. Every valve shall be equipped with a ground-seat or other device to prevent leakage.

18.(1) Every faucet shall be

(a) of the self-closing anti-drip type, and

(b) either equipped with a lock, or so constructed that the handle may be removed only when the faucet is tightly closed.

(2) When a faucet is not in actual use

(a) the handle shall be detached from it, or

(b) the faucet shall be kept locked.

19.(1) The tank of every vehicle shall be electrically bonded to the chassis so that static electricity will be readily discharged.

(2) Before each filling of a vehicle, and before each discharge from a vehicle, proper steps shall be taken to discharge the static electricity.

20.(1) Subject to sub-regulation 2 every tank shall be constructed throughout of open-hearth steel of thickness specified in the following table:

Total carrying capacity of Tank	Thickness of Shell	Thickness of Head
Not more than 1000 gallons	Number 12 U.S.S.M.G.	Number 12 U.S.S.-M.G., if bilged or corrugated, otherwise Number 10 U.S.S.M.G.
More than 1000 gallons	Number 10 U.S.S.M.G.	Number 10 U.S.S.-M.G., if dished, stayed, braced or reinforced; otherwise, Number 8 U.S.S.-M.G.

(2) Material other than open-hearth steel may be used where it has strength not less than that of the steel prescribed in subregulation 1.

(3) The joints of the shell and of the head shall be so tight that there will be no leakage when the joint is subjected to pressure not less than 5 pounds a square inch applied from inside the shell for a period of not less than one hour.

21.(1) Where a tank has more than one compartment there shall be an air-space between the compartments.

(2) Each air-space shall be so constructed as to ensure that any liquid in it will drain to the ground.

22.(1) Each compartment shall be equipped with a vacuum-and-pressure-operating vent having an effective opening of not less than 0.44 square-inch.

(2) Every compartment in which a Class 1 petroleum product is transported shall be equipped with additional venting so constructed as to provide a minimum free-venting opening equivalent to a circular hole having a diameter of 1 29/32 inches.

(3) Where a fusible element is incorporated in the venting under subregulation 2, that element shall be such as will fuse at a temperature not higher than 200 degrees Fahrenheit.

23.(1) Where a tank or a compartment has a length greater than 90 inches, it shall be provided with baffles, and the number of baffles shall be determined under subregulation 2.

(2) The linear distance between any 2 adjacent baffles, or between any tank-head or bulkhead and the baffle nearest to it, shall not exceed 60 inches.

24. No tank having a capacity greater than 1100 gallons shall be used to transport Class 1 petroleum products unless

(a) it is divided into compartments, and

(b) none of the compartments has a capacity greater than 1100 gallons.

25. Every can-box or bucket-box on a vehicle used for transporting a Class 1 petroleum product shall be so constructed, or interlined, that no friction-sparking will occur.

26.(1) For the purpose of subregulation 2 a tank that is not divided into compartments is deemed to be a compartment.

(2) Where a compartment has been used for transporting a Class 1 petroleum product, no Class 2 petroleum product shall be poured into it until every vestige of the Class 1 petroleum product has been flushed or otherwise cleared out of the compartment and from the piping and accessory delivery equipment connected thereto.

27.(1) Every outlet-faucet on a tank-truck shall have securely attached to it a tag of enamelled metal or substantial fibre to denote which class of petroleum product is contained in the tank or compartment from which the faucet leads.

(2) The tag to denote

(a) a Class 1 petroleum product shall be coloured red, and

(b) a Class 2 petroleum product shall be any colour other than red and at all times clearly distinguishable from red.

(3) Every tag shall at all times be kept clean and bright so that its colour is readily recognizable.

28.(1) On any motor-vehicle used for the transportation of petroleum products, the fuel-tank for the vehicle shall be

(a) so located that it is not over or adjacent to the engine, and

(b) equipped so as to vent while it is being filled,

(2) The exhaust system including the exhaust line and muffler shall be

- (a) so located as to be clear from
 - (i) the fuel-system, and
 - (ii) all combustible materials; and
- (b) terminated at the side, or back, of the vehicle so that the fumes or heat from the exhaust will be kept clear of any outlet.

29.(1) In this regulation "Reid Vapour Pressure" means vapour pressure of a hydrocarbon at 37.8 degrees Centigrade or 100 degrees Fahrenheit.

(2) No petroleum product having a Reid Vapour Pressure greater than 16 pounds a square inch shall be transported in a vehicle that does not conform to the requirements prescribed in Part 3.

30. The person in charge of a tank-truck shall

- (a) remain at the faucets of the truck all the time the contents are being discharged, and
- (b) take all precautions necessary to prevent overflow or spilling of the petroleum product being discharged.

31. The person in charge of a vehicle

- (a) while driving, riding upon, loading, unloading, or making delivery from, the vehicle, shall not have in his possession any
 - (i) lighted match, or
 - (ii) lighted lighter, or
 - (iii) lighted pipe, or
 - (iv) lighted cigar, or
 - (v) lighted cigarette; and
- (b) shall do everything in his power to prevent any other person from having in his possession any item enumerated in clause *a* while that person is driving, riding upon, loading, unloading, or taking delivery from, the vehicle.

PART 3

TRANSPORTATION OF LIQUEFIED PETROLEUM GAS

32. In this Part

- (a) "bottle" means pressure vessel as defined in *The Boilers and Pressure Vessels Act, 1951*, and designed or used for containing, storing, distributing, transferring, or otherwise handling, liquefied petroleum gas;
- (b) "fitting" means safety valve, shut-off valve, excess-flow-check valve, reducing valve, gauge-cock, pressure gauge, fusible plug, and other device for the purpose of regulating or controlling flow of gas or liquid; and
- (c) "water-capacity" when used in respect of a bottle, means quantity of water required to fill the bottle, at a temperature of 68 degrees Fahrenheit at atmospheric pressure of 30 inches barometer.

33. This Part

- (a) applies to the highway-transportation of liquefied petroleum gas in bottles having a capacity of 100 gallons or more; and

(b) is supplementary to and not exclusive of any other Part.

34.(1) No vehicle shall be used for the transportation of liquefied petroleum gas, unless

- (a) the bottle conforms to the requirements of this Part, and
- (b) the Transporter's Licence issued with respect to that vehicle is marked under subregulation 2.

(2) The Transporter's Licence with respect to a vehicle which may be used for the transportation of liquefied petroleum gas shall have marked across its face in red ink the words VALID FOR LIQUEFIED PETROLEUM GAS and the marking shall be authenticated by the signature of the Chief Inspector appointed under the Act.

(3) Where an applicant desires to have a Transporter's Licence marked under subregulation 2, he shall make request therefor in writing to the Chief Inspector, stating the number of the Certificate of Approval, or Certificate of Inspection, at that time in force under *The Boilers and Pressure Vessels Act, 1951*, with respect to each bottle to be used, or carried, on that vehicle.

35.(1) No bottle having a water-capacity exceeding 2500 gallons shall be used.

(2) There shall be not more than a single tier of bottles on a vehicle.

(3) No vehicle shall have on it at any time bottles having an aggregate water-capacity exceeding 5000 gallons.

36.(1) Every bottle that is not part of a vehicle shall be conspicuously marked with the words LIQUEFIED PETROLEUM GAS in letters not less than 2 inches high, and of a colour sharply contrasting with the background.

(2) Every vehicle carrying one or more bottles, whether loaded or empty, shall be conspicuously marked by 3 signs bearings the words FLAMMABLE COMPRESSED GAS in letters not less than 6 inches high and of a colour sharply contrasting with the background, and one of the signs shall be on each side, and one at the rear, of the vehicle.

37.(1) Every fitting that is used on or connected to a bottle shall be of a design approved and registered under *The Boilers and Pressure Vessels Act, 1951*.

(2) Every bottle shall be equipped with a pressure gauge.

(3) Every fitting shall be

- (a) securely mounted, and
- (b) protected from being broken or damaged in the course of ordinary use of the bottle.

(4) All threaded fittings shall be of such material and construction as will withstand a gauge-pressure of at least 250 pounds per square inch.

38. Subject to regulations 32 to 37, both inclusive, the construction, equipment and operation of conveyances and containers used for the transportation and storage of liquefied petroleum gas shall conform to the standards of the "Dominion Board of Insurance Underwriters" as established by so much of their rules published in "DBIU Pamphlet No. 58" dated "August 1952" as are set forth in Schedule 1.

PART 4

STORAGE AND HANDLING AT
BULK-STORAGE PLANTS

INTERPRETATION

39. In this Part

- (a) "bulk-storage plant" does not include
 - (i) a service station at which sales are made at wholesale prices, or
 - (ii) the premises on which trucks and other delivery equipment are parked when not in use;
- (b) "bulk-storage tank" means tank installed at a bulk-storage plant;
- (c) "earthwork" means construction composed of clay, shale, or heavy loam, and containing not less than 10 per cent by volume of sand, gravel, or stone;
- (d) "explosion-hazard area" means area, whether inside or outside a bulk-storage plant, in which it is likely that, having regard to all air-currents that may be reasonably anticipated, the air may become so permeated by vapour from a petroleum product as to engender an explosion;
- (e) "gas-proof room" means structure so constructed and maintained that explosive gases cannot permeate the air in the structure;
- (f) "hazard-area limit" means
 - (i) with respect to premises that are fenced under regulation 49, the location of that fencing, or
 - (ii) with respect to other premises, the lot-line of those premises;
- (g) "horizontal tank" means tank so installed that its major axial plane is approximately horizontal;
- (h) "nominal gauge" means, when used with reference to thickness of the shell or other part of a tank, that the plate used in construction of that shell or other part is known in the plate-mill industry as having the specified thickness;
- (i) "pipe-size" means nominal size by which piping is known in the pipe-mill industry;
- (j) "p.s.i." means pounds per square inch;
- (k) "vertical ring" means section of a vertical tank;
- (l) "vertical tank" means tank so installed that its major axial plane is approximately vertical; and
- (m) "waterway" includes stream, river, lake, and dry water-course.

APPLICATION

40.(1) This part

- (a) applies to
 - (i) the construction, equipment and operation of containers used for the transportation of, and
 - (ii) the method, manner, equipment and location of equipment to be used in the handling, storing, selling and disposing, of petroleum products at bulk-storage plants; and
- (b) is supplementary to and not exclusive of any other Part.

(2) Subject to subregulation 3, this Part applies to every bulk-storage plant.

(3) Any person owning a bulk-storage tank that is in use at the date on which these regulations come into force is exempt, with respect to that tank, from the provisions of regulations 43, 44, 45, and 56, whether that person

(a) owns that tank at that date, or

(b) acquires that tank at any time subsequent to that date,

but only so long as that tank remains installed in the same place and position as it is at that date.

CAPACITY AND CONSTRUCTION OF TANKS

GENERALLY

41. No tank installed above-ground or below-ground and consisting of two or more compartments shall be used for any petroleum product unless the compartments are separated by

(a) double bulkheads between which is a suitably drained air-space, or

(b) a flanged single bulkhead so constructed that any liquid or gas seeping or leaking through any seam or joint will escape directly to open air and not between the compartments.

42. The outside of every tank constructed of any ferrous substance, whether galvanized or not, shall be thoroughly coated with suitable rust-resisting material.

CONSTRUCTION

43.(1) In a vertical tank

(a) each vertical ring of one-quarter inch or thicker nominal gauge shall be not less than 5 feet wide;

(b) the top shall be

(i) made of steel having nominal gauge not thinner than Number 10 U.S.S.M.G., and

(ii) dished or cone-shaped;

(c) the joint between the roof and the shell shall be weaker than any other joint in the shell;

(d) all joints in the roof shall be made tight by

(i) welding, or

(ii) riveting, or

(iii) other equally staunch process; and

(e) there shall be no unprotected opening in the roof.

(2) A vertical tank having a capacity itemized in column 1 of Table 1 shall be constructed of steel-plate not thinner than the relevant nominal gauge prescribed in column 2 of the table.

(3) A vertical tank having

(a) capacity more than 1000 gallons, and

(b) a height itemized in column 1 of Table 2,

shall be constructed of steel-plate not thinner than the relevant nominal gauge prescribed in column 2 of the table.

44.(1) In a horizontal tank

- (a) every joint shall be
 - (i) riveted and caulked, or
 - (ii) riveted and welded, or
 - (iii) arc-welded, or
 - (iv) electro-welded, or
 - (v) made staunch by some other process imparting cohesiveness not less than that obtained under sub-clause i, ii, iii, or iv; and
- (b) a head having a diameter greater than 6 feet shall be dished, stayed, braced, or re-inforced.

(2) A horizontal tank

- (a) installed above-ground, and
- (b) having a capacity not more than 1000 gallons, itemized in column 1 of Table 3,

shall be constructed of steel-plate not thinner than the relevant nominal gauge prescribed in column 2 of the table.

(3) A horizontal tank

- (a) installed above-ground, and
- (b) having capacity more than 1000 gallons, and
- (c) having a diameter itemized in column 1 of Table 4,

shall be constructed of steel-plate not thinner than the relevant nominal gauge prescribed in column 2 of the table.

UNDERGROUND TANKS

45.(1) An underground tank having a capacity itemized in column 1 of Table 5 shall, subject to sub-regulations 2 and 3, be constructed of first-quality wrought-iron plate having

- (a) thickness not less than that prescribed in column 2 of the table, and
- (b) weight not less than that prescribed in column 3 of the table.

(2) For a tank not exceeding 1000-gallons capacity, if the plate is galvanized it may be one gauge thinner, and correspondingly lighter, than the specifications prescribed in items 1, 2, or 3, of Table 5 as the case may be according to the size of the tank.

(3) Where a tank is constructed of first-quality

- (a) open-hearth steel-plate, or
- (b) other material stronger than wrought-iron,

the plate may be of such thickness and weight as will impart to it a tensile strength not less than that prescribed in Table 5 and subregulation 2 for wrought-iron tanks.

VENTING AND PRESSURE RELIEF

46.(1) Every tank shall be properly vented by suitably constructed and attached piping.

(2) Vent-piping shall not extend into the tank more than 1 inch.

(3) Vent-openings shall be of a cross-sectional area sufficient to permit free escape of air and vapour when the tank is being filled at its maximum intake capacity.

(4) Except where the fill-intake is controlled automatically by the pressure in the tank, the cross-sectional area of the vent-opening shall be not less than that of a pipe of 1-inch internal diameter.

(5) Subject to subregulations 6 and 7, every tank shall be individually vented.

(6) A battery of tanks containing petroleum products of the same class may be individually vented into a common header.

(7) Where a header is used under subregulation 6,

- (a) the header shall be at least one pipe-size larger than the largest individual vent-pipe connected to it;
- (b) each individual vent-pipe shall be provided with a screen between the tank and the header; and
- (c) no individual vent-pipe shall be connected to the header at a point that is less than one foot above the level of the top of the highest reservoir from which the tank may be filled.

(8) Every header and every vent-pipe not connected into a header shall

(a) be provided with

- (i) a weather-proof hood, and
- (ii) a flame arrester; and

(b) terminate in open air

- (i) not less than 12 feet above general grade-level, and
- (ii) not less than 2 feet distant horizontally from any window, door, air-inlet, or other opening, through which fumes can enter a building.

47.(1) A tank installed above-ground shall

(a) have vent-openings sufficient to permit free outflow or inflow of air normal to

- (i) filling or emptying operations, and
- (ii) temperature changes,

so that neither the shell nor the roof will be distorted under normal pressures; and

(b) be equipped with

- (i) flame-arresters, or
- (ii) venting devices that normally remain closed except when subjected to pressure or vacuum.

(2) A tank installed above-ground shall also be

- (a) so constructed that, or
- (b) equipped with suitable devices so that,

abnormal internal pressures in the tank, that might rupture the shell or bottom, will be relieved.

(3) In a vertical tank the relief of abnormal internal pressure may be provided by means of a weakened seam or joint in the roof.

(4) In a vertical or horizontal tank, relief of abnormal internal pressure may be provided by a

- (a) self-closing man-hole cover, or
- (b) man-hole cover so constructed that it lifts when the internal pressure exceeds a pre-determined amount, or
- (c) system of emergency relief-valving.

(5) When any device under subregulation 4 is used, the device shall be deemed to be adequate for a tank having a capacity itemized in column 1 of Table 6 when the device

- (a) permits escape of air at a rate not less than that set out in column 2 of the table, or
- (b) has free circular opening set forth in column 3, 4, 5, or 6, of the table as the case may be.

LOCATION AND SPACING

48.(1) No bulk-storage tank shall be installed inside or underneath a building.

(2) Every above-ground bulk-storage tank shall be installed in a location where it can be properly diked so as to prevent any petroleum product from flowing by any manner into a congested area in the event of

- (a) the product being spilled, or
- (b) the tank being ruptured.

(3) No bulk-storage tank shall be used unless it complies with the requirements of this Part.

49.(1) Where the aggregate capacity of the bulk-storage tanks at a bulk-storage plant exceeds

- (a) 50,000 gallons of Class 1 petroleum products, or
- (b) 120,000 gallons of petroleum products of any class,

the plant, or so much thereof as is occupied by the tanks and any diking, shall be so located that they are entirely surrounded by continuous, strong fencing and gates, conforming to the specifications set forth in subregulations 2 and 3.

(2) The fencing shall

- (a) be not less than 6 feet high;
- (b) be of firmly-meshed steel wire
 - (i) of a gauge not smaller than U.S.S.M.G. Number 9, and
 - (ii) so fabricated that no mesh will permit, or be capable of being distorted so as to permit, passage of any object having a cross-sectional major axis of 6 inches or more; and
- (c) be rigidly supported by substantial posts
 - (i) at intervals not exceeding 12 feet, and
 - (ii) securely embedded into the ground.

(3) Every gate in the fencing shall

- (a) conform to the requirements of clauses *a* and *b* of subregulations 2; and
- (b) be equipped with such devices as will ensure the gate being securely closed when so required under these regulations.

50.(1) Subject to subregulations 2, 3, and 4, every bulk-storage tank shall be so located within the premises occupied by the bulk-storage plant that

- (a) no part of a tank itemized in column 1 of Table 7 shall be closer to the hazard-area limit than the distance prescribed in column 2 of the table; and
- (b) any two tanks itemized in column 1 of Table 8 that are installed above-ground shall have clear air-space between them not less than the distance prescribed in column 2 of that table.

(2) Vertical tanks and horizontal tanks that are

- (a) installed above-ground, and
- (b) used for filling or loading conveyances for any class of petroleum products,

may be installed in batteries that comply with subregulation 3.

(3) A battery of tanks under subregulation 2

- (a) shall not have an aggregate capacity greater than 120,000 gallons; and
- (b) shall not comprise any tank having a capacity greater than 20,000 gallons; and
- (c) shall be so installed that there shall be not less than 1-foot clear air-space between any two of its component tanks.

(4) For the purpose of subregulation 1 and tables 7 and 8, a battery of tanks conforming to subregulation 3 shall be deemed to be equivalent to a single tank having a capacity equal to the aggregate capacity of all the tanks in the battery.

DIKING REQUIRED

51. In a bulk-storage plant that is, or is lawfully required to be, diked the diking shall conform to regulations 52.

52.(1) Every dike shall

- (a) consist of
 - (i) natural topography, or
 - (ii) adequately bonded masonry, or
 - (iii) concrete, or
 - (iv) earthwork conforming to subregulation 2; and
- (b) be impervious to petroleum products; and
- (c) be of solid, uninterrupted, construction without any opening except such as conform to subregulation 3; and
- (d) have dimensions which will ensure that the volume of liquids it will contain is equal to
 - (i) the capacity of the largest tank, and
 - (ii) ten per cent of the aggregate capacity of all the other tanks

located within that dike.

(2) An earthwork dike shall

- (a) have a flat top
 - (i) not less than 2 feet wide, and
 - (ii) protected against erosion by sodding or other adequate means; and

- (b) be sloped on each side at such an angle as will maintain the dike intact according to
 - (i) the nature of its component materials, and
 - (ii) the vibrations and other soil-disturbances reasonably foreseeable in that locality.

(3) Where it is necessary to pass piping through a dike, the aperture through which the piping passes shall be so constructed that no petroleum product can seep through it.

(4) Except as permitted under subregulation 3, every pipe traversing a dike shall pass

- (a) over it, or
- (b) under it at least 3 feet below its base.

53. All dry grass, weeds, shubbery, trees, and combustible materials of any nature, shall be at all times kept cleared away from

- (a) the space within a dike, and
- (b) the sides and top of the dike.

UNDERGROUND TANKS

54.(1) No bulk-storage tank installed underground shall

- (a) have capacity greater than 20,000 gallons, or
- (b) be so located that it is less than 3 feet from a building.

(2) Every underground bulk-storage tank shall be so installed that its top

- (a) is below the level of any piping connected to the tank; and
- (b) subject to subregulation 3, is at least 3 feet below the surface of the ground.

(3) Where, by reason of solid rock substratum, it is not practicable to comply with the requirements of clause b of subregulation 2, a tank may be so installed that

- (a) at least 75 per cent of its mass is below ground-level, and
- (b) the part above ground-level is entirely covered with earth to a depth not less than 2 feet.

55.(1) Piping that is connected to an underground tank, shall be so installed and maintained that

- (a) it slopes toward the tank, and
- (b) is connected on the top of the tank, and
- (c) is without traps or pockets.

(2) The intake-end of a filling-pipe for an underground tank

- (a) shall not be located
 - (i) inside any building, or
 - (ii) at a distance less than 5 feet measured horizontally from any door, window, basement-opening, or cellar-opening, fire-escape, or other mode of exit from a building; and
- (b) subject to subregulation 3, shall be equipped with a tight-fitting cap which shall be kept closed except during filling operations.

(3) Where the intake-end of a filling-pipe is below, or at, ground level it shall be set in a metal box equipped with a cover.

EQUIPMENT

56. Where a bulk-storage tank installed above-ground has piping, or a fitting, connected to it at any point below the highest level to which the petroleum product will rise, that piping or fitting shall be provided with an internal or external control-valve located as near as practicable to the shell of the tank.

57. Where an internal-combustion engine is installed within a bulk-storage plant

- (a) it shall be so located that it is not
 - (i) underneath a tank, or
 - (ii) within an explosion-hazard area; and
- (b) the exhaust-pipe shall terminate
 - (i) not less than 1 foot outside any building, and
 - (ii) not within an explosion-hazard area.

58.(1) Where an electric motor is installed in a bulk-storage plant

- (a) it shall be so installed that it is not
 - (i) underneath a tank, or
 - (ii) within an explosion-hazard area unless the motor is of an explosion-proof type; and
- (b) every switch operating within an explosion-hazard area in conjunction with the motor shall be of an oil-immersed, or other explosion-proof, type.

(2) This regulation is subject to, and supplementary to, regulations made under *The Power Commission Act*.

59. Every pump operated in a bulk-storage plant

- (a) by an electric motor other than of explosion-proof type, or
- (b) by an internal combustion engine,

shall be separated from that motor or engine by a gas-proof partition.

OPERATION

60.(1) Petroleum products shall be taken out of a bulk-storage tank by

- (a) force of gravity, or
 - (b) suction, or
 - (c) any other mode that does not increase the internal pressure within the tank.
- (2) No person shall use
- (a) water, or
 - (b) steam, or
 - (c) gas, or
 - (d) air,

under pressure for the purpose of delivery or removing petroleum products stored in a bulk-storage tank.

61. At all times when a petroleum product is being
- (a) received at, or
 - (b) loaded into conveyances at, or
 - (c) handled at, or
 - (d) delivered from,

a bulk-storage plant, there shall be in constant, immediate, attendance at the specific place where it is taking place a person competent to supervise the operation.

62.(1) At all times when a bulk-storage plant which is required to be fenced under regulation 49

- (a) is not in actual operation, or
- (b) is without the attendance of any person competent to supervise operations,

all gates and other modes of ingress shall be securely closed and locked.

(2) In a bulk-storage plant that is not fenced, all valves in the plant shall be securely fastened by locks at all times referred to in clause *a* and *b* of subregulation 1.

PART 5

RETAIL OUTLETS

INTERPRETATION

63. In this Part

- (a) "clear-vision pump" means dispensing equipment having a bowl or tank of glass, plastic, or other transparent material, in which a petroleum product is temporarily contained prior to being dispensed;
- (b) "dispensing equipment" includes
 - (i) pump, or
 - (ii) measure, or
 - (iii) measuring-device, or
 - (iv) apparatus commonly known as 'gasoline-pump', or
 - (v) portable container;
- (c) "empty" when used with reference to a metal container for a petroleum product, means voided of its contents as far as is practicable by suction or pouring;
- (d) "highway" includes a common and public highway, street, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, designed and intended for, or used by, the general public for the passage of vehicles.

STORAGE OF PETROLEUM PRODUCTS

64. At a service station, petroleum products shall be stored only

- (a) underground as provided in regulation 65, or
- (b) above-ground as provided in regulation 66.

65.(1) The provisions of regulations 41, 42, 45, 46, 54 (except clause *a* of subregulation 1 thereof), 55, 57, 58, 59, 60, and 61, shall apply to underground storage-tanks at a service station, and for this purpose the words "bulk-storage plant" wherever they occur in those regulations shall be deemed to read "service station".

(2) No tank shall be

- (a) of capacity greater than 5000 gallons, or
- (b) located closer than 3 feet measured horizontally from any
 - (i) building, or
 - (ii) limit of the service-station premises.

(3) Not more than 20,000 gallons of Class 1 petroleum products shall be stored at a service station.

66.(1) Except when stored at a distance of 50 feet or more from a building, no petroleum products in quantities exceeding 45 gallons of Class 1 products and 300 gallons of Class 2 products shall be stored above-ground at a service station.

(2) All petroleum products stored above-ground shall be stored in closed, metal, containers distinctly marked with the word "gasoline", "kerosene", or "distillate", as the case may be.

(3) A standard drum or other metal container that is equipped with a pump shall be deemed to be 'closed' only when the connection between the pump and the container is of a vapour-tight type.

(4) No container for a Class 1 petroleum product shall be stored or handled in a basement, cellar, or pit.

(5) Every container at a service station shall be kept tightly closed when disconnected from the pumping-apparatus.

(6) Subregulations 1, 2, 3, and 4, shall apply to storage of empty containers except in so far as the operator of the service station has

- (a) from the Fire Marshal, or
- (b) from the Chief Officer of the Fire Department in the municipality concerned,

written permission to store empty containers in quantities larger than, or places other than, those prescribed for full or partly filled containers by those four subregulations.

DISPENSING EQUIPMENT

67.(1) Except at a service station

- (a) licensed and in operation on the day these regulations come into force, and
- (b) for which electric power is not available,

no clear-vision pump shall be used or installed at any service station.

(2) No fixed dispensing-equipment shall be installed within the service-station premises

- (a) at a distance less than 8 feet from the limit of any highway, or
- (b) inside any wholly enclosed part of a building.

(3) In subregulations 2 and 4, "wholly enclosed" includes having doors or other provision capable of impeding egress or ingress, or escape of fumes.

(4) Where a person operates a service station on the date on which these regulations come into force within which there is fixed dispensing-equipment installed inside any wholly enclosed part of a building, that person is exempted from the provisions of clause *b* of subregulation 2 with respect to that fixed dispensing-equipment so long as it remains in the same position as it is on that date.

(5) Petroleum products shall be transferred from the tanks or containers in which they are stored to the dispensing-equipment, only by means of pumping.

(6) Every electrically-operated pump shall have an easily accessible remote-control switch.

(7) Subregulation 6 is supplementary to and not in substitution for or variation of the requirements of regulations under *The Power Commission Act*.

(8) Every hose through which a petroleum product is dispensed by means of gravity, or electric pumping, shall be equipped with a valved-nozzle.

(a) of non-magnetic material, and

(b) so constructed that the valve

(i) can be kept open only by manual pressure, and

(ii) closes automatically immediately the manual pressure is released.

PORTABLE CONTAINERS

68. A portable container for Class 1 petroleum products shall

(a) be of capacity not greater than 5 gallons; and

(b) be of strong metal-construction; and

(c) be so constructed as not to leak when in any position; and

(d) have each opening fitted with a cap or valve that

(i) closes on a gasket which does not deteriorate from contact with gasoline, and

(ii) is held securely in the closed position by a screw-thread, or by a spring-loaded hinge, or by a camlocking-device; and

(e) be provided with a carrying handle; and

(f) be painted or enamelled a bright red colour; and

(g) bear, in a contrasting colour, readily legible warning that the contents

(i) are dangerous, and

(ii) must not be exposed to flame or fire, and

(iii) must not be used for cleaning purposes.

DISPENSING

69.(1) No person shall dispense a petroleum product at a service station otherwise than

(a) by means of apparatus commonly known as 'gasoline-pump', or

(b) subject to subregulation 2, in a standard drum complying with specifications prescribed in subregulation 2 of regulation 8, or

(c) in a portable container complying with the requirements of regulation 68.

(2) Class 1 petroleum products shall not be dispensed by a service station under clause *b* of subregulation 1 in a standard drum having a capacity

(a) less than 5 gallons, or

(b) more than 50 gallons.

(3) This regulation does not apply to the taking of test-samples by any authorized representative

(a) of the Government of

(i) Canada, or

(ii) Ontario, or

(b) of the wholesaler who supplied the product to the service station, or

(c) of an analytical chemist whose expert opinion is required with respect to that product.

70.(1) At a service station no person shall dispense a Class 1 petroleum product to the fuel-tank of a motor-vehicle while the engine of the motor-vehicle is running.

(2) Subject to subregulation 3, no petroleum product shall be dispensed to the fuel-tank of a motor-vehicle while any part of the motor-vehicle, or of any vehicle attached to it, is on a highway.

(3) Subregulation 2 does not apply to dispensing a quantity of petroleum products, not exceeding 5 gallons, from a portable container to a motor-vehicle immobilized on a highway by reason of lacking sufficient fuel to enable it to proceed to a service-station reasonably convenient to the vehicle at that time.

71.(1) All dispensing of Class 1 petroleum products at a service station shall be done by a competent person authorized by the owner, lessee, or other person lawfully in charge of that service station.

(2) No person shall at any service station

(a) permit, or

(b) have facilities for,

dispensing Class 1 petroleum products by any mode commonly known as 'self-serve'.

DISPENSING TO MOTOR-BOATS

72.(1) Regulation 71 applies to service stations dispensing petroleum products to motor-boats.

(2) At those service stations every gasoline-pump shall be firmly installed on

(a) shore, or

(b) a rock, or

(c) a strong dock; wharf, or pier.

FIRE-PRECAUTIONS

73.(1) A person dispensing a petroleum product at a service station

(a) shall take all precautions necessary to prevent overflow or spilling of the product being dispensed; and

(b) shall not have in his possession any

(i) lighted match, or

(ii) lighted lighter, or

(iii) lighted pipe, or

(iv) lighted cigar, or

(v) lighted cigarette.

SCHEDULE 1

B. 6. CONTAINER VALVES AND ACCESSORIES

(d) Liquid level gauging devices which are so constructed that outward flow of container contents shall not exceed that passed by a No. 54 drill size opening, need not be equipped with excess flow valves.

(e) Openings from tank or through fittings attached directly on tank to which pressure gauge connection is made need not be equipped with shut-off or excess flow valves if such openings are restricted to not larger than No. 54 drill size opening.

2.6. INSTALLATION OF STORAGE CONTAINERS

(f) Containers with foundation attached (portable or semi-portable containers with suitable steel "runners" or "skids" and popularly known in the industry as "skid tanks") shall be designed, installed and used in accordance with these rules subject to the following provisions:

1. If they are to be used at a given general location for a temporary period not to exceed 6 months they need not have fire-resisting foundations or saddles but shall have adequate ferrous metal supports.

2. They shall not be located with the outside bottom of the container shell more than 5 ft. above the surface of the ground unless fire-resisting supports are provided.

3. The bottom of the skids shall be not less than 2 inches or more than 12 inches below the outside bottom of the container shell.

4. Flanges, nozzles, valves, fittings and the like, having communication with the interior of the container shall be protected against mechanical injury.

NOTE: It is recommended that such containers should have outlets only in the heads.

5. When not permanently located on fire-resisting foundations, piping connections shall be sufficiently flexible to minimize possibility of breakage or leakage of connections if container settles, moves, or is otherwise displaced.

6. Skids, or lugs for attachment of skids, shall be secured to container in accordance with the code or rules under which the container is designed and built (with a minimum factor of safety of four) to withstand loading in any direction equal to four times the weight of the container and attachments when filled to the maximum permissible loaded weight.

3.2. CONTAINER VALVES AND ACCESSORIES

(a) All valves shall be safeguarded against mechanical injury due to collision, overturning or other emergency.

(b) Filling connection shall be provided with approved automatic back-pressure check valves, excess-flow check valves or quick-closing internal valves to prevent excessive escape of gas in case the filling connection is broken, except that where the filling and

discharge connect on a common opening in the container shell, and that opening is fitted with a quick-closing internal valve as specified in Sec. 3.2(c), the automatic valve shall not be required. In addition every inlet and outlet connection shall be equipped with a manually or automatically operated shut-off valve.

(c) All other connections to containers, except safety relief and liquid level gauge connections, shall be provided with suitable automatic excess flow valves, or in lieu thereof may be fitted with quick-closing internal valves, which, except during delivery operations, shall remain closed. The control mechanism for such valves may be provided with a secondary control remote from the delivery connections and such control mechanism shall be provided with a fusible section (melting point not over 220°F.) which will cause the internal valve to close automatically in case of fire.

(d) All container inlets and outlets, except safety relief valves, liquid level gauging devices, and pressure gauges, shall be labeled to designate whether they communicate with vapour or liquid space. Labels may be on valves.

(e) Each container shall be equipped with a suitable pressure gauge.

3.3. PIPING AND FITTINGS

(a) All piping, tubings and fittings shall be securely mounted and protected against damage and breakage.

(b) All ferrous threaded fittings and threaded pipe shall be designed for a minimum working pressure of 250 p.s.i.g.

3.4. SAFETY DEVICES

(a) The discharge from safety relief valves shall be vented away from the container and upward and unobstructed to the open air in such a manner as to prevent any impingement of escaping gas upon the container; loose fitting rain caps shall be used. Size of discharge lines from safety relief valves shall be not smaller than the nominal size of the relief valve outlet connection. Suitable provision shall be made for draining condensate which may accumulate in the discharge pipe.

(b) Any portion of piping between tank and pump inlet or any wet hose which at any time may be closed at each end should be provided with relief valve to prevent excessive pressure developing.

(c) If tank filling connections are located at a distance of more than 20 feet from the truck, the pump discharge shall be provided with an excess flow valve to prevent escape of liquid in the event of hose or connection failure beyond the pump.

3.6. TRANSFER OF LIQUIDS

(a) LOADING TRUCK, TRAILER, AND SEMI-TRAILER CONTAINERS. Truck, trailer, and semi-trailer containers shall be loaded by weight, by meter, or by suitable liquid level gauging device.

(b) Pumps or compressors shall be designed for use with LP-Gas and shall be installed as follows:

1. They shall be properly protected and may be mounted upon liquefied petroleum gas tank trailers, trucks, or semi-trailers with driving power provided by the truck motor power take-off, separate internal combustion engine, hand, mechanical, hydraulic or electrical means.

2. The pumps, except constant speed centrifugal pumps, shall be equipped with suitable pressure actuated by-pass valves permitting flow from pump discharge to pump suction or back to container when the pump discharge pressure rises above a pre-determined point. Pump discharge from positive displacement pumps shall also be equipped with a spring-loaded safety valve of non-leaking type, set at a pressure not to exceed 35 per cent higher than the pre-determined setting of the by-pass valve.

3.7. MOUNTING CONTAINERS ON TRUCK, SEMI-TRAILER OR TRAILER VEHICLE.

(a) A suitable "stop" or "stops" shall be mounted on the trucks, semi-trailer or trailer or on the container, in such a way that the container shall not be dislodged from its mounting due to the vehicle coming to a sudden stop. Back slippage shall also be prevented by proper methods.

(b) A suitable "hold down" device shall be provided which will anchor the container at one or more places on each side of the container to the truck, semi-trailer or trailer frame so as to minimize loosening due to vibration.

3.8. ELECTRICAL EQUIPMENT AND LIGHTING

(a) Tank trucks, tank trailers, and tank semi-trailers, shall not be equipped with any artificial light other than electricity. Lighting circuits shall have suitable over-current protection (fuses or automatic circuit breakers); the wiring shall have sufficient carrying capacity and mechanical strength, and shall be suitable secured, insulated and protected against physical damage.

3.9. TRAILERS AND SEMI-TRAILERS

(a) All trailers shall be firmly and securely attached to the vehicle drawing them by means of suitable draw-bars, supplemented by safety chains.

(b) Every trailer or semi-trailer shall be equipped with a reliable system of brakes, and adequate provision shall be made for its efficient operation from the driver's seat of the vehicle drawing the trailer.

(d) Four-wheeled trailers shall be of a type of construction which will prevent the towed vehicle from whipping or swerving from side to side dangerously and will cause it to follow substantially in the path of towing vehicle.

(e) Where a fifth wheel is employed, it shall be ruggedly designed, securely fastened to both units, and equipped with a positive locking mechanism which will prevent separation of the two units, except by manual release.

3.10. METALLIC CONNECTIONS

(a) Tank, chassis, axles and springs shall be metallically connected.

(a) Tank, chassis, axles and springs shall be metallically connected.

3.11. EXHAUST SYSTEMS

(a) The exhaust system, including muffler and exhaust line, shall have ample clearance from the fuel system and combustible materials. Truck muffler and exhaust pipe shall be placed as far as practicable from any tank valves, pumps or piping.

(b) Muffler cut-out shall not be used.

3.12. EXTINGUISHERS REQUIRED

(a) Each truck or tractor shall be provided with at least one approved hand fire extinguisher of a type suitable for gas fires. Extinguishers of the dry chemical or carbon dioxide type are suitable. Extinguishers should have a net content of not less than 15 pounds.

3.14. PROTECTION AGAINST COLLISION

(a) Each tank truck and trailer shall be provided with properly attached steel bumpers or chassis extension which shall be so arranged as to protect the tank, piping, valves and fittings in case of collision.

3.15. CHOCK BLOCKS

(a) Chock blocks shall be provided for the rear wheels and chained permanently to the vehicle. Such blocks shall be stored in suitable carriers when not in use. These blocks shall be placed at rear wheels to prevent rolling of the vehicle whenever it is parked including loading and unloading operations.

3.16. SKID TANKS

(a) Skid tanks shall not be used in place of tank trucks, tank trailers or tank semi-trailers for regular deliveries. They shall be employed only where there is a necessity for their joint use as a transport and storage unit. Where skid tanks are used they shall comply with all requirements of this Division and with Section 2.6(f).

THE INDUSTRIAL STANDARDS ACT

O. Reg. 85/54.
Schedule for the Carpentry Industry
in the Owen Sound Zone.
New and Revoking O. Regs. 187/51.
Made—10th June, 1954.
Filed—11th June, 1954.

REGULATIONS MADE UPON THE RECOMMENDATION OF THE MINISTER UNDER THE INDUSTRIAL STANDARDS ACT

1. The schedule appended hereto shall be in force during pleasure within the zone and be binding upon the employers and employees in the industry referred to in the schedule.

2. Ontario Regulations 187/51 are revoked.

3. These regulations come into force on the tenth day after the publication thereof in THE ONTARIO GAZETTE under *The Regulations Act*.

SCHEDULE FOR THE CARPENTRY INDUSTRY IN THE OWEN SOUND ZONE

INTERPRETATION

1. In this schedule "holiday" means

- (a) Sunday,
- (b) New Year's Day,
- (c) Good Friday,
- (d) Dominion Day,
- (e) Labour Day, and
- (f) Christmas Day.

HOURS OF WORK

2. The regular working periods for the industry shall be

- (a) a regular working-week consisting of not more than
 - (i) 44 hours from and including the 1st of November to and including the 31st of March, and
 - (ii) 45 hours from and including the 1st of April to and including the 31st of October

of work to be performed during the regular working-days, and

- (b) a regular working-day consisting of not more than
 - (i) 8 hours of work to be performed on Monday, Tuesday, Wednesday, Thursday, and Friday, between 8 a.m. and 5 p.m., and 4 hours of work to be performed on Saturday between 8 a.m. and midday, from and including the 1st of November to and including the 31st of March, and
 - (ii) 9 hours of work to be performed on Monday, Tuesday, Wednesday, Thursday, and Friday, between 7.30 a.m. and 5.30 p.m. from and including the 1st of April to and including the 31st of October.

3.(1) Subject to subsection 2, where the work cannot reasonably be performed during the hours prescribed in clause *b* of section 2, it may be performed during any other hours; and this work shall be night work.

(2) An employee shall not perform work under subsection 1 during any 24-hour period

- (a) from and including the 1st of November to and including the 31st of March, exceeding 8 hours, or
- (b) from and including the 1st of April to and including the 31st of October, exceeding 9 hours.

MINIMUM RATE OF WAGES

4.(1) The minimum rate of wages shall be \$1.50 an hour for

- (a) work performed during the regular working periods,
- (b) night work, and
- (c) work performed on Saturday
 - (i) not exceeding 4 hours after midday, from and including the 1st of November to and including the 31st of March, and
 - (ii) not exceeding 8 hours from and including the 1st of April to and including the 31st of October,

to permit the pouring of concrete.

(2) The minimum rate of wages in subsection 1 shall not apply to overtime work.

SHIFT WORK

5.(1) Where the work is performed in two or more shifts, and if an employee in any 24-hour period works not more than

- (a) 8 hours, from and including the 1st of November to and including the 31st of March, or
- (b) 9 hours, from and including the 1st of April to and including the 31st of October,

the employee shall be deemed to be employed during a regular working-day.

(2) An employee who works on a night-shift shall be entitled, as a minimum, to wages for

- (a) 8 hours for work of 7 hours, from and including the 1st of November to and including the 31st of March, and
- (b) 9 hours for work of 8 hours, from and including the 1st of April to and including the 31st of October.

(3) In all cases governed by subsection 1 no overtime work shall be performed.

(4) Where two or more shifts are worked on the same job, only one shift shall be a day-shift.

OVERTIME WORK

6. Work performed in the industry

- (a) at any time other than during the working periods prescribed in sections 2, 3, and 5, and clause *c* of subsection 1 of section 4, and
- (b) on a holiday

shall be overtime work.

7.(1) No work shall be performed in the industry on a holiday except

- (a) in cases of extreme necessity where life or property is jeopardized, or
- (b) on repairs to buildings where the repair work is necessary to prevent the loss of employment to persons who are regularly employed in the buildings.

(2) All work performed under subsection 1 shall be performed only where the advisory committee has issued a permit therefor.

(3) The advisory committee is authorized to issue the permits subject to the terms and conditions of this schedule.

8. No permit for overtime work shall be issued to any person other than an employer.

RATES OF WAGES FOR OVERTIME WORK

9. The rate of wages for overtime work performed in any 24-hour period shall be

- (a) \$2.25 an hour for the first 4 hours of overtime work, and
- (b) \$3 an hour for all subsequent overtime work.

ADVISORY COMMITTEE

10. The advisory committee is authorized to fix a minimum rate of wages lower than the rate fixed by this schedule for an individual who is handicapped.

REGULATIONS MADE UPON THE RECOMMENDATION OF THE MINISTER UNDER THE INDUSTRIAL STANDARDS ACT

1. The schedule appended hereto shall be in force during pleasure within the zone and be binding upon the employers and employees in the industry referred to in the schedule.

2. Ontario Regulations 26/51 are revoked.

3. These regulations come into force on the tenth day after the publication thereof in THE ONTARIO GAZETTE under *The Regulations Act*.

SCHEDULE FOR THE PLUMBING AND HEATING INDUSTRY IN THE WINDSOR ZONE

INTERPRETATION

1. In this schedule "holiday" means

- (a) Saturday,
- (b) Sunday,
- (c) New Year's Day,

- (d) Good Friday,
- (e) Victoria Day,
- (f) Dominion Day,
- (g) Windsor Civic Holiday,
- (h) Labour Day,
- (i) Thanksgiving Day, and
- (j) Christmas Day.

HOURS OF WORK

2. The regular working periods for the industry shall be

- (a) a regular working-week consisting of not more than 40 hours of work to be performed during the regular working-days, and
- (b) a regular working-day consisting of not more than 8 hours of work to be performed on Monday, Tuesday, Wednesday, Thursday, and Friday, between 8 a.m. and 5 p.m.

MINIMUM RATE OF WAGES

3. The minimum rate of wages for work performed during the regular working periods shall be \$2.25 an hour.

SHIFT WORK

4.(1) Where the work is performed in two or more shifts, an employee shall not be subject to the opening and closing hours of the regular working-day but work in excess of 8 hours in any 24-hour period shall be overtime work except where performed by a key man or a foreman while engaged in instructing the employees of the on-coming shift.

(2) An employee who works on a night-shift shall be entitled, as a minimum, to wages for 8 hours for work of 7 hours.

OVERTIME WORK

5. Work performed in the industry

- (a) at any time other than during the working periods prescribed in sections 2 and 4, and
- (b) on a holiday

shall be overtime work.

6.(1) No overtime work shall be performed in the industry without a permit from the advisory committee.

(2) The advisory committee is authorized to issue the permits subject to the terms and conditions of this schedule.

7. No permit for overtime work shall be issued to any person other than an employer.

RATES OF WAGES FOR OVERTIME WORK

8. The rate of wages for overtime work shall be

- (a) \$2.25 an hour for overtime work on emergency repairs performed between 8 a.m. and midday on Saturday where the owner of the shop does not
 - (i) work on emergency repairs, and
 - (ii) employ more than one journeyman-mechanic on the emergency repairs, and
- (b) \$4.50 an hour for all other overtime work.

ADVISORY COMMITTEE

9. The advisory committee is authorized to fix a minimum rate of wages lower than the rate fixed by this schedule for an individual who is handicapped.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 87/54
The Bradford-marsh Fresh-vegetable
Growers' Marketing Scheme.
Amending O. Regs. 228/52/
Made—10th June, 1954.
Filed—15th June, 1954.

REGULATIONS MADE UNDER THE FARM
PRODUCTS MARKETING ACT

1. Regulation 1 of Ontario Regulations 228/52 is revoked and the following substituted therefor:

1. The scheme in schedule 1 is approved and declared to be in force in that part of Ontario described in clause *a* of section 2 of the schedule.

2. Clause *a* of section 2 of schedule 1 of Ontario Regulations 228/52 is revoked and the following substituted therefor:

(a) "area" means that part of Ontario comprising those parts of the townships of West Gwillimbury and Tecumseth in the County of Simcoe and the townships of East Gwillimbury, King and North Gwillimbury in the County of York within a line located as follows:

Commencing at the centre of the intersection of that part of the King's Highway known as number 27 with that part of the King's Highway known as number 88, thence southerly along the centre of that part of the King's Highway known as number 27 to its junction with a road known as Newmarket Side Road, at the northerly limit of the Township of King, thence easterly along the centre of that road to its intersection with that part of the King's Highway known as number 11, thence northerly along the centre of that part of the King's Highway known as number 11 to its junction with a road running easterly between lot number 108 and lot number 109 in the Township of East Gwillimbury, thence easterly along the centre of that road to its intersection with a road running between Concession IW and Concession IE in the Township of East Gwillimbury, thence northerly along the centre of that road to its junction with a road running easterly between lot number 110 and lot number 111 in the Township, thence easterly along the centre of that road to its intersection with a road running between Concession IE and Concession II in the Township, thence northerly along the centre of that road to its junction with a road between lot number 120 and lot number 121 of the Township, thence easterly along the centre of that road to its intersection with a road between Concession II and Concession III of the Township, thence northerly along the centre of that road to its intersection with a road between lot number 5 and lot number 6 in the Township of North Gwillimbury, thence westerly along the centre of that road

THE POWER COMMISSION ACT

O. Reg. 92/54.
 Summerville-Pleasant Junction
 Transmission Line.
 New.
 Made—10th June, 1954.
 Filed—15th June, 1954.

REGULATIONS MADE UNDER THE POWER COMMISSION ACT

1. The Commission is authorized to acquire by purchase, lease, or in any other manner, or without the consent of the owner thereof to enter upon, take possession of, expropriate and use, the land or any portion thereof, designated in the report set out in Appendix A, and outlined in red and illustrated on maps or plans accompanying the report, and now filed in the office of the Registrar of Regulations at Toronto as numbers 88, 89 and 90.

2. In particular, but without limiting the generality of regulation 1, the Commission, upon the recommendation of the Commission, is authorized

(a) to acquire by purchase, lease or otherwise, the land designated in Appendix A used for, or adapted or useful for, or capable of being used or made useful for transforming, transmitting, distributing or selling electric or other power or energy; to enter upon, take possession of, expropriate, acquire and use any such land, without the consent of the owner thereof, or of any person in any manner entitled to any right, title, interest, claim or demand thereto or therein; and to have and hold the land however acquired or obtained, and develop, utilize, use, maintain, operate and improve it for any of the purposes of the Act; and

- (b) under clause g of subsection 2 of section 24 of the Act to construct, maintain and operate, and acquire by purchase, lease or otherwise, or without the consent of the owner thereof or of any person interested therein, enter upon, take possession of, expropriate and use all erections, machinery, plant and other works and appliances for the transmission, transformation, supply and distribution of electrical power or energy, on any land; and to conduct, store, transmit, transform and supply electrical power or energy and steam for the purposes of the Act, and with lines of wires, poles, conduits, pipes, motors, transformers or other conductors, equipment or devices, receive, conduct, convey, transmit, transform, distribute, supply or furnish such electrical power or energy and steam to or from or for any person at any place, through, over, under, along, upon or across any land, public highway or public place, stream, water, watercourse, bridge, viaduct or railway, and through, over, upon or under the land of any person.

APPENDIX A

TO HIS HONOUR
THE LIEUTENANT-GOVERNOR IN COUNCIL

Under clause a of section 23 of *The Power Commission Act*, the Commission has the honour to report, designating the land described in Schedule 1 and outlined in red and illustrated on the accompanying maps or plans, which, in the opinion of the Commission, should be purchased, acquired, leased, taken, expropriated, developed, operated or used by the Commission for the purposes of that Act.

THE PUBLIC HEALTH ACT

O. Reg. 103/54.
 Poliomyelitis General Regulations.
 New.
 Approved—17th June, 1954.
 Filed—22nd June, 1954.

REGULATIONS MADE BY THE MINISTER UNDER THE PUBLIC HEALTH ACT

1. In these regulations

- (a) "compensable treatment" means the stay, maintenance, observation, care, nursing and treatment of an eligible patient in a designated institution;
- (b) "designated disorder" means
 - (i) poliomyelitis, or
 - (ii) impairment of muscular function as a result of poliomyelitis;
- (c) "designated institution" means an institution designated under regulation 2;
- (d) "eligible patient" means a person who
 - (i) is suffering from a designated disorder, and
 - (ii) has been admitted to and lodged in a designated institution and receives treatment therein for the designated disorder; and
- (e) "special nurse" means a nurse who
 - (i) is not an employee of the hospital where the eligible patient is receiving treatment, and
 - (ii) is hired to nurse one or more eligible patients exclusively.

2. The institutions to which the Minister may make contributions under section 54a of the Act are

- (a) the hospitals which in the regulations under *The Public Hospitals Act* are classed as Group A hospitals,
- (b) the hospitals named in the Schedule,
- (c) a hospital referred to in regulation 6, and
- (d) an institution referred to in regulation 8.

3. Subject to regulation 6, the Minister may pay a contribution to a designated institution toward the cost of the compensable treatment of an eligible patient computed in accordance with regulation 4.

4.(1) The amount of the contribution shall be

- (b) \$8 for each day that an eligible patient receives compensable treatment,

- (b) the actual cost of services of one or more special nurses where required in the case of an eligible patient who

- (i) has a tracheotomy performed on him, or
- (ii) receives artificial respiration, and

- (c) \$2 for each physiotherapy treatment where required in the case of an eligible patient.

(2) For the purposes of clause *b* of subregulation 1, the actual cost of services of a special nurse shall be computed at a rate not exceeding \$10 for each 8-hour day or portion thereof when the special nurse is actually engaged in rendering nursing services.

5.(1) No contribution shall be paid toward the cost of any compensable treatment given during the period of 10 days commencing with the date of admission to a designated hospital.

(2) Where an eligible patient is transferred from one designated institution to another designated institution the 10-day period mentioned in subregulation 1 shall be deemed to commence from the date of admission of the patient to the first designated institution.

6. Notwithstanding these regulations, a contribution in the amount prescribed by regulation 4 may be paid toward the cost of treatment in respect of any patient in any hospital who requires continuous artificial respiration.

7. Notwithstanding these regulations, where an eligible patient has been discharged from a designated hospital but thereafter receives physiotherapy at that hospital in respect of the designated disorder, the Minister may pay \$2 for each treatment so received.

8. A contribution in an amount not exceeding the amount prescribed by regulation 4 may be paid toward the cost of compensable treatment in respect of a resident of Ontario who suffers from a designated disorder and receives treatment therefor in an institution which is located in another province and maintained in whole or in part by public funds.

11. Subject to the approval of the Board

- (a) each employer in the industry is assessed one-half per cent of his pay-roll, and
- (b) each employee in the industry is assessed one-half per cent of his wages,

to provide revenue for the enforcement of this schedule.

ADVISORY COMMITTEE

12. The advisory committee is authorized to fix a minimum rate of wages lower than the rate fixed by this schedule for an individual

- (a) who performs work included in more than one classification of employees,
- (b) whose work is only partly subject to the provisions of this schedule, or
- (c) who is handicapped.

13. Subject to the approval of the Board the advisory committee is authorized

- (a) generally to administer and enforce this schedule, and
- (b) to collect the assessments under section 11 and out of the revenue collected to engage inspectors and other personnel and to make

such expenditures as are necessary for the administration and enforcement of this schedule.

We approve sections 11 and 13 and this is the approval referred to in those sections.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 120/54.
Manner of Taking Votes under Section 4 of the Act.
New.
Approved—15th July, 1954.
Filed—19th July, 1954.

REGULATIONS MADE BY THE BOARD UNDER THE FARM PRODUCTS MARKETING ACT

MANNER OF TAKING VOTES UNDER SECTION 4 OF THE ACT

INTERPRETATION

1. In these regulations

- (a) "area" when used with reference to a scheme or a proposed scheme means Ontario or that part of Ontario to which the scheme applies or the proposed scheme is to apply;
- (b) "district" means a division of an area under subregulation 2 of regulation 2; and
- (c) "polling booth" means a place of voting in a district on questions under section 4 of the Act.

VOTERS' LISTS

2. (1) The Board shall prepare in the manner prescribed by subregulations 3 and 4 voters' lists of

- (a) all persons eligible to vote in the area upon a question submitted under subsection 1a of section 4 of the Act, and
- (b) all producers eligible to vote in the area upon a question submitted under subsection 1c of section 4 of the Act.

(2) The Board shall divide the area into districts for the purpose of the vote.

(3) Voters' lists shall be prepared by districts.

(4) Each voters' list shall contain the names and places of production of

- (a) all persons eligible to vote, or
- (b) all producers eligible to vote,

as the case may be, in the district.

RETURNING OFFICERS

3. (1) The Board shall appoint a Returning Officer and such deputy returning officers as may be required for the taking of the vote.

(2) One deputy returning officer shall be appointed for each district in the area.

(3) The Board shall notify the Returning Officer and the deputy returning officers of their appointments at least 15 days before the first polling-day.

PREPARATION FOR VOTE

4. (1) The Board shall

(a) determine

- (i) the number of polling booths required,
- (ii) the day or days on which voting is to take place, and
- (iii) the times during the day or days that polling booths are to remain open, and

(b) notify all Ontario Agricultural Representatives in the area of its determinations under clause a.

(2) The Board shall prepare copies of the scheme or proposed scheme, as the case may be, and distribute them

(a) to each Ontario Agricultural Representative in the area, and

(b) where a deputy returning officer in any district is not the Ontario Agricultural Representative, to the deputy returning officer appointed for the district,

at least 15 days before the first polling-day.

BALLOTS

5. (1) The Board shall cause to be printed a sufficient number of ballots, not less than the number of persons eligible to vote or producers eligible to vote, as the case may be, necessary for the taking of the vote.

(2) The Board shall forward the ballots to the Returning Officer at least 10 days before the first polling-day.

6. (1) Where the vote is on the question under subsection 1a of section 4 of the Act the ballot shall be in form 1.

(2) Where the vote is on the question under subsection 1c of section 4 of the Act, the ballot shall be in form 2.

ARRANGEMENTS FOR VOTING

7. The Board shall provide the polling booth and ballot boxes in each district.

8. The Board shall furnish at least 10 days before the first polling-day the Returning Officer with sufficient copies of all voters' lists necessary to supply each deputy returning officer with at least 2 copies of the voters' list for the district of the deputy returning officer.

9. The Returning Officer shall furnish to each deputy returning officer at least 5 days before the first polling-day

(a) a sufficient number of ballots, not less than the number of persons eligible to vote or producers eligible to vote, as the case may be, necessary for the taking of the vote, in the district of the deputy returning officer.

(b) at least 2 copies of the voters' list of persons or producers, as the case may be, eligible to vote at the polling booth of the deputy returning officer, and

- (c) a copy of the Act and these regulations and such further instructions and information as he deems necessary for the taking of the vote.

POSTING OF VOTERS' LIST

10. Each deputy returning officer shall post up in the polling booth before the first polling-day

- (a) one copy of the voters' list of all persons eligible to vote or all producers eligible to vote, as the case may be, at the polling-booth, and
(b) one copy of the scheme or the proposed scheme.

VOTE TO BE SECRET

11. Every vote shall be by secret ballot on the prescribed form.

VOTING

12. (1) Each deputy returning officer shall issue only 1 ballot to each person who

- (a) is recorded on the voters' list, and
(b) presents himself as a voter at the polling-booth.

(2) Where a deputy returning officer deems necessary, he shall require the person who presents himself as a voter to be identified as the person, or the producer, eligible to vote.

(3) Where the name and place of production of any person is not recorded on the voters' list and he claims the right to vote

- (a) the deputy returning officer, before issuing a ballot, shall require the person to write legibly his name and place of production on an envelope furnished by the deputy returning officer,
(b) where the person has complied with the provisions of clause a, the deputy returning officer shall issue to him a ballot and an unmarked envelope,
(c) where the person has
(i) marked his ballot,
(ii) placed the marked ballot in the unmarked envelope and sealed it, and
(iii) placed the sealed, unmarked envelope in the envelope furnished under clause a and sealed it,

he shall deliver his ballot in the inner and outer sealed-envelopes to the deputy returning officer.

(4) The deputy returning officer shall retain the ballot in the inner and outer sealed-envelopes until he delivers or sends it to the Returning Officer under clause b of subregulation 4 of regulation 13.

13. (1) The deputy returning officer shall see that the ballot box is empty before voting takes place and shall lock it and keep it locked until the time for voting on the last polling-day has expired.

(2) Subject to subregulation 3 of regulation 12, the deputy returning officer shall, upon satisfying himself that a ballot marked by a voter is the ballot which he issued to the voter, deposit it in the ballot box.

(3) The deputy returning officer shall mark on a copy of the voters' list the issuance of a ballot to each voter opposite his name.

(4) Within 3 days from the date of the last polling-day the deputy returning officer shall deliver, or send by registered mail, to the Returning Officer

- (a) all ballots deposited in the ballot box during voting,
(b) all envelopes containing ballots marked under subregulation 3 of regulation 12,
(c) the copy of the voters' list marked under subregulation 3, and
(d) all unused ballots.

ASSISTANTS FOR DEPUTY RETURNING OFFICERS

14. The Board may engage such persons as the deputy returning officers may require to assist in the taking of the vote.

BALLOTS IN SEALED ENVELOPES

15. (1) The Returning Officer shall deliver to the Board all ballots in the sealed envelopes under subregulation 3 of regulation 12.

(2) Where the Board finds that any person whose name and place of production recorded on an envelope was eligible to vote, it shall remove the inner sealed-envelope and deliver it to the Returning Officer who shall remove the ballot and record the answer in the vote.

RETURN OF RETURNING OFFICER

16. (1) The Returning Officer shall make a return to the Board of the result of the vote as soon as possible after all ballots cast are counted.

(2) The return of the Returning Officer shall be in form 3.

PERCENTAGE OF VOTES

17. The persons voting in favour of the establishment of the scheme shall be not less than 66 2/3 per cent of all persons eligible to vote.

18. The persons voting in favour of the authorization of a marketing agency to conduct a pool or pools under a scheme shall be not less than 75 per cent of all producers eligible to vote.

- (b) obtain a marking of not less than 60 per cent on his statutory examinations, and
- (c) have had at least 2 years of qualifying experience in a refrigeration plant, and
- (d) furnish evidence of having had that qualifying experience.

EXAMINATIONS AND RE-EXAMINATIONS

15.(1) Subject to subregulation 2, an applicant for a certificate of qualification who has failed to pass the examination required by the board may be re-examined upon presenting himself for his re-examination at a place, date, and time, appointed by the board.

(2) A re-examination under subregulation 1 shall not be held within 90 days of the original examination.

(3) Where an applicant is re-examined under subregulation 1 and fails to pass that re-examination, he may be further re-examined at a place, date, and time, appointed by the board.

(4) Where an applicant is re-examined under subregulation 1 or further re-examined under subregulation 3 and fails to pass that re-examination or further re-examination, as the case may be, the board may require him to wait an additional period before presenting himself for any further re-examination.

ISSUE OF CERTIFICATES RENEWALS AND DUPLICATES

16.(1) No

- (a) certificate of qualification, or
- (b) renewal of a certificate of qualification, or
- (c) provisional certificate of qualification,

shall be issued until the applicant has delivered to the board his application in the prescribed form and has paid the prescribed fees.

(2) No duplicate of a provisional certificate of qualification, or certificate of qualification, or renewal of a certificate of qualification, shall be issued until the applicant has

- (a) delivered to the board
 - (i) his written application for the duplicate, setting forth particulars of the certificate lost or destroyed, and
 - (ii) evidence satisfactory to the board that the certificate has been in fact lost or destroyed, and
- (b) paid the prescribed fees.

17.(1) No certificate of qualification or provisional certificate of qualification shall be issued until the applicant has furnished to the board evidence in proof of his age.

(2) Proof of age, under subregulation 1, shall be made by depositing with the board, for inspection,

- (a) a birth-certificate, or equivalent writing, issued by the proper authority in the jurisdiction in which he was born, or
- (b) other evidence prescribed under subregulation 3.

(3) Where the board is satisfied that it is not practicable for the applicant to furnish evidence prescribed in clause a of subregulation 2, the board may accept instead

- (a) one item of Class A evidence of birth, or
- (b) two items of Class B evidence of birth,

as prescribed in regulation 8 or 10, as the case may be, of Regulations 363 of Consolidated Regulations of Ontario 1950.

(4) Documentary proof of age under subregulation 2 or 3 may consist of

- (a) photostatic copies, or
- (b) notarially certified copies,

instead of originals.

Filed—26th July, 1954.

REGULATIONS MADE UPON THE RECOMMENDATION OF THE MINISTER UNDER THE INDUSTRIAL STANDARDS ACT

1. The schedule appended hereto shall be in force during pleasure within the zone and be binding upon the employers and employees in the industry referred to in the schedule.

2. Ontario Regulations 222/53 are revoked.

3. These regulations come into force on the tenth day after the publication thereof in THE ONTARIO GAZETTE under *The Regulations Act*.

SCHEDULE FOR THE PLASTERING INDUSTRY IN THE OTTAWA ZONE

INTERPRETATION

1. In this schedule "holiday" means

- (a) Saturday,
- (b) Sunday,
- (c) New Year's Day,
- (d) Good Friday,
- (e) Victoria Day,
- (f) Dominion Day,
- (g) Labour Day,
- (h) Thanksgiving Day, and
- (i) Christmas Day.

HOURS OF WORK

2.(1) The regular working periods for the industry shall be

- (a) a regular working-week consisting of not more than 40 hours of work to be performed during the regular working-days, and
- (b) a regular working-day consisting of not more than 8 hours of work to be performed on Monday, Tuesday, Wednesday, Thursday, and Friday, during the months of
 - (i) April to September, both inclusive, between 8 a.m. and 5 p.m. where one hour is given for noon recess, and
 - (ii) October to March, both inclusive, between 8 a.m. and 4.30 p.m. where one-half hour is given for noon recess.

(2) Where the work cannot reasonably be performed during the hours prescribed in clause *b* of subsection 1, it may be performed during any other hours if an employee does not work more than 8 hours; and this work shall be night work.

MINIMUM RATE OF WAGES

3. The minimum rate of wages shall be \$1.95 an hour for

- (a) work performed during the regular working periods, and
- (b) night work.

SHIFT WORK

4.(1) Where the work is performed in two or more shifts, an employee shall be deemed to be employed during a regular working-day where

- (a) the shifts of not more than 8 hours each are operated between 1 a.m. on Monday and 8 a.m. on Saturday of the same week, and
- (b) no employee, other than a foreman, works on more than one shift in any 24-hour period.

(2) An employee who works on a night-shift shall be entitled, as a minimum, to wages for 8 hours for work of 7 hours.

(3) Where two or more shifts are worked on the same job, only one shift shall be a day-shift.

OVERTIME WORK

5. Work performed in the industry

- (a) at any time other than during the working periods prescribed in sections 2 and 4, and
- (b) on a holiday

shall be overtime work.

6.(1) No overtime work shall be performed in the industry without a permit from the advisory committee.

(2) The advisory committee is authorized to issue the permits subject to the terms and conditions of this schedule.

7.(1) No permit for overtime work shall be issued to any person other than an employer.

(2) No permit shall be issued by the advisory committee for overtime work on a holiday except

- (a) in cases of extreme necessity where life or property is jeopardized, or
- (b) where the work is necessary to prevent the loss of employment to persons who are regularly employed in the buildings being altered or repaired.

RATES OF WAGES FOR OVERTIME WORK

8. The rate of wages for overtime work shall be

- (a) \$2.92½ an hour for overtime work performed up to midnight on a regular working-day, and
- (b) \$3.90 an hour for all other overtime work.

ADVISORY COMMITTEE

9. The advisory committee is authorized to fix a minimum rate of wages lower than the rate fixed by this schedule for an individual who is handicapped.

LIMIT		MILES		

6. The letters on signs shall not be less than 4 inches high and the figures not less than 6 inches high, coloured black on a white or yellow background.

LOCATIONS OF SIGNS

7.(1) One sign shall be erected and maintained on the right-hand side of the highway facing approaching traffic at

- (a) the entrance to
(i) a built-up area, and
(ii) a highway or portion thereof in respect of which the council of a city, town or village has, or the trustees of a police

village have, passed a by-law under subsection 1a, or 2a, of section 28 of the Act, and

- (iii) a highway in respect of which the council of a township has passed a by-law under subsection 1a of section 28 of the Act, and
(b) the end of
(i) the built-up area,
(ii) the highway or portion thereof referred to in subclause ii of clause *a*, and
(iii) the highway referred to in subclause iii of clause *a*,

but where compliance with clause *b* would result in a sign under that clause being erected within 50 feet of a sign erected under clause *a*, the sign under clause *b* shall not be erected.

(2) Where the built-up area, or the highway or portion thereof referred to in subclause ii of clause *a* of subregulation 1, or the highway referred to in subclause iii of clause *a* of subregulation 1, extends for a distance of more than 1,000 feet, additional signs shall be erected and maintained on the right-hand side of the highway facing approaching traffic, so that the distance between signs shall not be more than 1,000 feet.

(3) Signs shall be placed not more than 15 feet from the curb or edge of the travelled portion of the highway and the bottom edge of the signs shall not be more than 7 feet above the level of the travelled portion of the highway.

ERECTION AND MAINTENANCE OF SIGNS

8. No person other than a municipal corporation or other authority having jurisdiction over the highway may erect or maintain signs prescribed in these regulations.

PART 2

THROUGH HIGHWAYS SIGNS

LOCATION

9.(1) Signs shall be erected and maintained at the approaches to every intersection of a through highway, except an intersection where a signal-light traffic control system is maintained.

(2) A sign marking a through highway in a built-up area, or city, town, village, or police village shall

- (a) be placed
(i) not more than 6 feet from the curb or travelled portion of, and
(ii) on the right-hand side of,
the highway entering or intersecting the through highway,
(b) be placed at least 15 feet and not more than 50 feet from the curb or travelled portion of the through highway, and so as to face traffic approaching the through highway, and
(c) be so placed that the bottom edge thereof is at least 6 feet but not more than 8 feet above the level of the travelled portion of the highway on which the sign is placed.

(3) A sign marking a through highway other than one under subregulation 2 shall

(a) be placed

(i) not more than 10 feet from the curb or travelled portion of, and

(ii) on the right-hand side of,

the highway entering or intersecting the through highway,

(b) be placed at least 15 feet but not more than 50 feet from the curb or travelled portion of the through highway, and so as to face traffic approaching the through highway, and

(c) be so placed that the bottom edge thereof is at least 2 feet but not more than 4 feet above the level of the travelled portion of the highway on which the sign is placed.

(4) Where conditions at an intersection make the placing of signs in accordance with subregulations 2 and 3 impractical, signs shall be placed so as to comply as nearly as possible with those subregulations.

10.(1) A sign erected at the highway entering or intersecting a through highway shall be so placed as to be visible at all times for a distance of at least 200 feet to the traffic approaching the sign.

(2) Signs shall be at least 2 feet high and at least 2 feet wide and may be square or octagonal in shape.

(3) Signs shall bear the words "Stop Through Street" or "Stop Through Highway".

(4) The word "stop" on signs shall be in letters

(a) at least 8 inches high with the lines forming the letters at least $1\frac{1}{4}$ inches wide, and

(b) coloured black on a white or yellow background.

(5) The words "through highway" or "through street" on signs shall be in letters

(a) at least $3\frac{1}{2}$ inches high, with the lines forming the letters at least $\frac{1}{2}$ inch wide, and

(b) coloured black on a white or yellow background.

PART 3

REVOCATIONS

11. Parts III and V of Ontario Regulations 265/44 (C.R.O. 408) and Ontario Regulations 202/47, and 124/49, are revoked.

THE DEPARTMENT OF EDUCATION ACT, 1954

O. Reg. 135/54.
General Legislative Grants.
Amending O. Regs. 30/53.
Approved—22nd July, 1954.
Filed—30th July, 1954.

REGULATIONS MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT, 1954

1. In these regulations "principal Regulations" means Ontario Regulations 30/53.

2. Sub-clause ii of clause b of subregulation 1 of regulation 7 of the principal Regulations is struck out.

3. Subregulation 2 of regulation 8 of the principal Regulations is amended by striking out the numeral "7" in the last line and substituting therefor the numeral "8".

4. Part 3 of the principal Regulations is revoked and the following substituted therefor:

PART 3

NIGHT SCHOOLS

APPLICATION

29. This Part applies to general legislative grants in respect of night schools.

AMOUNT OF GRANTS

30. Subject to regulation 31b, the board of a public or separate school operating a night school shall be paid a grant on the salaries of the teaching staff of the night school paid in the preceding year at the percentage applicable under regulation 10.

31. Subject to regulation 31b, the board of a continuation school operating a night school shall be paid a grant on the salaries of the teaching staff of the night school paid in the preceding year at the percentage applicable under regulation 20.

31a. (1) Subject to subregulation 2 and regulation 31b, the board of a high school operating a night school shall be paid a grant on the salaries of the teaching staff of the night school paid in the preceding year at the percentage applicable under regulation 21.

(2) Subject to regulation 31b, where the board also operates a vocational school, the percentage applicable shall be 50.

31b. (1) Where a board provides in a night school operated by it instruction in English and Citizenship, or French and Citizenship, or both, for new-comers to Canada, the board shall be paid a grant of 90 per cent of the salaries of the teaching staff of the night school giving instruction in these subjects paid in the preceding year and the salaries of these teachers shall not be included in the salaries referred to in regulations 30, 31, and 31a.

(2) In subregulation 1 "new-comer to Canada" means person who

(a) has been granted permanent admission into Canada under the *Immigration Act* (Canada), and

(b) has not acquired Canadian citizenship under the *Canadian Citizenship Act*,

but does not include a person who is in regular attendance at school.

5. The principal Regulations are amended by adding immediately after regulation 38 the following regulation:

38a. (1) Notwithstanding subregulation 7 of regulation 10, where a city annexes a portion of a rural municipality, and the annexation results in

(a) a portion of a rural school-section, or rural separate-school area being within the city, and

(b) a portion of the assessment of the city being used in support of a public or separate school of the rural school-section or rural separate-school area, as the case may be, located in the portion of the rural municipality not annexed by the city,

the average daily attendance of pupils and the approved cost shall be divided between the portion of the rural school-section or rural separate-school area within that portion of the rural municipality annexed by the city and the remaining portion of the rural school-section or separate-school area in the proportion that the enrolment of pupils residing

(c) in the portion of the rural school-section or rural separate-school area within that portion of the rural municipality annexed by the city, and

(d) in the remaining portion of the rural school-section or rural separate-school area,

respectively, bears to the total enrolment of pupils resident in the rural school-section or rural separate-school area, as the case may be, on the first school day in December in the same year.

(2) Grants to the board of a rural school-section or rural separate-school area to which subregulation 1 applies shall be calculated as if a board operating a school existed for each of the 2 portions of the rural school-section or rural separate-school area, and the total thereof shall be paid to the board of the rural school-section or the rural separate-school area, as the case may be.

THE MINING ACT

O. Reg. 152/54.

Sale of Rights to Lease Lands.

New.

Made—9th September, 1954.

Filed—16th September, 1954.

REGULATIONS MADE UNDER THE MINING ACT

SALE OF RIGHTS TO LEASE LANDS

1. The lands described in Schedule 1 may be leased in the manner and upon the terms and conditions and for the price provided by these regulations.

2.(1) The Minister shall offer for sale by tender the rights to obtain a lease of the lands described in Schedule 1.

(2) Any person may inspect the form of lease for which the rights to obtain are offered for sale under subregulation 1, at the office of the Deputy Minister, Parliament Buildings, Toronto, during business hours on any business day from the date of the notice in subregulation 3 to the final date for the receipt of tenders.

(3) The Minister shall give a public notice of the sale by causing not less than one advertisement to be inserted in at least

(a) one daily newspaper published in Toronto, and

(b) one weekly newspaper published in Ontario having a circulation of not less than 25,000 copies each week.

- (4) The notice shall
- (a) contain a description of the lands,
 - (b) state
 - (i) the place at which, and
 - (ii) the person to whom,
 a tender is to be delivered,
 - (c) set the final date and time for the receipt of any tender,
 - (d) require
 - (i) each tender be in a sealed envelope properly addressed so as to indicate that it contains a tender submitted as a result of this notice, and
 - (ii) the person submitting a tender to attach thereto an accepted cheque for 25 per cent of the tender-price, and
 - (e) refer persons tendering to these regulations.

(5) Within 10 days from the date the Lieutenant-Governor in Council accepts a tender, the Minister shall notify the person submitting the tender that his tender has been accepted.

(6) Within 10 days from the date the Minister notifies the person whose tender has been accepted by the Lieutenant-Governor in Council, that person shall pay the Minister the balance of the tender-price and the rent for the first year of the term of the lease.

(7) The Minister shall return to the persons whose tenders are not accepted the tender-price accompanying their tenders.

(8) Where

- (a) a tender has been accepted by the Lieutenant-Governor in Council, and
- (b) the person submitting it has refused, or neglected, to comply with subregulation 6,

the Minister may declare the partial payment of the tender-price submitted with the tender forfeited to the Crown and thereupon all rights which the person submitting the tender may have under these regulations shall cease.

3.(1) A lease shall be for a term of 21 years.

(2) Subject to regulation 5, the annual rental shall be \$5 an acre.

(3) Where the Minister is satisfied before the expiry of a lease that the productive life of the lands included in the lease is longer than the term thereof, he may renew the lease for successive periods of not more than 21 years and each and every renewal shall date from the day following the expiration of the lease or last renewal thereof if application therefor is made to the Minister within 90 days of the expiration of the lease or last renewal thereof or within such further period as the Minister in the circumstances may deem proper.

4.(1) Where a lessee expends a sum averaging \$4 or less an acre in drilling or underground development work on the lands described in his lease, he shall be entitled to credit the amount so expended against the rental payable under the lease in any year of the term of the lease following the first anniversary date of the lease.

(2) Where during any year of the term of the lease the lessee expends a sum averaging more than \$4 an acre in drilling or underground development work on the lands described in his lease he shall be entitled, in addition to the credits allowed under subregulation 1, to credit the excess amount over \$4 an acre against the rental payable under the lease in the following year or years of the term of the lease.

(3) The amount of the expenditures which may be credited as rental under subregulation 1 or 2 shall

- (a) not exceed \$4 an acre in any year, and
- (b) not include the cost of equipment, machinery, and plant, used in, or for the purpose of drilling or underground development work.

(4) On or before each anniversary date of a lease, the lessee claiming a credit under subregulation 1 or 2 shall submit a sworn statement to the Minister detailing the amount and manner of the expenditures in drilling and underground development work performed in the year for which the statement is submitted.

(5) Where the Minister is not satisfied by the sworn statement of the lessee that the lessee has expended the sums for which credit is claimed under subregulation 1 or 2 during the year for which the statement has been submitted, the Minister may send a notice by registered mail to the lessee, at his address on the statement, requiring the lessee to submit such further details as may in the opinion of the Minister be necessary to prove that the expenditures entitle the lessee to the credit claimed under subregulation 1 or 2.

5.(1) Where a lessee satisfies the Minister that he has established a mine producing minerals on the lands described in his lease, the Minister shall reduce the annual rental to \$1 an acre on the first anniversary date of the lease following the date upon which production was commenced.

(2) Where the rental payable under a lease is reduced under subregulation 1, the lessee shall not claim under regulation 4 any credit against the rental payable under the lease for drilling or underground development work on the lands described in the lease.

- (e) "processor" means a person engaged in processing soya-beans; and
- (f) "soya-beans" means soya-beans produced in Ontario.

2.(1) There shall be a negotiating agency to be known as "The Negotiating Committee" of 12 persons, 6 of whom shall be appointed annually by the local board, 3 of whom shall be appointed annually by the processors, and 3 of whom shall be appointed annually by the dealers, upon the request in writing from the Board.

(2) Where the local board or the processors or the dealers fail to appoint the persons in accordance with subregulation 1 within 7 days, the Board may appoint such representatives as are necessary to complete The Negotiating Committee.

(3) The Negotiating Committee may determine by agreement

- (i) minimum prices for soya-beans or for any class, variety or grade of soya-beans,
- (ii) terms of purchase and sale for soya-beans,
- (iii) handling, transporting, storage or selling charges for soya-beans or for any class, variety or grade of soya-beans, and
- (iv) conditions and form of contracts for the purchase and sale of soya-beans.

3. Where the Negotiating Committee fails to arrive at an agreement, the matters in dispute shall be referred to a negotiating agency to be known as a "negotiating board".

4.(1) The negotiating board shall consist of 3 members.

(2) One member may be appointed by the 6 members of The Negotiating Committee appointed by the local board, and another member may be appointed by the 6 members of The Negotiating Committee appointed by the processors and dealers.

(3) Where 2 members are appointed to the negotiating board in accordance with subregulation 3, the 2 members so appointed may appoint a third member to the negotiating board but where the 2 members fail to agree on the third member within 7 days the Board may appoint the third member.

(4) Where the members of The Negotiating Committee appointed by the local board, or the members of The Negotiating Committee appointed by the processors and dealers fail to appoint a member to the negotiating board in accordance with subregulation 3 within 7 days, the Board may appoint such members as are necessary to complete a negotiating board.

(5) The negotiating board shall meet within 7 days of the appointment of the third member thereof.

(6) The negotiating board may adopt or determine by award any matters referred to it.

DELEGATION OF POWER

5. The Board delegates to the local board the power to require persons engaged in the producing or marketing of soya-beans to register their names, addresses and occupations with the local board, to require such persons to furnish such information in regard to soya-beans as the local board may determine, and to inspect the books and premises of such persons.

- .26 "red rot" means condition resulting from rupture of the yolk-sac to permit mixture of yolk and white;
- .27 "sour rot" means condition in which the egg has a bubbly condition at the air-cell line, an extremely prominent yolk, and when the egg is clicked against other eggs gives a dull hollow sound, and when broken gives off a sour odour;
- .28 "spot rot" means mould spot inside the shell or along cracks in the shell;
- .29 "stuck yolk" means condition in which the yolk membrane adheres to the shell so that it is not freed by rotating the egg;
- .30 "tag" means card or paper which does not fully cover one end of a box or case;
- .31 "ungraded eggs" means eggs which have not been graded and marked with a grade in accordance with these regulations;
- .32 "white rot" means condition in which the yolk is covered with a light-coloured crust, the white watery, and the egg when broken gives off a putrid odour; and
- .33 "wholesaler" means person who sells eggs to
 - (a) a retailer, or
 - (b) any person in quantities of 15 dozen or more for use as food or in the preparation of food, or
 - (c) a processor.

APPLICATION

2. These regulations do not apply to eggs used for the purpose of incubation.

3.(1) Regulations 4 to 30, both inclusive, apply only to eggs of the domestic hen other than eggs for processing.

(2) Regulations 31 to 43, both inclusive, apply only to eggs of the domestic hen for processing.

EGGS FOR HUMAN CONSUMPTION

4.(1) No person shall sell or offer for sale eggs for human consumption within Ontario except eggs graded, packed and marked in accordance with regulations 5 to 30, both inclusive.

(2) No person shall sell, offer for sale, ship or transport ungraded eggs from any place to any other place except

- (a) an egg-grading station, or
- (b) a first receiver of eggs for the purpose of identifying the eggs of each producer and shipping or transporting them to an egg-grading station.

GRADES OF EGGS

Rejects

5.(1) Eggs of the domestic hen which do not comply with the standards prescribed in this regulation for Grade A, Grade B, Grade C or Cracks, and which

- (a) have a musty or foreign odour, or
- (b) have been in an incubator, or
- (c) on candling show any defect such as black rot, or blood clot, or blood ring, or bloody egg, or red rot, or spot rot, or sour rot, or stuck yolk, or white rot,

shall be rejected and eggs so rejected shall be known as Rejects.

(2) Subject to regulation 15, eggs other than Rejects, sold for human consumption within Ontario shall be graded under subregulation 3, 4, 5 and 6, and regulation 7.

Grade A Eggs

(3) Grade A eggs shall consist of eggs each of which

- (a) on candling shows
 - (i) a round yolk that is reasonably centred,
 - (ii) an indistinct yolk-outline,
 - (iii) an air-cell not more than $\frac{3}{16}$ inch in depth,
 - (iv) no floating air-cells, and
 - (v) no blood spot, or meat spot or germ development, or grass yolk, or readily visible defect or abnormal condition;
- (b) has a clean shell that
 - (i) is not broken or thin,
 - (ii) is practically normal in shape and not definitely mis-shapen,
 - (iii) may have rough areas and ridges other than heavy ridges, and
 - (iv) has not more than 3 stain spots each of which covers an aggregate area of not more than $\frac{1}{8}$ inch by $\frac{1}{16}$ inch of the shell, and
- (c) weighs when graded for the size in column 1 of the Table not less than the weight, if any, in column 2 but less than the weight, if any, in column 3 as follows:

TABLE

Item number	Column 1	Column 2	Column 3
1	Grade A Extra Large Size	2¼ ounces	
2	Grade A Large Size	2 ounces	
3	Grade A Medium Size	1¾ ounces	2 ounces
4	Grade A Small Size	1½ ounces	1¾ ounces
5	Grade A Peewee Size		1½ ounces

Grade B Eggs

(4) Grade B eggs shall consist of eggs which do not comply with the standards for Grade A but each of which

(a) on candling

- (i) shows a round or moderately oblong yolk that floats freely within the shell,
- (ii) may show a visible yolk-outline,
- (iii) shows an air-cell not more than $\frac{3}{8}$ inch in depth,
- (iv) may show floating air-cells,
- (v) may show definite spots or areas on the surface of the yolk,
- (vi) does not show germ development other than slight indication thereof, and
- (vii) does not show blood spots, or meat spots or a grass yolk,

(b) has a shell that

- (i) is not broken and has no pronounced thin spots,
- (ii) may have rough areas and definite ridges,
- (iii) may have reasonably prominent stains or spots which do not seriously detract from the appearance of the egg, and

(c) weighs not less than 1¾ ounces.

Grade C Eggs

(5) Grade C eggs shall consist of eggs which do not comply with the standards for Grade A or Grade B, but each of which

(a) on candling

- (i) shows a yolk that may be definitely oblong in shape,
- (ii) shows the yolk does not adhere to the shell membrane and the yolk-membrane is unbroken,
- (iii) may show a distinctly visible yolk-outline,
- (iv) may show an air-cell of any size and floating air-cells,

(v) may show definitely pronounced germ spots, and

(vi) may show blood spots, meat spots and a moderate grass yolk, and

(b) has a shell that

- (i) is not broken
- (ii) may be irregular in construction, and
- (iii) may be dirty or stained.

Cracks

(6) Cracks shall consist of eggs which have shells with one or more breaks or cracks but otherwise comply with the standards for Grade A, Grade B, or Grade C.

LICENCES

Licence to Operate an Egg-grading Station

6.(1) No person shall operate an egg-grading station without a licence therefor from the Commissioner.

(2) An application for a licence for the operation of an egg-grading station shall be in form 1.

(3) A licence for the operation of an egg-grading station shall be in form 2.

(4) The fee for a licence shall be \$1 and shall be forwarded with the application for the licence.

(5) A licence shall expire with the 31st of December of the year for which it is issued.

LICENCE AS A PRODUCER OF GRADE A1 EGGS

7.(1) A producer who complies with subregulations 6 and 7 may obtain a licence as a producer of Grade A1 eggs from the Commissioner.

(2) An application for a licence as a producer of Grade A1 eggs shall be in form 3.

(3) A licence as a producer of Grade A1 eggs shall be in form 4.

(4) A licence shall be issued without charge.

(5) A licence shall not be transferable and shall remain in force unless suspended or revoked by the Commissioner for any violation of the terms and conditions under which the licence was issued.

(6) The conditions under which a licence as a producer of Grade A1 eggs shall be issued are as follows:

(a) that the poultry houses and yards of the producer are clean and sanitary and the yards fenced,

(b) that no male birds are in the pens in which hens are kept at any time except the breeding season,

(c) that the hens are fed only grain feeds with supplementary feeds in the mash,

(d) that the producer has adequate facilities for cooling eggs, and

(e) that the producer markets the eggs in sealed cartons only, or

(f) where the producer markets his eggs through a co-operative association or a marketing group composed entirely of producers, the co-operative association or marketing group is required to be the holder of a licence to operate an egg-grading station.

(7) A licenced producer of Grade A1 eggs may grade his eggs and where the eggs comply with the standards in subregulation 8 may mark the cartons with the grade designation "Grade A1".

Grade A1 Eggs

(8) Grade A1 eggs shall consist of eggs, each of which

(a) on candling shows

- (i) a small, round yolk that is well-centred,
- (ii) an indistinct yolk shadow,
- (iii) an air-cell not more than $\frac{1}{8}$ inch in depth,
- (iv) no floating air-cells,
- (v) no mottled or grass yolk, and
- (vi) no blood spot, meat spot, visible germ spot, or readily visible defect or abnormal condition.

(b) has a clean shell that

- (i) is not broken, and
- (ii) is normal in shape, and

(c) weighs, when graded for the size in column 1 of the Table not less than the weight, if any, in column 2 but less than the weight, if any, in column 3 as follows:

TABLE

Item number	Column 1	Column 2	Column 3
1	Grade A1 Extra Large Size	2 $\frac{1}{4}$ ounces	
2	Grade A1 Large Size	2 ounces	
3	Grade A1 Medium Size	1 $\frac{3}{4}$ ounces	2 ounces
4	Grade A1 Small Size	1 $\frac{1}{2}$ ounces	1 $\frac{3}{4}$ ounces

Licence for Rejects

8.(1) No person shall purchase, sell or offer for sale, or ship, or transport from any place to any other place, Rejects without a licence therefor from the Commissioner.

(2) An application for a licence to purchase, sell or offer for sale, or ship, or transport from any place to any other place, Rejects shall be in form 5.

(3) A licence to purchase, sell or offer for sale, or ship, or transport from any place to any other place, Rejects shall be in form 6.

(4) A licence shall be issued without charge.

(5) A licence shall not be transferable and shall remain in force unless suspended or revoked by the Commissioner for any failure to comply with these regulations.

(6) The conditions under which a licence to purchase, sell or offer for sale, or ship, or transport from any place to any other place, shall be issued are as follows:

- (a) that the holder of a licence furnish to the Commissioner a statement showing
 - (i) the quantities of all Rejects purchased, sold, shipped or transported, as the case may be, during each calendar month,

(ii) the name and address of the person from whom or to whom the Rejects were purchased, sold, shipped or transported, as the case may be, and the date of purchasing, selling, shipping or transporting, as the case may be, and

(iii) the purpose for which the Rejects were purchased, sold, shipped or transported, as the case may be,

not later than the 15th of the month next following;

(b) that the holder of a licence make a record with respect to the purchasing, selling, shipping and transporting of Rejects and retain the record for not less than 90 days from the making thereof; and

(c) that the holder of a licence mark all containers in which he ships or transports Rejects on both ends with the word "REJECTS" in letters at least $\frac{3}{4}$ inch high.

(7) No person shall purchase, sell or offer for sale, or ship, or transport, Rejects for use as food, or in the preparation of food, for human consumption.

CONDITIONS OF GRADING, PACKING AND MARKING

9.(1) No person other than a producer shall operate premises where eggs for human consumption within Ontario are graded, packed and marked, except premises constructed, maintained and operated in compliance with the following conditions:

(a) any room in which eggs are graded to be constructed so that light from outside the room can be excluded during candling operations;

(b) any room in which eggs are graded to be separate from rooms used for the receiving of eggs and for the holding of eggs after grading;

(c) the part of the premises used for grading, packing and marking of eggs to be separate from the part of the premises used for operations other than those with respect to the grading, packing and marking of eggs;

(d) where an inside entrance to that part of premises used for grading, packing and marking of eggs is provided, the premises, to be provided with a convenient public entrance to the premises;

(e) any room used for grading, packing and marking of eggs to have no door or opening or passageway leading to a warehouse or storage place for furs or hides or other product which may affect the proper handling of eggs, or to premises of a retail-store business;

(f) the size and arrangement of the premises and of the room in which grading, packing and marking of eggs is done, to be adequate for the work to be done;

(g) the grading room to be equipped with proper equipment and appliances for candling and weighing, and unless an egg-weighing machine is used, a weighing-scale to be provided for each grader;

(h) a grading bench and a shelf to be provided in the grading room and to be arranged in relation to any equipment for candling and weighing so as to provide for efficient handling of eggs;

- (i) a temperature-control system to be provided and maintained so that the temperature of premises is at no time higher than 67 degrees Fahrenheit;
 - (j) the grading room to be equipped with
 - (i) a reliable thermometer for temperature readings, and
 - (ii) a wet- and dry-bulb hygrometer for humidity readings;
 - (k) premises to be clean, in a sanitary condition and free from odours; and
 - (l) the grading of eggs to be done by, or under the supervision of, graders capable of grading eggs accurately.
- (2) Where premises have been inspected and found to comply with subregulation 1, the person operating the premises may apply to the Commissioner for a licence to operate the premises as an egg-grading station.
- (3) No person other than the person to whom a licence is issued shall use the number of the licence on any box, case or carton.
- (4) The operator of an egg-grading station shall place his licence number on every box, case and carton of eggs graded and packed at his egg-grading station.

PACKING MATERIALS FOR EGGS

- 10.(1) No person shall pack Grade A eggs in cases except
- (a) new cases with new fillers, flats and pads, or
 - (b) clean cases of sound construction with fillers, flats and pads that are as clean and sound as when new.
- (2) Grade B eggs and Grade C eggs may be packed in used cases that are clean and without damage, with used fillers, flats and pads that are clean, in good condition, complete and without broken parts.
- (3) Grade A eggs, Grade B eggs or Grade C eggs shall not be packed in a used case unless all markings with respect to former use have been completely removed except where the markings for the eggs to be packed are the same as the markings on the used case.
- (4) Every container used for the packing of eggs under these regulations shall be constructed of materials and be of the dimensions and capacities specified in schedule 1.
- (5) In the packing of boxes and cases
- (a) excelsior pads, or
 - (b) moulded flats or trays

shall be placed below the first filler and on top of the last filler in each box or case.

GRADE MARKS

11. Each grade into which eggs have been graded shall have one grade mark, which shall be one of the following:
- (a) GRADE A EXTRA LARGE SIZE, or
 - (b) GRADE A LARGE SIZE, or
 - (c) GRADE A MEDIUM SIZE, or
 - (d) GRADE A SMALL SIZE, or

- (e) GRADE A PEEWEE SIZE, or
- (f) GRADE A1 EXTRA LARGE SIZE, or
- (g) GRADE A1 LARGE SIZE, or
- (h) GRADE A1 MEDIUM SIZE, or
- (i) GRADE A1 SMALL SIZE, or
- (j) GRADE B, or
- (k) GRADE C, or
- (l) CRACKS.

12.(1) The grade mark on each box, and case, of eggs that is packed shall appear on at least one side of each box, and at least one end of each case, and shall be

- (a) printed on a tag, or
- (b) printed on a label, or
- (c) printed, stamped or stencilled on the box or case.

(2) All letters and figures in grade marks required by subregulation 1 shall be not less than 3/4 inch high with stems not less than 1/8 inch thick.

(3) When paperboard boxes or cases are used in packing eggs the word "EGGS" in letters at least 1 inch high shall appear on the same side or end as the grade mark.

(4) When boxes or cases are wrapped in paper, the grade marks and the licence number of the operator shall appear on the paper wrapper and on the box or case.

(5) Every tag and label shall be securely affixed to the box, or case, by

- (a) adhesive material, or
- (b) 2 tacks or 2 staples, one near each end of the tag or label.

13.(1) Every tag shall be at least 3 inches high and 5 inches long.

(2) All lettering on tags shall be in black.

(3) For eggs marked with the grade shown in column 1 of the Table the colour of the tag used for marking shall be set opposite thereto in column 2.

14.(1) The grade mark on each carton of eggs that is packed shall

- (a) be printed or stamped on the top of the carton, but where a carton constructed to contain 12 eggs is capable of being separated into 2 parts so that each part becomes a carton to contain 6 eggs, the grade mark shall be printed or stamped

- (i) on the top of each part, or

- (ii) on the top of one part and on the side of the other part, and

- (b) not be obscured by other wording or design on the carton.

(2) The grade marks of eggs offered for sale or sold by a retailer in open containers shall appear printed or stamped on a card firmly placed immediately above or in front of the eggs and in clear view of consumers.

(3) All letters and figures in grade marks in subregulations 1 and 2 shall be not less than $\frac{1}{2}$ inch high with stems not less than $\frac{1}{8}$ inch thick.

(4) No box or case may be marked with more than 1 grade mark unless the eggs are packed in cartons in the box or case.

(5) When cartons are packed in boxes or cases the grade marks shall appear on the cartons and on the boxes or cases.

(6) No box, case, or carton, and no label or tag attached to a box, case, or carton, shall have marked thereon any mark or words indicating or suggesting that the eggs contained in the box, case or carton, are of higher quality than that of eggs of the grade shown on the grade mark.

GRADE TOLERANCES

15. For variations incidental to the grading, packing and handling of eggs, a tolerance shall be allowed at the rate of not more than

- (a) 8 eggs in each 15 dozen eggs at the egg-grading station where the eggs were packed,
- (b) 8 eggs in each 15 dozen eggs at any place where eggs are received from egg-grading stations for the purpose of inspection thereof, and
- (c) 12 eggs in each pack of 15 dozen eggs at any place other than places mentioned in clauses a and b, but in the count of eggs that do not comply with the standards for the grade shown on the grade mark the following are not to be included:
 - (i) 4 eggs having shell soiling greater than allowed in standards for the grade, or weighing less than required in standards for the grade, where the eggs comply with the standards for the next lower grade, and
 - (ii) 6 eggs having cracked shells when in the possession of any person after delivery from the shipper thereof.

RESPONSIBILITY FOR MARKING

16.(1) Subject to subregulation 2, no person shall sell or offer for sale or display for sale eggs that do not comply with the grade marked on the container thereof.

(2) Where grade defects of the eggs are found with respect to

- (a) conditions found upon candling of the eggs, within 36 hours, or
- (b) the shells or the weight of the eggs, within 7 days,

of the time of delivery to the person in possession, the person selling the eggs shall be deemed to be the person mentioned in subregulation 1.

LICENCE NUMBER ON CONTAINERS

17.(1) The figures in the licence number of the operator of an egg-grading station on each box and case of eggs packed at the egg-grading station shall be not less than $\frac{1}{4}$ inch high.

(2) The licence number shall appear

- (a) below the grade mark on every label or tag, if any, affixed to the box or case, or
- (b) below the grade mark printed, stamped or stencilled on the box or case.

(3) The licence number appearing on a box or case when packed shall remain on the box or case until the eggs are removed.

(4) When for any reason eggs are removed from a box or case the licence number shall be removed or erased from the box, case, label or tag, as the case may be.

WHOLESALEERS

18.(1) Subject to subregulations 2 and 3, no wholesaler of eggs shall store, transport, deliver, or ship eggs other than graded eggs in containers that are marked in accordance with these regulations and bear the licence number of the operator of the egg-grading station in which the eggs were graded and packed.

(2) When a wholesaler is

- (a) a producer, and
- (b) is not the operator of an egg-grading station,

the containers of all eggs shall bear the name and address of the producer printed with letters not less than $\frac{3}{4}$ inch high with stems not less than $\frac{1}{8}$ inch thick instead of a licence number but otherwise the provisions of subregulation 1 shall apply.

(3) Where a wholesaler of eggs is the operator of an egg-grading station he may store at, or transport to, his egg-grading station ungraded eggs for the purpose of grading, packing and marking the eggs at his egg-grading station.

19. No wholesaler, other than the operator of an egg-grading station or a producer, shall transport, deliver or ship eggs to, or from, premises in which grading is carried on and which do not comply with the provisions of regulation 9.

EGGS ON PREMISES OF RETAILER

20. No retailer shall store on his premises eggs that do not comply with these regulations.

ADVERTISING

21.(1) No person shall advertise eggs for sale unless the advertisement contains a statement in a prominent position therein setting out the grade of the eggs advertised.

(2) No person shall, in any advertisement offering eggs for sale,

- (a) make any untrue, deceptive, or misleading, statement or implication, or
- (b) use words or phrases which are misleading to a purchaser,

with respect to the quality or weight of the eggs.

(3) No person shall, in any advertisement offering eggs for sale, state or use words or phrases implying

- (a) that the eggs of a grade advertised are superior in condition or quality to eggs of the grade under these regulations, or
- (b) that Grade B eggs, or Grade C eggs, or eggs that have been in cold storage, are fresh, or
- (c) that eggs other than those graded as Grade A1 are "New Laid".

MARKS ON CONTAINERS OF UNGRADED EGGS

22. No person shall ship or transport ungraded eggs in containers unless each container has marked on at least one end thereof the words "UNGRADED EGGS—FOR SHIPMENT ONLY" in block letters not less than $\frac{3}{4}$ inch high.

23.(1) Eggs which have been in storage may be shipped or transported to an egg-grading station without grading or inspection.

(2) No person shall ship or transport eggs which have been in storage unless each container bears the words "UNGRADED OUT OF STORAGE" in letters not less than $\frac{1}{4}$ inch high, stamped or stencilled

- (a) over the grade mark, if any, or
- (b) if no grade mark shows, on the ends of the container.

RECORDS

24.(1) The operator shall maintain and be responsible for complete records showing

- (a) the number of eggs in each producer's lot delivered to his egg-grading station, and
- (b) the grades of all eggs in each producer's lot.

(2) The operator shall require each grader employed by him to make a bench report of all eggs of each producer graded by the grader at the egg-grading station.

(3) The bench report shall be in form 7.

(4) The operator shall retain one copy of each bench report at the egg-grading station for a period of 90 days from the making thereof.

EGGS OF PRODUCERS IDENTIFIED

25. Every first receiver of eggs who ships or delivers ungraded eggs to an egg-grading station shall clearly identify the eggs from each producer in the shipment, by

- (a) packing them in separate containers, or
- (b) placing each producer's eggs in a separate end of a case or in separate fillers, or
- (c) packing and identifying them in some other satisfactory manner.

GRADING CERTIFICATES

26.(1) The operator of the egg-grading station shall furnish to the person who shipped the ungraded eggs to the egg-grading station not later than 7 days after the date of receipt of the eggs

- (a) where the shipper is the producer, 1 copy, and
- (b) where the shipper is a first receiver of eggs, 2 copies,

of the grading certificate.

(2) Where the ungraded eggs in a shipment under clause b of subregulation 1 were produced by more than one producer and the eggs of each producer were identified, the operator shall furnish to the first receiver of eggs 2 copies of the grading certificate with respect to each producer.

(3) The grading certificate shall be in form 8.

(4) Every first receiver of eggs shall retain for a period of 90 days 1 copy of each grading certificate received from an egg-grading station.

(5) Where the shipper was a first receiver of eggs he shall send one copy of the grading certificate with respect to each producer's lot to the producer.

BASIS FOR PAYMENT FOR EGGS

27.(1) Ungraded eggs bought or received on consignment by the operator of an egg-grading station shall be deemed to have been bought on the basis of the grades shown on the grading certificate.

(2) No operator shall pay for ungraded eggs bought or received on consignment by him on any basis other than on the basis of the grades shown on the grading certificate.

(3) Where there is no price differential between the prices paid for eggs of more than 1 grade, the eggs shall be deemed to have been bought on a basis other than a grade basis.

PROHIBITION

28. No person other than the operator of an egg-grading station shall buy or receive ungraded eggs from a first receiver of eggs.

GRADING CERTIFICATE AND STATEMENT TO PRODUCER

29. The first receiver of eggs shall not later than 14 days after the date of receipt of the eggs furnish to the producer

- (a) the grading certificate for the eggs, and
- (b) a statement showing
 - (i) name and address of the first receiver of eggs,
 - (ii) date of the statement,
 - (iii) name and address of the producer,
 - (iv) number of dozens of eggs received,
 - (v) date of receipt of the eggs,
 - (vi) amount, and the rate for each dozen, paid in any advance payment,
 - (vii) manner of making advance payment: whether in cash, or in merchandise, or on account,
 - (viii) number of eggs graded into each grade, and
 - (ix) price to be paid for each grade.

PAYMENTS FOR EGGS

30.(1) Where the first receiver of eggs, or the operator of an egg-grading station, makes a payment on account to the producer at the time the first receiver of eggs, or the operator, receives the eggs, the amount of the payment shall not exceed 80 per cent of the total value of the eggs computed at the price for Grade B eggs.

(2) The first receiver of eggs shall,

- (a) where a payment on account has not been made, make payment for the eggs, and
- (b) where a payment on account has been made, make final settlement for the eggs,

not later than 14 days after the date of receipt of the eggs.

(3) The payment, or the final settlement, as the case may be, shall accompany the grading certificate and the statement to the producer under regulation 29.

EGGS FOR PROCESSING

Frozen Egg

31. No eggs other than eggs graded as Grade A, Grade B, Grade C or Cracks under subregulations 3, 4, 5 and 6 of regulation 5 may be broken at an egg-breaking plant.

32. No person shall purchase, or sell or offer for sale, ship, or transport, frozen egg for human consumption within Ontario except frozen egg graded, packed and marked in accordance with regulations 33 to 43, both inclusive.

Grade A Frozen Egg

33. The grades of frozen egg are

- (a) Grade A Frozen Egg, consisting of frozen egg which
 - (i) shows no evidence of mould or foreign odour,
 - (ii) is free from foreign matter and shall,
 - (iii) is well emulsified,
 - (iv) has a smooth texture,
 - (v) on analysis shows a total viable bacterial count of not more than 2,500,000 a gram,
 - (vi) in the case of frozen egg-whites, produces a foam volume of 800 cubic centimetres from 127 grams of frozen egg-whites when subjected to a whipping test, and
 - (vii) when tested by the vacuum-oven method, has egg-solids for the product in column 1 of the Table not less than the percentage of egg-solids in column 2 as follows:

Grade B Frozen Egg

- (b) Grade B Frozen Egg, consisting of frozen egg which does not comply with the standards for Grade A Frozen Egg and which
 - (i) shows no evidence of mould or objectionable odour,
 - (ii) is free from foreign matter and contains not more than $\frac{1}{2}$ of 1 per cent by weight of shell,
 - (iii) on analysis shows a total viable bacterial count of not more than 50,000,000 a gram, and
 - (iv) when tested by the vacuum-oven method, has egg-solids for the product in column 1 of the Table not less than the percentage of egg-solids in column 2 as follows:

Table

Item number	Column 1	Column 2
1	frozen whole egg	24.5 per cent
2	frozen egg-yolk	40 per cent
3	frozen egg-whites	10.5 per cent

Grade C Frozen Egg

- (c) Grade C Frozen Egg, consisting of frozen egg which does not comply with the standards for Grade A Frozen Egg or Grade B Frozen Egg, and which
 - (i) shows no evidence of mould or objectionable odour, and
 - (ii) on analysis shows a total viable bacterial count of not more than 50,000,000 a gram.

34. Where ingredients have been added to frozen whole egg, or frozen egg-yolk, or frozen egg-whites, before freezing, the products resulting from the addition of the ingredients shall comply with regulation 33 except that the minimum percentage of egg-solids in column 2 of the Table in clause a, or column 2 of the Table in clause b, as the case may be, may be decreased in the proportion that the ingredients bear to the products resulting from the addition of the ingredients.

35. Where frozen egg does not comply with regulations 33 or 34, the container of the frozen egg shall be marked on the side, and on the lid, with the words "NOT FOR HUMAN CONSUMPTION" in letters not less than $1\frac{1}{2}$ inches high and printed with indelible ink.

LICENCE TO OPERATE AN EGG-BREAKING PLANT

36.(1) No person shall operate an egg-breaking plant without a licence therefor from the Commissioner.

(2) An application for a licence for the operation of an egg-breaking plant shall be in form 9.

(3) A licence for the operation of an egg-breaking plant shall be in form 10.

(4) The fee for a licence shall be \$1 and shall be forwarded with the application for the licence.

(5) A licence shall expire with the 31st of December of the year for which it is issued.

CONDITIONS OF GRADING, PACKING AND MARKING

37.(1) No person shall operate premises where eggs are broken, and processed into frozen egg for human consumption, within Ontario, except premises constructed, maintained and operated in compliance with the following conditions:

- (a) any room in which eggs are broken to have
 - (i) a smooth floor impervious to liquid, and
 - (ii) smooth, washable walls and ceiling;
- (b) any room in which eggs are broken to be used only for the purpose of breaking eggs during the season when egg-breaking is in operation, and the room to be separated by partitions from rooms used for any purposes other than egg-breaking;
- (c) all windows and doors giving direct access to any room in which eggs are broken to be provided with screens and all doors to be equipped with automatic self-closing devices;
- (d) every table to have a smooth top of monel metal or stainless steel and to be constructed so that it may be thoroughly cleaned;
- (e) the size and arrangement of the premises and of any room in which eggs are broken, graded, packed and marked, to be adequate for the operations required;
- (f) toilet-facilities to be so located that no opening from the room in which the toilet-facilities are located opens directly into any room in which eggs are broken;
- (g) every room in which toilet-facilities are located to be provided with odourless soap and paper towels;
- (h) any room in which eggs are broken to be equipped with one or more tanks having compartments for the washing, rinsing, and sterilizing, of utensils used in egg-breaking operations;
- (i) proper sanitary equipment to be provided for
 - (i) draining all utensils after washing, rinsing and sterilizing thereof, and
 - (ii) holding, without nesting, all trays, knives and cups used in egg-breaking operations, and all pails which may be used to contain broken eggs;
- (j) any overhead conveyers of eggs to be installed so as to avoid contamination of eggs after breaking thereof;
- (k) filters or centrifugal clarifiers to be provided through which all broken eggs pass for removal of shell and foreign matter;
- (l) all metal equipment and utensils, including cups and pails, which may come into contact with broken eggs, to be free from rough soldering, rust spots, dents, open seams or other defects that prevent or hinder thorough cleansing;
- (m) proper containers to be provided for disposal of Rejects;
- (n) premises to be clean, in a sanitary condition and free from odours and to be adequately ventilated for removal of objectionable odours;

- (o) all utensils and equipment used in egg-breaking operations or which may come into contact with broken eggs, to be washed by brushing in a detergent solution which is capable of removing any part of a broken egg, rinsed in clear water, and immersed for not less than 1 minute in a sterilizing solution composed of hypochlorite and water in the proportions of 1 part of hypochlorite to 10,000 parts of water, or a sterilizing solution having equivalent sterilizing effect;
- (p) paper hand-towels only to be provided for every person engaged in breaking eggs at the egg-breaking table;
- (q) clean sterilized egg-breaking utensils to be provided for every person engaged in breaking eggs at commencement of egg-breaking operations and after each recess therefrom, and after a Reject is broken;
- (r) each container of eggs that does not comply with the provisions of this regulation to be removed from the room in which eggs are broken within 2 hours after it is brought into the room;
- (s) containers with smooth metal-surfaces to be provided for egg shells and to be cleaned and disinfected at least once each day;
- (t) shells to be disposed of frequently so that no offensive odours result in the room in which eggs are broken;
- (u) containers of broken eggs not to be permitted to stand on the floor of a room in which eggs are broken;
- (v) all persons employed in a room in which eggs are broken to be required to wash their hands thoroughly before entering the room and immediately after breaking a Reject;
- (w) no person known to be infected with a communicable disease in Table 1 of Ontario Regulations 233/53 to be permitted to enter for any purpose a room in which eggs are broken or be in contact with eggs; and
- (x) any room in which freezing of eggs is done to be clean, in a sanitary condition and free from objectionable odours.

(2) Where premises have been inspected and found to comply with subregulation 1, the person operating the premises may apply to the Commissioner for a licence to operate the premises as an egg-breaking plant.

(3) No person other than the person to whom a licence is issued shall use the number of the licence on any container of frozen egg.

(4) The operator of an egg-breaking plant shall place his licence number on every container of frozen egg graded and packed at his egg-breaking plant.

CONTAINER FOR FROZEN EGG

38. No person shall pack frozen egg in any container other than a new, clean, container of metal or of paper-board.

MARKS ON CONTAINERS OF FROZEN EGG

39.(1) In regulations 41 and 42 "lot", when used with respect to frozen egg, means the amount of frozen egg produced during a day at an egg-breaking plant.

(2) In regulation 41 "approved", when used with respect to the amount of ingredients added to frozen egg, means approved under regulations made under *The Food and Drugs Act (Canada)*.

40. Each operator of an egg-breaking plant shall identify each lot of frozen egg by numbers, or letters, or both, to show the day, month and year during which the lot was produced.

41.(1) Marks on containers of frozen egg shall consist of the following:

- (a) the words "Canadian Frozen Whole Egg", or "Canadian Frozen Egg-Yolk", or "Canadian Frozen Egg-Whites", as the case may be, on the lid, or on the side, of the container,
- (b) when other ingredients are added to frozen egg,
 - (i) the words "with approved percentage of added" appearing immediately after the words specified in clause a, and
 - (ii) the names of the ingredients appearing after the word "added",
- (c) the word "Grade", followed by the letter of the grade, to be in one line, and to be in letters of the same size and not less than $\frac{3}{4}$ inch high, on the side of the container,
- (d) the licence number of the processor, and
- (e) the words "Lot No." followed by the number, or letters, or both, to show the day, month and year during which the lot was produced, to be in letters of the same size, and to be in one line.

(2) Marks on containers of frozen egg shall appear prominently on the container and if, one or more containers are packed in a master container, the marks prescribed in subregulation 1 shall appear on both the container and the master container.

(3) The name or brand name under which frozen egg is sold may appear anywhere on the container but no wording shall separate the wording prescribed in clause a from the wording in clause b of subregulation 1, and the name or brand name shall not be of such a size or arrangement as to obscure the marks prescribed in subregulation 1.

(4) Any person may state in figures on a container of frozen egg a guaranteed minimum solids-content, but the figures shall not be for an amount less than the minimum amount for the grade under regulation 33.

SAMPLING AND INSPECTION

42.(1) At the time of freezing, or at any time while in storage, of each lot of frozen egg, an inspector shall select and mark at least 1 per cent of the containers of each day's production in each egg-breaking plant.

(2) The processor shall store the containers selected and marked by the inspector under subregulation 1 so that the inspector may have ready access to them for the purpose of taking samples.

(3) No later than 1 month after the date that a lot of frozen egg is placed in storage and by arrangement with the processor, the inspector shall draw from the lot for purposes of analysis, cores from not more than ten containers, for the purposes of making one composite analytical sample.

(4) The inspector shall make from the lots of frozen egg produced in each week at least 2 composite analytical samples.

(5) The sample or samples taken from each lot of frozen egg shall be frozen, and be stored in the same room as the remainder of the containers in the lot.

(6) The inspector shall test for solids-content of both samples made from each lot of frozen egg under subregulation 4 by means of a refractometer and, where any test shows the solids-content to be below the grade marked on the container, the processor may request the inspector to have the sample analysed for solids-content by the vacuum-oven method at a laboratory at the expense of the processor.

(7) Where any composite sample representing more than one lot of frozen egg falls below the grade under which the product was packed the inspector shall, at the request of the processor, re-sample each lot for the purpose of making another analysis.

(8) The inspector shall report to the Commissioner the results of tests under subregulation 6 and inform the processor of the lot numbers of the containers of frozen egg which have been marked with the grade found on analysis.

(9) Every processor shall, not later than Tuesday in each week, furnish to the Commissioner for the week ending the Saturday preceding a statement showing

- (a) the number of containers in each lot of frozen egg during the week and the number of each lot,
- (b) the total number of pounds of
 - (i) frozen whole egg,
 - (ii) frozen egg-yolk, and
 - (iii) frozen egg-whites,
 produced during the week, and
- (c) the total number of cases of each grade of eggs broken during the week.

PROHIBITION

43. No person shall sell, offer or display for sale, ship or transport frozen egg

- (a) below the standard for Grade C Frozen Egg under clause c of regulation 33, or
- (b) produced from Rejects under regulation 5, for human consumption.

DETENTION

44.(1) Where an inspector detains any eggs, or frozen egg, which do not comply with the Act and these regulations he shall attach to one box, case or carton in each lot of eggs, or container in each lot of frozen egg under detention a numbered detention tag and no person shall sell, offer for sale, move, allow or cause to be moved the eggs, or boxes, cases, or cartons of eggs, or containers of frozen egg, as the case may be, in the lot or remove the detention tag without the written authority of an inspector or of the Commissioner.

- (2) The detention tag shall be in form 11.

45.(1) Immediately after placing any eggs, or frozen egg under detention, the inspector shall deliver or mail

- (a) to the owner or his agent, a Notice of Detention, and
- (b) when the eggs, or frozen egg, are in premises other than those of the owner, to the person in possession of the eggs, or frozen egg, a copy of the Notice of Detention.

- (2) The Notice of Detention shall be in form 12.

46.(1) When an inspector is satisfied that any eggs, or frozen egg, under detention comply with the Act and these regulations he may release the eggs, or frozen egg from detention by

- (a) removing the detention tag, and
- (b) issuing a Notice of Release from Detention and delivering or mailing it to the owner or his agent with a copy thereof to the person in possession of the premises, if other than the owner.

(2) The Notice of Release shall be in form 13.

SUSPENSION OR CANCELLATION OF LICENCES

47.(1) The Commissioner may, after a hearing, suspend, or revoke, a licence for any violation of the Act or of these regulations by the licensee.

(2) Before holding a hearing, the Commissioner shall send, by registered mail, to the licensee, at his address shown on his application for the licence, a notice

- (a) giving
 - (i) the details of the alleged violation, and
 - (ii) the nature of the evidence in support thereof, and
- (b) appointing the date, time and place, for the hearing.

(3) The Commissioner shall allow at least 7 clear days between the date of sending the notice and the date for hearing.

(4) If the licensee fails to attend the hearing on the date and at the time and place appointed, the hearing may proceed and a decision may be made in his absence.

(5) At the hearing, the licensee shall be entitled to hear the evidence against him, to cross-examine thereon, to call witnesses in his behalf, and to present his argument.

(6) The licensee may be represented at the hearing by counsel or by an agent.

(7) Where the Commissioner decides to suspend the licence the period of suspension shall not be longer than 30 days.

GRADING CERTIFICATE ISSUED BY INSPECTOR

48.(1) When an inspector inspects before shipment eggs or frozen egg and the shipper requests a Grading Certificate, the inspector may issue it.

(2) A Grading Certificate issued by an inspector shall be in form 14.

REVOCATION

49. Ontario Regulations 303/44 (C.R.O. 397) are revoked.

SCHEDULE 1

CONDITIONS OF PACKING EGGS

Materials

1. Wood boxes and wood cases shall be made of well-seasoned wood having not more than 15 per cent water-content.

2.(1) Wood used in making boxes and cases shall be

(a) of merchantable grade spruce, or an equivalent grade of white pine, basswood, poplar, western hemlock or cottonwood,

(b) sound, live and bright, and

(c) without rot, bark or doze.

(2) When lumber is re-sawn for the purpose of obtaining pieces of wood to make boxes or cases, no piece of wood used shall have a knot with a diameter greater than $\frac{1}{8}$ of the width of the piece.

(3) Pieces of wood joined together by Lindermann joints when used only for the ends of a box or case, or the centre division of a case, shall be deemed to be one piece of wood.

(4) Ends of boxes and cases and centre divisions of cases shall be made of lumber not less than 1 inch in thickness, dressed 2 sides and re-sawn, 2 pieces to the inch.

(5) Sides, tops and bottoms of boxes and cases shall be made of lumber not less than 1 inch in thickness, dressed 2 sides and re-sawn, 3 pieces to the inch.

3. Paperboard boxes and cases shall be made of corrugated paper capable of withstanding a resistance bursting-test of 200 pounds a square inch.

4. Fillers and flats shall be made of ground-wood or solid-pulp fibre of medium finish.

DIMENSIONS

5.(1) Inside dimensions of a box shall be: length $11\frac{5}{8}$ ", width $11\frac{5}{8}$ ", depth $12\frac{1}{2}$ ".

(2) Inside dimensions of a case shall be: length 24", width $11\frac{5}{8}$ ", depth $12\frac{1}{2}$ ".

6.(1) Fillers shall be not less than .022" thick and $11\frac{1}{4}$ " square.

(2) Flats shall be not less than .025" thick and $11\frac{1}{4}$ " square.

(3) Openings in fillers used in cases for Grade A Extra Large Size eggs shall be not less than $2\frac{1}{2}\frac{1}{2}$ " square and $1\frac{3}{32}$ " high.

CONSTRUCTION OF WOOD BOX AND CASE

7.(1) Dimensions of an end of a wood box or case shall be: height $12\frac{1}{2}$ ", width $11\frac{5}{8}$ ", thickness $\frac{1}{16}$ ".

(2) An end shall be made of not more than 3 pieces of wood without openings between them, the grain of the wood shall be vertical, and the outside shall be dressed.

(3) Each end shall have a horizontal cleat of wood dressed on the outside that extends across the full width of the end, with dimensions: length 12", width $1\frac{3}{4}$ ", thickness $\frac{3}{8}$ ".

8.(1) Dimensions of the centre division of a case shall be: width $11\frac{5}{8}$ ", height $12\frac{1}{2}$ ", thickness $\frac{1}{16}$ ".

(2) A centre division shall be made of not more than 3 pieces of wood

(a) fitted together by means of tongue and groove, or

(b) fastened by means of corrugated fasteners,

and the grain of the wood shall be horizontal.

9.(1) Dimensions of a side of a box shall be: length $12\frac{7}{8}$ ", thickness $\frac{1}{4}$ ", width of each piece of wood, when 2 pieces of wood are used, not less than $5\frac{7}{8}$ ", and when 3 pieces of wood are used, not less than $3\frac{7}{8}$ ".

(2) Dimensions of a side of a case shall be: length $24\frac{7}{8}$ ", thickness $\frac{1}{4}$ ", width of each piece of wood, when 2 pieces of wood are used, not less than $5\frac{7}{8}$ ", and when 3 pieces of wood are used, not less than $3\frac{7}{8}$ ".

10. Dimensions of tops and bottoms of a box shall be: length $12\frac{3}{8}$ ", thickness $\frac{1}{4}$ ", width of each piece of wood, when 1 piece of wood is used, not less than 12", when 2 pieces of wood are used, not less than $5\frac{7}{8}$ ", and when 3 pieces of wood are used, not less than $3\frac{7}{8}$ ".

11.(1) Dimensions of tops and bottoms of a case shall be: length $25\frac{5}{8}$ ", thickness $\frac{1}{4}$ ", width of each piece of wood, when 1 piece of wood is used, not less than 12", when 2 pieces of wood are used, not less than $5\frac{7}{8}$ ", and when 3 pieces of wood are used, not less than $3\frac{7}{8}$ ".

(2) The top shall have a cleat at each end.

12.(1) The sides and bottom of a case shall be nailed to the centre division and to the ends or the horizontal cleats with $1\frac{1}{4}$ " 15-gauge cement-coated box nails, with 6 nails used for each nailing edge.

(2) The top shall be nailed to the ends with $1\frac{1}{2}$ " 14-gauge uncoated nails

(a) with 6 nails used, or

(b) in the case of units, with not less than 3 nails used,

for each nailing edge.

(3) Each horizontal cleat shall be nailed to an end with 1" nails or staples, with not less than 6 nails or staples used in staggered locations and clinched.

13. Dimensions in sections 7 to 12, both inclusive, may be increased to such extent as may be necessary to construct a box, or a case, having ends, sides, top or bottom of greater thickness than provided under the sections.

14. Dimensions in subsection 2 of section 5 and sections 7 to 12, both inclusive, may be increased to such extent as may be necessary to construct a case of sufficient size to contain 30 dozen Grade A Extra Large Size eggs.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 164/54.

Marketing of Grapes for Processing.

New.

Filed—6th October, 1954.

REGULATIONS MADE BY THE BOARD
UNDER
THE FARM PRODUCTS MARKETING ACT
MARKETING OF GRAPES FOR PROCESSING

1. In these regulations

- (a) "dealer" means person engaged in buying, transporting, or selling grapes for processing but does not include a grower or processor;
- (b) "grower" means person engaged in the growing of grapes for processing;
- (c) "local board" means The Ontario Grape Growers' Marketing Board;
- (d) "processing" includes canning, dehydrating, drying, freezing, or processing with sugar, sulphur dioxide, or any other chemical; and
- (e) "processor" means a person carrying on the business in Ontario of processing grapes.

2.(1) There shall be 2 negotiating agencies, to be known as

- (a) "The Negotiating Committee for Grapes", and
- (b) "The Negotiating Committee for Handling and Transporting of Grapes".

(2) The negotiating agency named in clause *a* of subregulation 1 shall be composed of 6 persons, 3 of whom shall be appointed annually by the local board and 3 of whom shall be appointed annually by the processors, upon the request in writing from the Board.

(3) The negotiating agency named in clause *b* of subregulation 1 shall be composed of 6 persons 3 of whom shall be appointed annually by the local board and 3 of whom shall be appointed annually by the dealers, upon the request in writing from the Board.

(4) Where the local board or the processors, or the local board or the dealers, fail to appoint the persons in accordance with subregulation 2 or 3, as the case may be, within 3 days, the Board may appoint such representatives as are necessary to complete each Negotiating Committee.

3.(1) The Negotiating Committee for Grapes may adopt or determine by agreement

- (a) minimum prices for grapes or for any class, variety, grade or size of grapes,
- (b) terms of purchase and sale for grapes,
- (c) storage charges for grapes or for any class, variety, grade or size of grapes, and
- (d) conditions and form of contracts for the purchase and sale of grapes.

(2) The Negotiating Committee for Handling and Transporting of Grapes may adopt or determine by agreement handling, transporting or selling charges by dealers for grapes which the dealers handle, transport or sell.

4.(1) Where, in any year, The Negotiating Committee for Grapes, of The Negotiating Committee for Handling and Transporting of Grapes, fails to arrive at an agreement on or before the 20th of August the matters in dispute shall be referred to a further negotiating agency to be known as a negotiating board.

(2) The negotiating board shall consist of 3 members.

(3) In the case of failure of The Negotiating Committee for Grapes to arrive at an agreement under subregulations 1, one member of the negotiating board may be appointed by the members of The Negotiating Committee for Grapes appointed by the local board, and another member may be appointed by the members of The Negotiating Committee for Grapes appointed by the processors.

(4) In the case of failure of The Negotiating Committee for Handling and Transporting of Grapes to arrive at an agreement under subregulation 1, one member of the negotiating board may be appointed by the members of The Negotiating Committee for Handling and Transporting of Grapes appointed by the local board, and another member may be appointed by the members of The Negotiating Committee for Handling and Transporting of Grapes appointed by the dealers.

(5) Where 2 members are appointed to the negotiating board in accordance with subregulation 3, or subregulation 4, the 2 members so appointed may appoint a third member to the negotiating board but where the 2 members fail to agree on the third member within 7 days the Board may appoint the third member.

(6) Where

- (a) the members of The Negotiating Committee for Grapes appointed by the local board, or
- (b) the members of The Negotiating Committee for Grapes appointed by the processors, or
- (c) the members of The Negotiating Committee for Handling and Transporting of Grapes appointed by the local board, or
- (d) the members of The Negotiating Committee for Handling and Transporting of Grapes appointed by the dealers,

fail to appoint a member to the negotiating board in accordance with subregulation 3, or subregulation 4, within 7 days, the Board may appoint such members as are necessary to complete a negotiating board.

(7) The negotiating board shall meet within 7 days of the appointment of the third member thereof.

(8) The negotiating board may adopt or determine by award any matters referred to it.

REGULATIONS MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT, 1954

SCHOLARSHIPS FOR STUDY OUTSIDE ONTARIO

INTERPRETATION

1. In these regulations "applicant" means an applicant for a scholarship.

NUMBER AND AMOUNT OF SCHOLARSHIPS

2.(1) There shall be 4 scholarships, each of \$1500 payable in 2 instalments of \$750, awarded annually by the Minister under section 7 of the Act for the purpose of enabling residents of Ontario to pursue courses of study outside Ontario.

(2) The first instalment shall be paid upon award and the second instalment upon completion of the first 4 months of the course.

COURSES OF STUDY

3. The courses of study shall be those prescribed by a school, university, or other institution outside Ontario and approved by the Chief Director of Education.

APPLICATION AND QUALIFICATIONS

4. An applicant shall

- (a) make application in writing to the Chief Director of Education on or before the 1st of April,
- (b) state in his application the course of study he proposes to pursue, and
- (c) submit with his application
 - (i) evidence that he is a resident of Ontario,
 - (ii) evidence that he holds a degree from an Ontario university,
 - (iii) evidence that he holds a certificate qualifying him to teach in an elementary or secondary school in Ontario, and
 - (iv) evidence of other attainments and qualifications, including his fitness to pursue the course of study.

TERMS

5.(1) A successful applicant shall

- (a) give a written undertaking to the Minister to devote at least 3 years to educational work in Ontario upon completion of his course,

(b) upon enrolling in his course report to the Minister the name of the course, the length and scope thereof, and the name of the school, university, or other institution, he is attending,

(c) upon the completion of the first 3 months of his course forward to the Minister a progress report signed by each of his instructors or teachers,

(d) at the request of the Minister forward additional progress reports signed by each of his instructors or teachers, and

(e) upon his return to Ontario notify the Minister of the work he proposes to undertake.

(2) Where under clause *c* or *d* of subregulation 1 the Minister receives an unsatisfactory report, he may withhold the second instalment of the scholarship.

6. Upon application the Minister may release the applicant from his undertaking under clause *a* of subregulation 1 of regulation 5.

LIMITATION

7. No person shall be awarded more than 1 scholarship under these regulations.

Assistance in Payment of Cost of Education of Retarded Children.

New and Revoking O. Reg. 114/53.

Made—27th September, 1954.

Approved—28th October, 1954.

Filed—1st November, 1954.

REGULATIONS MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT, 1954

ASSISTANCE IN PAYMENT OF COST OF EDUCATION OF RETARDED CHILDREN

INTERPRETATION

1. In these regulations

(a) "Association" means the Ontario Association for Retarded Children;

(b) "average daily attendance" means the average daily attendance of children calculated by dividing the sum of

(i) the number of children present in the mornings, and

(ii) the number of children present in the afternoons,
for the month by the number of school days in that month;

- (c) "Deputy Minister" means Deputy Minister of Education; and
- (d) "voluntary helper" means a person who serves on the staff of a class without remuneration.

ESTABLISHMENT OF CLASSES

2. Classes conducted by parents' groups under clause *zc* of subsection 1 of section 12 of the Act are established.

AMOUNT OF ASSISTANCE

3.(1) Where a parents' group conducts a class and complies with the conditions under regulations 4 to 9, both inclusive, it shall be paid \$25 a month for each pupil of average daily attendance for each month during which the class was in operation.

(2) Assistance under subregulation 1 shall be paid at the end of each term.

APPOINTMENT OF EDUCATION COMMITTEE

4. It is a condition of a payment under regulation 3 that each affiliate of the Association holds its annual meeting before the 1st of July and appoints thereat an education committee of 5 persons including the local public-school inspector.

DUTIES OF EDUCATION COMMITTEE

5. It is a condition of a payment under regulation 3 that an education committee

- (a) secures class-room accommodation, equipment and supplies,
- (b) employs teachers, including a principal,
- (c) enlists the services of voluntary helpers,
- (d) subject to clause *a* of regulation 6, admits to classes without charge at any time during a term children under 18 years of age whose mental capacity is incapable of development beyond that of a child of normal mentality at 8 years of age, and
- (e) after a hearing dismisses from the classes a child who is incorrigible or unable to profit by instruction given to the classes.

DUTIES OF PRINCIPAL

6. It is a condition of a payment under regulation 3 that the principal

- (a) before admitting a child to classes, obtains from the parent or guardian a written statement that while attending classes
 - (i) the child is subject to such discipline as may be exercised by a kind and judicious parent of a retarded child, and
 - (ii) the child is able to look after his physical needs,
- (b) keeps a register of the daily attendance at classes,
- (c) groups the children into classes, and maintains discipline therein,
- (d) assigns duties to teachers and voluntary helpers,
- (e) is responsible for the educational programme of classes, and

(f) at the end of each term furnishes forthwith to the secretary of the affiliate a written statement for each month of the term setting forth

- (i) the sum of the number of children present in the mornings and the number of children present in the afternoons, and
- (ii) the average daily attendance of children, correct to 2 decimal places.

SCHOOL YEAR

7. It is a condition of a payment under regulation 3 that the school year consists of three terms as follows:

- (a) September, October, November, and December,
- (b) January, February, and March, and
- (c) April, May, and June.

SCHOOL HOURS

8.(1) Subject to subregulation 2, it is a condition of a payment under regulation 3 that a child may attend only in the morning or in the afternoon and that the number of school hours is at least 2 but not more than 3 a day.

(2) Where

- (a) a legally qualified medical practitioner approves in writing the attendance of a child who is 12 years of age or over but under 18 years of age,
- (b) the education committee approves, and
- (c) the number of school hours is at least 5 but not more than 5½ a day,

the child may attend in both the morning and the afternoon.

DUTIES OF ASSOCIATION

9. It is a condition of a payment under regulation 3 that at the end of each term each affiliate of the Association transmits forthwith to the Deputy Minister

- (a) the statement of the principal under clause *f* of regulation 6,
- (b) a statement certified by the secretary of the affiliate setting forth
 - (i) the names of the teachers on the staff and the remuneration paid to each for each month of that term,
 - (ii) the number of voluntary helpers on the staff during the month, and
 - (iii) the expenditures made for rent, janitor-service, heat, electricity, school-room equipment, and school-room supplies, but not including expenditures for transportation, building-construction, or for the purchase of real estate.

REVOCATION

2. The fiscal year of a local board shall end on the 31st of March, but the local board may fix another date.

FIRST MEETING

3. The first meeting of a local board shall be held not later than 10 days after the election of the members thereof.

OFFICERS

4.(1) A local board shall at its first meeting after appointment or election, as the case may be, elect from its members a chairman and a vice-chairman.

(2) When the chairman and vice-chairman are absent from a meeting the local board may elect a chairman from the members present at the meeting.

5. A majority of the members of a local board shall constitute a quorum for the transaction of business.

6.(1) A local board shall appoint a secretary and treasurer.

(2) The same person may be appointed secretary and treasurer.

(3) No secretary or treasurer shall be a member of the local board.

SECRETARY

7. The secretary of a local board shall

- (a) attend all meetings of the local board and keep true minutes thereof,
- (b) conduct the correspondence of the local board, and
- (c) keep a record of
 - (i) all business transactions of the local board,
 - (ii) all orders, directions or determinations of the local board,
 - (iii) all reports of committees that may from time to time be appointed by the local board, and
 - (iv) all annual statements and financial and auditor's reports.

TREASURER

8. The treasurer of a local board shall

- (a) receive all moneys paid to the local board and forthwith deposit them to the credit of the local board in a chartered bank, or in a branch of The Province of Ontario Savings Office as the local board may by resolution direct,

- (b) keep the securities of the local board in safe custody,
- (c) keep or cause to be kept proper books of account, and make or cause to be made therein entries of all receipts and expenditures of the local board,
- (d) prepare the annual financial statement of the local board, and
- (e) prepare reports showing the financial position of the local board, as the local board may from time to time direct.

MEETINGS OF LOCAL BOARD

9.(1) Meetings of a local board shall be called by the chairman, or by 2 members, by giving notice thereof to each member and to the secretary and treasurer of the local board.

(2) Unless otherwise given in the notice calling the meeting, the meetings of the local board shall be held at the head office.

(3) Notice of a meeting shall

- (a) include the date and time of the meeting of the local board,
- (b) be given
 - (i) in writing by prepaid mail or telegraph, or
 - (ii) orally, and
- (c) be given in such a manner as to ensure that each member has sufficient time to receive the notice and to attend the meeting.

10.(1) The order of business at a meeting of a local board shall be

- (a) roll call,
- (b) reading and approving of minutes of last meeting,
- (c) business arising out of minutes,
- (d) report of the treasurer
- (e) dealing with correspondence,
- (f) unfinished business, and
- (g) new business.

(2) The order of business may be varied by a majority vote of the members present at a meeting.

11. All questions arising at any meeting of a local board shall be decided by the majority of the votes of the members present and in the event of a tie vote the chairman of the meeting shall have a second or casting vote.

TRANSACTION OF BUSINESS OTHER THAN AT A MEETING

12.(1) A local board may transact a matter of business other than at a meeting called and conducted in accordance with regulations 9, 10 and 11, upon the following conditions:

- (a) that the chairman of the local board is of the opinion that the matter of business should be decided sooner than a meeting may be called;
- (b) that the chairman submits the matter to be decided to the secretary of the local board;

- (c) that the chairman or the secretary submits the matter for decision of the members of the local board

(i) by prepaid mail or telegraph, or

(ii) orally, and

- (d) that the secretary makes a record in the minute book of the local board of the matter to be decided and the decision of each member.

(2) Where the conditions under subregulation 1 have been complied with and the record shows a majority of members in favour of, or against, the matter of business, it shall be decided accordingly.

(3) Where the secretary of a local board makes a record in the minute book under subregulation 1, the record shall be read and confirmed at the next meeting of the board.

13. Minutes of each meeting of a board shall be signed by the chairman of the meeting and the secretary.

EXPENDITURES

14.(1) No expenditures shall be made unless authorized by the local board in accordance with the powers conferred upon the local board by the Act, the scheme and the regulations.

(2) All expenditures shall be made by cheque.

(3) Cheques shall be signed in the name of the local board by

(a) the chairman, or in his absence by the vice-chairman, and

(b) the treasurer.

BONDING OF TREASURER

15.(1) The treasurer of each local board shall be covered by a bond of a guarantee company approved under *The Guarantee Companies Securities Act* in an amount or amounts satisfactory to the local board.

(2) The local board shall pay the cost of the bond.

AUDIT

16.(1) A local board shall cause its accounts to be audited annually by one or more auditors within 3 months after the end of the fiscal year of the local board.

(2) The auditor shall make a report to the local board on the accounts examined by him and on every balance sheet laid before the local board at a general meeting and in the report shall state whether, in his opinion, the balance sheet referred to in the report is properly drawn up so as to exhibit a true and correct view of the state of the local board's affairs as shown by its books and the treasurer's financial statement.

(3) The secretary of the local board shall file the report of the auditor.

17. Within 6 months after the end of each fiscal year of a local board, the secretary of the local board shall forward to the producers, or growers, entitled to vote under the scheme a copy of the annual statement and auditor's report and a general report of the local board's operations for the fiscal year last ended.

SEAL

18.(1) Each local board shall have a corporate seal.

(2) The seal shall be in the form of 2 concentric circles with the name of the local board inserted in the space between the 2 circles.

(3) Where the seal is used it shall be attested by

(a) the chairman or vice-chairman, and

(b) the secretary.

(4) The secretary shall have custody of the seal.

4. Each local board is directed to file with the Board within 7 days after the holding of a meeting of the local board a true copy of the minutes of the meeting.

AGREEMENTS AND AWARDS

5. Where a local board receives a copy of any agreement or award filed with the Board under subsection 1a of section 3 of the Act, the local board is directed to file with its secretary the copy of the agreement or award.

ORDERS, DIRECTIONS AND DETERMINATIONS

6. Within 7 days after the issuance of an order, direction or determination by a local board, it is directed to forward a copy of the order, direction or determination to the Board.

ANNUAL STATEMENTS AND AUDITOR'S REPORTS

7. Each local board is directed to forward to the Board a certified copy of its annual financial statement together with the report of the auditor or auditors within 7 days after the statement and report are filed with the local board.

REPORTS OF OPERATIONS OF BOARDS

8. Where the local board makes a general report of its operations for a fiscal year, the local board is directed to forward a copy of the report to the Board within 30 days from the date of the report.

9. Where a marketing agency has been appointed for the marketing of a farm product regulated by the scheme under which a local board is constituted, the local board shall forward to the Board a copy of every agreement made by the local board respecting the marketing of the regulated product, and every agreement made with the marketing agency, within 7 days of the date of the agreement.

THE LIGHTNING RODS ACT

O. Reg. 190/54.
General Amendments.
Amending Regulations 238 of Consolidated
Regulations 1950.
Made—19th November, 1954.
Filed—24th November, 1954.

REGULATIONS MADE UNDER THE LIGHTNING RODS ACT

1. In these regulations "principal Regulations" means Regulations 238 of Consolidated Regulations of Ontario 1950.

2. Clause *n* of regulation 1 of the principal Regulations is revoked and the following substituted therefor:

- (*n*) "flat roof" means a roof that is horizontal or has a vertical rise of not more than 1 foot for each 6 feet measured horizontally;

3. Clause *b* of regulation 2 of the principal Regulations is revoked and the following substituted therefor:

- (*b*) explosive-magazines, or tanks and reservoirs for flammable liquids.

4. Clauses *b* and *c* of subregulation 1 of regulation 3 of the principal Regulations are revoked and the following substituted therefor:

- (*b*) galvanized iron used for air-terminal supports, connectors, nails, screws, bolts, plates for making connexions to a metal roof or metal siding, and separators between copper or copper alloy and aluminum, and

- (*c*) lead used as anchors or to protect other materials from corrosion or to separate copper or copper alloy and aluminum.

5. Regulation 4 of the principal Regulations is revoked and the following substituted therefor:

- 4.(1) Except as provided for in subregulations 2 and 3 of regulation 48, cable shall

- (*a*) consist of not less than 7 wires of soft drawn copper or aluminum and no wire shall be less than 17-gauge copper or 14-gauge aluminum,

- (*b*) on structures not exceeding 60 feet in height, weigh

- (i) if of copper, not less than 3 ounces, and

- (ii) if of aluminum, not less than 2 ounces,

a linear foot, and

- (*c*) on structures exceeding 60 feet in height, weigh

- (i) if of copper, not less than 4 ounces, and

- (ii) if of aluminum, not less than 2.75 ounces,

a linear foot.

- (2) Where a structure consists of sections of different heights, the cable protecting each section shall weigh at least as much as the cable required for separate structures of the same respective heights.

6. Subregulation 2 of regulation 5 of the principal Regulations is revoked and the following substituted therefor:

- (2) A straight cable connexion shall be made with a connector of at least 17-gauge malleable copper or copper alloy, or 14-gauge aluminum and of such design as will ensure contact of the connector with at least 3 inches of each of the interconnected cables.

- (2a) A T or Y cable connexion shall be made

- (*a*) with a connector of at least 17-gauge malleable copper or copper alloy, or 14-gauge aluminum and of such design as will ensure contact of the connector with at least 1 inch of the continuous run of cable and if

- (i) the connector is bolted, at least 2 inches, or

- (ii) the connector is crimped, at least 3 inches,

of the branch cable, or

- (*b*) by unravelling at least 10 inches of the end of one cable, dividing it into two equal or nearly equal parts, tightly wrapping the two parts in opposite directions around and along the other cable and securing the ends of the wires against becoming loose.

7. Subregulation 1 of regulation 6 of the principal Regulations is revoked and the following substituted therefor:

- (1) Except as provided for in subregulations 2 and 3 of regulation 48, strap conductors shall be at least 17-gauge copper or 14-gauge aluminum, not less than 1½ inches wide on buildings and structures not exceeding 60 feet in height and 2 inches wide on buildings and structures exceeding 60 feet in height.

8. Regulation 8 of the principal Regulations is revoked and the following substituted therefor:

- 8.(1) A T or Y connexion shall be made

- (*a*) between a continuous run of cable and a strap conductor

- (i) with a connector tightly fitted around at least 1 inch of the cable and secured to the strap conductor by 1 bolt or 2 rivets, or

- (ii) by bolting or rivetting the strap conductor around and in tight contact with the cable, and

- (*b*) between a branch cable and a strap conductor with a connector

- (i) tightly fitted around at least 2 inches of the cable, if the connector is bolted, or at least 3 inches, if it is crimped, and

- (ii) secured to the strap conductor by 1 bolt or 2 rivets.

- (2) A cross connexion between a cable and a strap conductor shall be made by means of a 17-gauge copper, or 14-gauge aluminum, connector

(a) shaped to fit over the cable, and

(b) secured to the strap conductor by means of bolts or rivets.

9. Regulation 9 of the principal Regulations is revoked and the following substituted therefor:

9. Except as provided for in subregulation 2 of regulation 49 and subregulation 2 of regulation 50 extended metal attachments or metal parts of buildings and structures shall not be substituted for conductors unless the metal is permanently electrically continuous and consists of copper, copper alloy or aluminum with an exposed area of at least 8 inches wide throughout its length or a solid cross-sectional area of at least $1\frac{1}{2}$ square inches, but for monuments or similar structures heavy and extensive parts consisting of other conducting metals and weighing at least 3 pounds a linear foot may be used instead of conductors.

10. Regulation 10 of the principal Regulations is revoked and the following substituted therefor:

- 10.(1) Except as provided for in subregulation 2 of regulation 49 and subregulation 2 of regulation 50, conductors shall be coursed over roofs and along roof-ridges and parapets so as to interconnect the air terminals in as direct a path as practicable and over the eaves in as direct a path as practicable to the best locations for ground connexions, but where the nature or construction of a roof is such that it is difficult or objectionable to make attachments to it, the conductor may be coursed on the facing-board parallel to the roof and a connexion shall be made near the eaves between any metal eaves-trough and the conductor, and in the case of metal roofs, between the metal eaves and the conductor.

- (2) There shall be at least 2 down-conductors on each building and structure except flag poles, masts, similar slender objects and silos that do not require more than 1 grounding under subregulation 3 of regulation 53.

- (3) On flat roofs conductors shall be coursed within 2 feet of the edges of the roof or on the parapets, but on flat roofs of dormers conductors shall not be required within 2 feet of an eaves that is less than 50 feet in length.

- (4) On a flat roof, in addition to conductors within 2 feet of the edges of the roof or on the parapets, conductors shall be coursed over the roof so that there are parallel conductors not more than 50 feet apart

(a) in one direction if the shorter dimension of the roof is more than 50 feet but less than 100 feet, and

(b) in two directions if the shorter dimension is 100 feet or more.

11(1). Subregulation 5 of regulation 11 of the principal Regulations is revoked and the following substituted therefor:

- (5) no conductor shall be suspended for a distance of more than 4 feet without adequate intermediate support.

(2). Regulation 11 of the principal Regulations is amended by adding immediately after subregulation 7 the following subregulations:

- (8) Where practicable no conductor shall be within 6 feet of

(i) exposed electric or telephone wires, or

(ii) radio or television antennae.

- (9) No conductor shall be within 6 feet of a tank containing a flammable liquid or gas.

12. Subregulations 2 and 3 of regulation 17 of the principal Regulations are revoked and the following substituted therefor:

- (2) A wing portion of a building having its roof-ridge on the same level as, or less than 5 feet below, the roof-ridge of the main portion, measured along the roof-slope, shall have an additional down-conductor for each 80 feet of length or part thereof, measured along the wall or foundation, and the conductors on the wing portion and the main portion shall be interconnected at the junction of the 2 ridges.

- (3) Except annexes provided for in regulation 54, a wing portion of a building having its roof-ridge more than 5 feet below the roof-ridge of the main portion, measured along the roof-slope, shall have 2 down-conductors and where the wing portion is more than 100 feet in length, measured along the wall or foundation, it shall have an additional down-conductor for each 60 feet of length or part thereof in excess of 100 feet, and where the roof-ridge of a wing portion intersects the upper half of a main roof, the conductor on the ridge of the wing portion shall be connected with the conductor on the ridge of the main portion.

13. Clauses *c* and *d* of regulation 25 of the principal Regulations are revoked and the following substituted therefor:

- (c) on flat roofs, 12 inches above them if within 2 feet of the edges, and 18 inches on intermediate conductors on the roof,

- (d) on or beside chimneys, ventilators or cupolas, 12 inches above the top, and

14. Regulation 26 of the principal Regulations is revoked and the following substituted therefor:

26. Air-terminals shall be installed

- (a) within twice the height of the air-terminal from each exposed gable and each corner of a flat roof, roof-deck or parapet,

- (b) within twice the height of the air-terminal, not exceeding 6 feet in distance, from the outer corners of a flat roof on a dormer where

(i) the junction of the dormer roof and the main roof is less than 3 feet vertically below the main ridge, and

(ii) the dormer roof extends more than 6 feet horizontally from its junction with the main roof,

- (c) within twice the height of the air-terminal, not exceeding 6 feet in distance, from the gable of a dormer having a roof-ridge less than 3 feet vertically below the main ridge or extending more than 6 feet horizontally from the upper half of the main roof or more than 8 feet horizontally from the lower half,

- (d) on or within 12 inches of each non-metallic projection above the roof or parapet,

- (e) on or beside chimneys so that the distance from any part of the top of the chimney to an air-terminal is not greater than twice the height of the air-terminal, but not exceeding 30 inches, above the top of the chimney,
- (f) within 12 inches of a stove-pipe projecting through a roof,
- (g) along roof-ridges, the edges of flat roofs and parapets at intervals not exceeding 10 times the combined heights of the 2 adjacent air-terminals, but in no case exceeding 25 feet, and
- (h) along intermediate conductors on flat roofs at intervals not exceeding 50 feet.

15. Subregulation 2 of regulation 28 of the principal Regulations is revoked and the following substituted therefor:

- (2) Connexions to metal roofs shall be made by means of metal plates or straps
 - (a) to which the air terminal is brazed, bolted or riveted,
 - (b) having not less than 9 square inches in tight contact with the roof-metal, and
 - (c) securely fastened to the roof by means of screws or rivets.

16(1). Clause *a* of subregulation 2 of regulation 29 of the principal Regulation is amended by adding at the end thereof the words "and have at least 3 legs".

(2). Clause *c* of subregulation 3 of regulation 29 of the principal Regulations is revoked and the following substituted therefor:

- (c) be attached to chimneys or other masonry surfaces by substantial fasteners, and to wood surfaces by at least 3 screws not less than 1¼ inches in length.

17. Regulation 30 of the principal Regulations is revoked and the following substituted therefor:

- 30. Except as provided for in subregulation 3 of regulation 55, groundings shall consist of copper cable, copper or copper-clad steel rods not less than ½ inch in diameter, galvanized steel rods not less than 5/8 inch in diameter or copper plates.

18. Subregulation 3 of regulation 31 of the principal Regulations is revoked and the following substituted therefor:

- (3) Groundings shall not be within 6 feet of any gas-main, gas-tank, oil-tank, gasoline tank or groundings for electric equipment or electric-wiring systems, but underground water-pipes may be used as a common grounding.

19. Subregulation 1 of regulation 33 of the principal Regulations is revoked and the following substituted therefor:

- (1) A down-conductor shall be connected to a ground rod by a clamp or clamps secured in tight contact with at least 3 inches of both the down-conductor and the ground rod by bolts or set screws.

20. Clause *a* of subregulation 1 of regulation 42 of the principal Regulations is revoked and the following substituted therefor:

- (a) if vertical
 - (i) on a flat roof, and

- (ii) on a sloped roof and extending above the roof-ridge or the highest edge of the roof slope or more than 15 inches above its junction with the roof,

be connected to the conductor or other grounded metal,

21. Clause *a* of subregulation 1 of regulation 43 of the principal Regulations is revoked and the following substituted therefor:

- (a) if a rain spout, guy-wire, support of a litter-carrier track, or other vertical metal, except metal conduits provided for in subregulation 7 of regulation 11, be grounded from its lower end and connected from its upper end to conductors within 6 feet and metal roofs within 2 feet, or

22. Regulation 44 of the principal Regulations is revoked and the following substituted therefor:

44.(1) Metal projecting through a roof shall,

- (a) if through a flat roof, be connected from its junction with the roof to the conductor or other grounded metal and, where practicable, be grounded from its lower end within the building; or

- (b) if through a sloped roof and extending

(i) above the roof-ridge or the highest edge of the roof slope, or

(ii) more than 15 inches above its junction with the roof,

be connected from its junction with the roof to the conductor or other grounded metal and, where practicable, be grounded from its lower end.

(2) Metal projecting through a wall shall,

- (a) if through the upper half of a one-storey wall or if more than 12 feet above ground level through a higher wall,

(i) be connected from the point where it emerges from the building to a conductor or other grounded metal and,

(ii) where practicable, be grounded from its lower or farther end within the building; or

- (b) if through the lower half of a one-storey wall or if less than 12 feet above ground level through a higher wall,

(i) be connected from the point where it emerges from the building to the conductor or other grounded metal within 6 feet or,

(ii) if a litter track more than 6 feet from a conductor, be connected to an independent grounding, and

(iii) where practicable, be grounded from its lower or farther and within the building.

23. Clause *a* of regulation 45 of the principal Regulations is revoked and the following substituted therefor:

- (a) if shafting, stanchions, litter-carrier track or horizontal pipe, be connected to conductors within 6 feet where practicable and have an independent grounding for each 100 linear feet or part thereof;

24. Regulation 48 of the principal Regulations is revoked and the following substituted therefor:

Conducting Materials And Methods For Grounding Metal Bodies.

- 48.(1) Connexions of metal bodies to conductors, metal roofing or metal siding shall be made with cable or strap.
- (2) Interconnexions of metal bodies not connected to conductors, metal roofing or metal siding, and connexions of metal bodies to independent groundings shall be made with
- (a) at least one 6-gauge copper or one 4-gauge aluminum wire, or
- (b) twisted or braided wires of gauges prescribed in subregulation 1 of regulation 4 and of half the weight prescribed in subregulation 2 of regulation 4 for cable, or
- (c) metal strap at least $\frac{3}{4}$ inch wide.
- (3) Connexions of rain-spouts and of metal bodies, which are connected to conductors, metal roofing or metal siding to independent groundings shall be made with cable or strap of at least 17-gauge copper or 14-gauge aluminum and the straps shall be not less than 1 inch wide.
- (4) Connectors and methods of installation used to make connexions of conductors to metal objects shall be such as will ensure permanently tight contact between the conductor and the metal object.
- (5) Except
- (a) as provided for in regulation 13, and
- (b) for hay-fork tracks connected in an upward path where they are grounded from both ends,
- conductors used to ground metal bodies specified in regulations 42, 43, 44, 45, 46, and 47 shall be coursed throughout their length in a horizontal or downward path from the metal body.
25. Subregulation 5 of regulation 49 is revoked and the following substituted therefor:
- (5) Connexions of down-conductors to metal eaves or metal siding shall be made
- (a) if the down-conductors are cable, by means of metal plates
- (i) shaped to fit over and in tight contact with at least 3 inches of the cable,
- (ii) secured in tight contact with at least 9 square inches of the eaves or siding by means of 6 bolts, rivets or screws, and
- (iii) with the ends of the wires turned back over the edge of the metal plate; or
- (b) if the down conductors are strap, by securing at least 9 square inches of the strap in tight contact with the eaves or siding by means of 4 bolts, rivets or screws.
- (5a) Connexions of conductors, other than down-conductors, to metal roofs and metal siding shall be made

(a) if the conductor is cable, by means of metal plates

- (i) shaped to fit over and in tight contact with at least 2 inches of the cable,
- (ii) secured in tight contact with at least 6 square inches of the eaves or siding by means of 4 bolts, rivets or screws, and
- (iii) with the ends of the wires turned back over the edge of the metal plate; or
- (b) if the conductor is strap, by securing at least 6 square inches of the strap in tight contact with the eaves or siding by means of 3 bolts, rivets or screws.

26. Regulation 52 of the principal Regulations is revoked and the following substituted therefor:

52. Flag poles, radio masts, television masts, towers, spires and smoke-stacks may be equipped with a system independent of the structure of which they are a part or on which they are erected, but if the structure is equipped with a system, the systems shall be interconnected.

27. Subregulations 1 and 3 of regulation 53 of the principal Regulations are revoked and the following substituted therefor:

(1) Where a silo

- (a) is within 4 feet of a building and extends above the adjacent roof-line, or
- (b) is within 8 feet of a building, and has a wall or roof of combustible construction in whole or in part, and extends above the adjacent roof-line,

the silo shall be part of the building for the purposes of the Act.

(3) Conductors on silos may have separate groundings or be connected to a conductor on an adjacent building or structure, or both, and if a silo has an outside diameter more than 14 feet or extends more than 4 feet above the nearest point of the adjacent roof-line, it shall have at least 2 groundings.

28. Clauses *a* and *b* of regulation 54 of the principal Regulations are revoked and the following substituted therefor:

- (a) it is not more than 8 feet in height, including chimneys, vents, and other projections, that are outside a cone of protection,
- (b) its height plus the distance it extends from the main building or structure is not greater than the height of the adjoining wall of the main building or structure, or

and
"Cave and Fourneau Development"
New.
Made—19th November, 1954.
Filed—25th November, 1954.

REGULATIONS MADE UNDER THE LAKES
AND RIVERS IMPROVEMENT ACT

1. The construction, description and dimensions of the aprons or slides which are to be provided for or in connection with the dam of The Hydro-Electric Power Commission of Ontario situate on the lands described in schedule 1 and known as the "Chenaux Development" shall be as

(a) shown on the plans

(i) numbered in the first column,

(ii) described in the second column, and

(iii) filed in the office of the Registrar of Regulations at Toronto by the plan numbers in the third column

of schedule 2 and

(b) as prescribed in the specifications in schedule 3.

2. The construction, description and dimensions of the aprons and slides which are to be provided for or in connection with the dam of The Hydro-Electric Power Commission of Ontario situate on the lands described in schedule 4 and known as the "Cave and Fourneau Development" or as the "Otto Holden Generating Station" shall be as

(a) shown on the plans

(i) numbered in the first column

(ii) described in the second column, and

(iii) filed in the office of the Registrar of Regulations at Toronto by the plan numbers in the third column

of schedule 5 and

(b) as prescribed in the specifications in schedule 6.

SCHEDULE 1

All that part of Lot 26, Concession VIII, and part of the bed of the Ottawa River lying east of the said lot, in the Township of Horton, in the County of Renfrew, in the Province of Ontario, having an area of 16.5 acres, more or less, more particularly described as follows:

COMMENCING at a point in the interior of said Lot 26 distant 1093.64 feet measured on a course of south 80 degrees, 47 minutes and 30 seconds east from the most westerly angle of said Lot 26; thence south 20 degrees and 40 minutes east 800.00 feet; thence north 69 degrees and 20 minutes east to the interprovincial boundary between the Province of Quebec and the Province of Ontario; thence north-westerly along the said interprovincial boundary to where it is intersected by a line drawn on a course of north 69 degrees and 20 minutes east from the point of commencement; thence south 69 degrees and 20 minutes west along the last-mentioned line to the point of commencement.

SCHEDULE 3

1. In these specifications "log-chute" means apron or slide.

PORTAGE DU FORT DAM

2. The dam shall

(a) be a concrete gravity-type dam, with a wing wall consisting of an earth fill with a concrete core wall, extending across the Portage du Fort channel of the Ottawa River; and

(b) comprise

(i) a north bulkhead section;

(ii) a stop-log sluice-section;

(iii) a south bulkhead section; and

(iv) an earth fill with concrete core wall section

as shown on plan number C-419-123.

3. The bulkhead section shall

(a) be

- (i) constructed of concrete; and
- (ii) of gravity-type design

with a top width of 12 feet, a vertical upstream face, and a sloped downstream face; and

(b) extend

- (i) from the rock at elevation 290 feet above mean sea level on the north bank of the Portage du Fort channel to the north end of the stop-log sluice-section; and
- (ii) from the south end of the stop-log section to a rock shoulder on Limerick Island on the south bank of the Portage du Fort channel.

4. The earth fill with concrete core wall shall

- (a) be of the rolled fill embankment type with a top width of 32 feet;
- (b) have upstream and downstream slopes protected by rock riprap; and
- (c) extend from the south end of the south bulkhead section to elevation 290 feet above mean sea level on Limerick Island.

5. The stop-log sluice-section shall

- (a) be located in the Portage du Fort channel and between the north and south bulkhead sections;
- (b) contain 8 sluice-ways, each 16 feet wide, with the sills of the sluice-ways at elevation 262 feet above mean sea level or 23 feet below normal regulated water level; and
- (c) be equipped with a travelling spud-winch, operating on the stop-log sluice-deck, for raising and lowering the timber stop-logs in each sluice-way.

LIMERICK ISLAND DAM

6. The dam shall

- (a) be a concrete gravity-type extending across the dewatering or flood channel excavated through Limerick Island; and
- (b) comprise
 - (i) a north bulkhead section;
 - (ii) a stop-log sluice-section;
 - (iii) a sluice-gate section;
 - (iv) a stop-log sluice-section; and
 - (v) a south bulkhead section
 as shown on plan number B-419-122.

7. The bulkhead sections shall

(a) be

- (i) constructed of concrete; and
- (ii) of gravity-type design

with a top width of 12 feet, a vertical upstream face, and a sloped downstream face; and

(b) extend

- (i) from the rock at elevation 290 feet above mean sea level on the north side of the dewatering channel to the north end of the north stop-log sluice-section; and
- (ii) from the south end of the south stop-log sluice-section to a junction with the east end of the main dam on the east bank of the interprovincial channel of the Ottawa River.

8. The stop-log sluice-sections shall

- (a) be located on either side of the deep section of the dewatering or flood channel excavated across Limerick Island;
- (b) contain 8 sluice-ways, each 16 feet wide, in each of the two sections, with the sills of the sluice-ways at elevation 262 feet above mean sea level, or 23 feet below normal regulated water level; and
- (c) be equipped with travelling spud-winch, operating on stop-log sluice-decks, for raising and lowering the timber stop-logs in each sluice-way.

9. The sluice-gate section shall

- (a) be located across the deep section of the dewatering or flood channel excavated across Limerick Island and between the stop-log sluice-sections;
- (b) contain 6 sluice-ways, each 40 feet wide, with the sills at elevation 255 feet above mean sea level or 30 feet below normal regulated water level; and
- (c) be equipped with individually motor-operated steel gates 30 feet high; in addition, one set of emergency steel stop-logs shall be provided, to be operated by a travelling electric mono-rail hoist for placing or removing these stop-logs in their checks located upstream of the steel sluice-gates.

MAIN DAM

10. The dam shall

- (a) be a concrete gravity-type, extending across the interprovincial channel of the Ottawa River; and
- (b) comprise
 - (i) an east bulkhead section;
 - (ii) a log-chute and flume;
 - (iii) a headworks or intake section;
 - (iv) a west bulkhead section
 as shown on plan number B-419-121.

11. The bulkhead sections shall

(a) be

- (i) constructed of concrete; and
- (ii) of gravity-type design

with a top width of 12 feet on the east section and 16 feet on the west section, a vertical upstream face, and a sloped downstream face; and

(b) extend

- (i) from the end of the Limerick Island dam, on the east bank of the interprovincial channel, to the east end of the headworks or intake section; and
- (ii) from the west end of the headworks or intake section to rock at elevation 290 above mean sea level on the west bank of the interprovincial channel of the Ottawa River.

12. The log-chute section shall

- (a) be located through the east bulkhead section;
- (b) have an intake 20 feet wide and with the sill at elevation 275 feet above mean sea level or 10 feet below normal regulated water level;
- (c) connect through a transition to a concrete chute and extend from the forebay to the Ottawa River downstream from the power house; and
- (d) be controlled by a motor-operated steel Tainter gate designed to pass the logs over its upper surface

as shown on plan number A-419-124.

13. The headworks or intake section shall

- (a) be located between the east and west bulkhead section and in the interprovincial channel of the Ottawa River;
- (b) comprise 8 concrete intakes, each connected directly to a concrete scroll case for one turbine;
- (c) have each intake made up of 3 water passages, each 15 feet wide, with the sill at elevation 236 feet 6 inches above mean sea level, or 48 feet 6 inches below normal regulated water level;
- (d) be designed so that each of the 24 water-passages through the headworks is controlled by a motor-operated steel head gate, and equipped with a set of removable steel trash-racks. In addition three sets of steel stop-logs shall be provided so that any unit may be dewatered if its set of head gates were out of service; and
- (e) be equipped with a travelling electric gantry crane designed to service the head-gates, stop-logs, and trash-racks. In addition, the gantry crane shall be equipped with a slow speed trolley hoist for the removal of trash or debris from in front of the trash-racks.

POWER HOUSE

14. The power house shall

- (a) be located in the interprovincial channel of the Ottawa River, as shown on plan number B-419-121;
- (b) contain equipment for the generation of electric power from the hydraulic power available in that reach of the Ottawa River between the production of the line between Lots 23 and 24, Concession VII, Township of Horton, and the production of the line between Lots 8 and 9, Concession XIII, Township of Ross; and
- (c) consist of a reinforced concrete substructure containing 8 scroll cases and draft tubes, with a superstructure 642 feet 5 inches in length, including erection and machine shop areas.

15. The superstructure shall have a structural steel frame, reinforced concrete walls, and a precast Haydite slab roof with bonded tar and gravel covering.

16. All windows shall be glass brick or glazed aluminum sash frames.

17. All exterior doors shall be steel frame with aluminum cover; interior doors shall be of standard hollow metal types except those below the turbine floor level, which shall be standard wooden types.

18. Interior partitions shall be of tile and plaster construction.

19. All stairways shall be of reinforced concrete or of structural steel construction.

TAIL RACE

20. The tail-race channel shall

- (a) be located in the interprovincial channel of the Ottawa River;
- (b) be approximately 150 feet long, extending from the floor of the draft tubes on an upward slope of 5 on 1 to intersect the bed of the river; and
- (c) be designed to pass 40,160 cubic feet of water per second at an approximate velocity of 2.1 feet per second.

DIVERSION AND FLOOD CHANNEL

21. The diversion and flood channel shall

- (a) be excavated across Limerick Island from the interprovincial channel to the Portage du Fort channel;
- (b) be approximately 1600 feet long by 662 feet wide;
- (c) be designed with the central section 310 feet wide with the bottom at elevation 239 feet above mean sea level; and
- (d) be designed with the outer or berm sections each 176 feet wide, with the bottom at elevation 253 feet above mean sea level.

22. During the construction period, the channel shall be used to divert the flow of the Ottawa River so that the power house may be constructed in the dry. This channel, together with the Portage du Fort channel, under these conditions shall have a minimum capacity of 140,000 cubic feet per second without allowing the upstream water levels to exceed the top levels of the cofferdam at elevation 270 feet above mean sea level.

23. After completion of construction, the channel will be used to pass the flood flows of the Ottawa River. The channel under these conditions, together with the stop-log sluices of the Portage du Fort dam, shall have a minimum capacity of 200,000 cubic feet per second with the head pond at elevation 280 feet above mean sea level, or 5 feet below normal regulated water level.

AUXILIARY DAM

24. The auxiliary dam shall be

- (a) located across a shallow draw or valley to the north of the village of Portage du Fort;
- (b) constructed of concrete; and
- (c) of gravity-type design

with a top width of 5 feet, a vertical upstream face, and a sloped downstream face, as shown on plan number C-419-123.

DESIGN SPECIFICATIONS

25. The concrete gavity-type dams shall be designed to resist

- (a) the hydrostatic pressure acting on the upstream face and the hydrostatic pressure of uplift under the base, with the head pond at elevation 290 feet above mean sea level;
- (b) the hydrostatic pressure acting on the upstream face and the hydrostatic pressure of uplift under the base, with the head pond at elevation 285 feet above mean sea level. In addition, a load due to ice pressure shall be applied on the upstream face at elevation 284;
- (c) the vertical gravity forces with the reservoir empty;
- (d) the uplift pressure where applied, and which shall be assumed as full headwater hydrostatic pressure at the upstream face varying uniformly to full tail-water pressure at the downstream face and applied over 2/3 of the base area; and
- (e) the ice pressure where applied, and which shall be assumed as
 - (i) 10,000 pounds per lineal foot on bulkheads and piers;
 - (ii) 6,000 pounds per lineal foot on steel sluice-gates; and
 - (iii) 2,000 pounds per lineal foot on timber stop-logs.

26. All sections of the work shall be constructed of concrete which, for design purposes, has been taken as weighing 145 pounds per cubic foot, and which shall have a minimum strength of 3,000 pounds per square inch at 28 days.

27. The gates, bridges, towers, and other structural steel parts shall be designed for a basic working stress of 18,000 pounds per square inch. With the gates in the raised position and coated with 1/2-inch of ice, and a 30-pound wind applied, all simultaneously, then the basic stress will be allowed to increase up to a maximum of 22,000 pounds per square inch.

28. The other parts, such as steel and iron castings, forgings, bronze bushings, etc., shall be designed so as to have a minimum factor of safety of 5.

29. The reinforcing steel shall conform to the latest Canadian Standards Association specification, and shall be of structural or hard grade. The basic working stress shall be 20,000 pounds per square inch.

30. The dams, headlock, and power house shall be built on solid rock.

SCHEDULE 4

All that part of Lot 39, Concession VIII, part of the allowance for road on the west bank of the Ottawa River and part of the bed of the Ottawa River lying east of said allowance for road in the geographic Township of Mattawan, in the Territorial District of Nipissing, in the Province of Ontario, having a total area of 19.65 acres, more or less, and described as follows:

COMMENCING at a point in the interior of said Lot 39, which point may be located as follows:

Beginning at the south-west angle of said Lot 39; thence north 00 degrees 01 minutes and 30 seconds east along the western limit of Lot 39 aforesaid, 3146.30 feet; thence north 82 degrees and 44 minutes east, 654.80 feet; thence north 7 degrees and 16 minutes west, 300.00 feet to the said point of commencement; thence south 7 degrees and 16 minutes east, 800.00 feet; thence north 82 degrees and 44 minutes east to the interprovincial boundary between the Province of Quebec and the Province of Ontario; thence northerly along said interprovincial boundary to where it is intersected by a line drawn on a course of north 82 degrees and 44 minutes east from the said point of commencement; thence south 82 degrees and 44 minutes west along the last-mentioned line to the point of commencement.

SCHEDULE 6

1. In these specifications "log-chute" means apron or slide.

DAM

2. (1) The dam shall—

- (a) be a concrete gravity-type dam extending across the Ottawa River from the bank of the river on the Ontario side of the boundary to the bank of the river on the Quebec side of the boundary at La Cave Rapids; and
- (b) comprise
 - (i) a west bulkhead section;
 - (ii) a headworks section;
 - (iii) a sluice-gate section;
 - (iv) a stop-log sluice-section;
 - (v) an east bulkhead section; and
 - (vi) a log-chute section.

as shown on plan number 83-d-2234.

(2) The bulkhead sections shall

(a) be

- (i) constructed of concrete; and
- (ii) of gravity-type design,

with a top width of 15 feet 4 inches and upstream and downstream slopes; and

(b) extend easterly and westerly to meet solid rock at elevation 588 feet above mean sea level.

(3) The headworks section shall contain the intakes to the turbines. There will be two water-passages to each of the eight unit intakes. The water-passages will be rectangular in section, 19 feet six inches wide and eighteen feet high.

(4) The intake for each unit shall be equipped with trash-racks, checks for steel emergency gates and motor-operated steel headgates.

(5) The trash-racks, emergency gates and headgates shall be served by a gantry crane operating on the headworks deck.

(6) A concrete superstructure on the deck of the headworks section shall house the hoisting mechanism.

(7) The sluice-gate section shall contain six sluice-ways, each 40 feet wide and with the sills of the sluice-ways at elevation 553.0 feet above mean sea level, or 30 feet below "regulated" water level.

(8) Each sluice-gate sluice-way shall be equipped with a motor-operated steel gate 31 feet high, checks shall be provided for steel emergency gates operated by a hoist running on a monorail.

(9) The stop-log sluice-section shall contain 42 sluice-ways, each 16 feet wide, with the sills of the sluice-ways at elevation 561 feet above mean sea level or 22 feet below "regulated" water level.

(10) Each stop-log sluice-way shall be equipped with timber stop-logs raised and lowered by two travelling spud-winchies operating on the stop-log sluice-deck.

(11) The log-chute headblock shall be situated in the east bulkhead section with an intake 20 feet wide and with the sill at elevation 573 feet above mean sea level or 10 feet below "regulated" water level. The chute will not be constructed initially.

(12) The temporary log-chute shall be located in stop-log sluice number 11 and shall be constructed in accordance with plan number 83-1-2235.

POWER HOUSE

3. (1) The power house shall

- (a) contain equipment for the generation of electric power from the hydraulic power available in that reach of the Ottawa River lying between the production easterly of the centre line of the allowance for road between concessions VII and VIII in the geographic Township of Mattawan and the production easterly of a line drawn parallel to and 1320 feet southerly from the boundary line between the townships of Poitras and Wyse in the Territorial District of Nipissing; and
- (b) consist of a reinforced concrete substructure with reinforced concrete scroll cases and draft tubes, and a superstructure approximately 450 feet long.

(2) The superstructure shall be structural steel and concrete.

(3) All window frames shall be of aluminum sash.

(4) Interior partitions shall be of tile and plaster construction.

TAIL RACE

4. (1) The tail-race channel shall

- (a) be approximately 2,000 feet long;
- (b) extend downstream from the power house along the bed of the Ottawa River; and
- (c) be designed to add about 5 feet of head to the development.

DIVERSION CHANNEL

5. The diversion channel shall be

- (a) approximately 2,700 feet long, and
- (b) excavated upstream and downstream from the stop-log sluice-section on the east bank of the Ottawa River.

DESIGN AND SPECIFICATIONS

6. The concrete gravity-type dam is designed to resist

- (a) the hydrostatic pressure acting on the upstream face, with forebay elevation at 588 feet above mean sea level, and
- (b) in combination with water at elevation 583 feet above mean sea level, the following ice conditions
 - (i) bulkhead sections and piers, 10,000 pounds per lineal foot,
 - (ii) steel sluice-gates, 5,000 pounds per lineal foot, and
 - (iii) timber stop-logs, 2,000 pounds per lineal foot.

7. All sections of the dam shall be constructed of concrete which for design purposes has been taken as weighing 145 pounds per cubic foot.

8. The gates, bridges, towers and other structural parts have been designed for a working stress of not more than 30 per cent of the ultimate strength of the materials used.

9. The mechanized parts have been designed for a working stress of between 10 and 20 per cent of the ultimate strength of the materials used.

10. The water-passages are designed to withstand the full hydrostatic head-pressure plus the pressure rise which would result from an operation of the turbine gates from fully-opened to fully-closed position in four seconds.

11. The specifications of concrete for the dam are as follows:

(a) bulkhead sections

- (i) interior centre portion, 2,000 pounds per square inch, and
- (ii) surface portions, 3,000 pounds per square inch,

- (b) piers and decks, 3,000 pounds per square inch, and
- (c) power house, a minimum of 2,000 pounds per square inch.

12. The specifications of reinforcing steel is Billet steel with 18,000 pounds per square inch allowable working stress.

13. The dam and power house shall be built on solid rock which underlies the site.

THE MILK INDUSTRY ACT, 1954

O. Reg. 193/54.

Manner of Taking Votes Under Sections 29 and 30 of the Act.

New.

Approved—19th November, 1954.

Filed—25th November, 1954.

REGULATIONS MADE BY THE BOARD UNDER THE MILK INDUSTRY ACT, 1954

MANNER OF TAKING VOTES UNDER SECTIONS 29 AND 30 OF THE ACT

INTERPRETATION

1. In these regulations

- (a) "area" when used with reference to a marketing plan or a proposed marketing plan means Ontario or that part of Ontario to which the marketing plan applies or the proposed marketing plan is to apply;
- (b) "district" means a division of an area under subregulation 2 of regulation 2; and
- (c) "polling booth" means a place of voting in a district on questions under sections 29 and 30 of the Act.

VOTERS' LISTS

2.(1) The Board shall prepare in the manner prescribed by subregulations 3 and 4 voters' lists of all producers eligible to vote in the area upon a question submitted under subsection 2 of section 29 or section 30, as the case may be, of the Act.

(2) The Board shall divide the area into districts for the purpose of the vote.

(3) Voters' lists shall be prepared by districts.

(4) Each voters' list shall contain the names and places of production of all producers eligible to vote in the district.

RETURNING OFFICERS

3.(1) The Board shall appoint a Returning Officer and such deputy returning officers as may be required for the taking of the vote.

(2) One deputy returning officer shall be appointed for each district in the area.

(3) The Board shall notify the Returning Officer and the deputy returning officers of their appointments at least 15 days before the first polling-day.

PREPARATION FOR VOTE

4.(1) The Board shall

- (a) determine
 - (i) the number of polling booths required,
 - (ii) the day or days on which voting is to take place, and
 - (iii) the times during the day or days that polling booths are to remain open, and
- (b) notify all Ontario Agricultural Representatives in the area of its determinations under clause a.

(2) The Board shall prepare copies of the marketing plan or proposed marketing plan, as the case may be, and distribute them

- (a) to each Ontario Agricultural Representative in the area, and
- (b) where a deputy returning officer in any district is not the Ontario Agricultural Representative, to the deputy returning officer appointed for the district,

at least 15 days before the first polling-day.

BALLOTS

5.(1) The Board shall cause to be printed a sufficient number of ballots, not less than the number of producers eligible to vote, necessary for the taking of the vote.

(2) The Board shall forward the ballots to the Returning Officer at least 10 days before the first polling-day.

6.(1) Where the vote is on the question under subsection 2 of section 29 of the Act the ballot shall be in form 1.

(2) Where the vote is on the question under section 30 of the Act, the ballot shall be in form 2.

ARRANGEMENTS FOR VOTING

7. The Board shall provide the polling booth and ballot boxes in each district.

8. The Board shall furnish at least 10 days before the first polling-day the Returning Officer with sufficient copies of all voters' lists necessary to supply each deputy returning officer with at least 2 copies of the voters' list for the district of the deputy returning officer.

9. The Returning Officer shall furnish to each deputy returning officer at least 5 days before the first polling-day

- (a) a sufficient number of ballots, not less than the number of producers eligible to vote, necessary for the taking of the vote, in the district of the deputy returning officer,
- (b) at least 2 copies of the voters' list of producers eligible to vote at the polling booth of the deputy returning officer, and
- (c) a copy of the Act and these regulations and such further instructions and information as he deems necessary for the taking of the vote.

POSTING OF VOTERS' LIST

10. Each deputy returning officer shall post up in the polling booth before the first polling-day

- (a) one copy of the voters' list of all producers eligible to vote at the polling-booth, and
- (b) one copy of the marketing plan or the proposed marketing plan.

VOTE TO BE SECRET

11. Every vote shall be by secret ballot on the prescribed form.

VOTING

12.(1) Each deputy returning officer shall issue only 1 ballot to each person who

- (a) is recorded on the voters' list, and
- (b) presents himself as a voter at the polling-booth.

(2) Where a deputy returning officer deems necessary, he shall require the person who presents himself as a voter to be identified as the producer eligible to vote.

(3) Where the name and place of production of any person is not recorded on the voters' list and he claims the right to vote

- (a) the deputy returning officer, before issuing a ballot, shall require the person to write legibly his name and place of production on an envelope furnished by the deputy returning officer,
- (b) where the person has complied with the provisions of clause a, the deputy returning officer shall issue to him a ballot and an unmarked envelope,
- (c) where the person has
 - (i) marked his ballot,
 - (ii) placed the marked ballot in the unmarked envelope and sealed it, and
 - (iii) placed the sealed, unmarked envelope in the envelope furnished under clause a and sealed it,

he shall deliver his ballot in the inner and outer sealed-envelopes to the deputy returning officer.

(4) The deputy returning officer shall retain the ballot in the inner and outer sealed-envelopes until he delivers or sends it to the Returning Officer under clause b of subregulation 4 of regulation 13.

13.(1) The deputy returning officer shall see that the ballot box is empty before voting takes place and shall lock it and keep it locked until the time for voting on the last polling-day has expired.

(2) Subject to subregulation 3 of regulation 12, the deputy returning officer shall, upon satisfying himself that a ballot marked by a voter is the ballot which he issued to the voter, deposit it in the ballot box.

(3) The deputy returning officer shall mark on a copy of the voters' list the issuance of a ballot to each voter opposite his name.

(4) Within 3 days from the date of the last polling-day the deputy returning officer shall deliver, or send by registered mail, to the Returning Officer

- (a) all ballots deposited in the ballot box during voting,
- (b) all envelopes containing ballots marked under subregulation 3 of regulation 12,
- (c) the copy of the voters' list marked under subregulation 3, and
- (d) all unused ballots.

ASSISTANTS FOR DEPUTY RETURNING OFFICERS

14. The Board may engage such persons as the deputy returning officers may require to assist in the taking of the vote.

BALLOTS IN SEALED ENVELOPES

15.(1) The Returning Officer shall deliver to the Board all ballots in the sealed envelopes under subregulation 3 of regulation 12.

(2) Where the Board finds that any person whose name and place of production recorded on an envelope was eligible to vote, it shall remove the inner sealed-envelope and deliver it to the Returning Officer who shall remove the ballot and record the answer in the vote.

RETURN OF RETURNING OFFICER

16.(1) The Returning Officer shall make a return to the Board of the result of the vote as soon as possible after all ballots cast are counted.

(2) The return of the Returning Officer shall be in form 3.

PERCENTAGE OF VOTES

17. The producers voting in favour of the establishment of the marketing plan shall be not less than 66 2/3 per cent of all producers eligible to vote.

18. The producers voting in favour of the authorization of a marketing agency to conduct a pool or pools under a marketing plan shall be not less than 75 per cent of all producers eligible to vote.

New.

Made—25th November, 1954.

Filed—26th November, 1954.

REGULATIONS MADE UNDER
THE POWER COMMISSION ACT

1. The Commission is authorized

- (a) to acquire by purchase, lease, or in any other manner, or without the consent of the owner thereof to enter upon, take possession of, expropriate and use, the land or any portion thereof,

(i) designated in, and

(ii) described in Schedule 1 of,

the report set out in Appendix A, and coloured red and illustrated on a map or plan accompanying the report, and now filed in the office of the Registrar of Regulations at Toronto as number 116; and

- (b) to acquire by purchase, lease, or in any other manner, the land or any portion thereof,

(i) designated in, and

(ii) described in Schedule 2 of,

the report set out in Appendix A, and coloured yellow and illustrated on a map or plan accompanying the report, and now filed in the office of the Registrar of Regulations at Toronto as number 116.

2. In particular, but without limiting the generality of regulation 1, the Commission, upon the recommendation of the Commission, is authorized

- (a) to acquire by purchase, lease or otherwise, land designated in Appendix A used for, or adapted or useful for, or capable of being used or made useful for transforming, transmitting, distributing or selling electric or other power or energy; and

(i) enter upon, take possession of, expropriate, acquire and use any such land described in Schedule 1 of the report set out in Appendix A, without the consent of the owner thereof, or of any person in any manner entitled to any right, title, interest claim or demand thereto or therein; and

(ii) enter upon, take possession of, acquire and use any such land described in Schedule 2 of the report set out in Appendix A;

- (.1) part of lot 12, concession III from the Bay of the original Township of York, now in the Town of Leaside, and premising that all bearings are assumed and are referred to the bearing north 16° 33' west of the limit between the east half and west half of lot 12, concession III from the Bay, described as follows:

Commencing at the south-east angle of west half of lot 12; thence north 16° 33' west along the limit between the east half and west half of lot 12 a distance of 200.56 feet; thence south 36° 09' west 125.31 feet; thence south 67° 18' west 442.78 feet to the south-easterly limit of the lands of Canadian Pacific Railway Company; thence south 32° 18' 30" west along the south-easterly limit of the lands of Canadian Pacific Railway Company, 108.6 feet; thence south 36° 55' 30" west still along the south-easterly limit of the lands of Canadian Pacific Railway Company 14.6 feet to the southerly limit of lot 12; thence easterly along the southerly limit of lot 12 a distance of 288 feet; thence north 67° 18' east 190.87 feet; thence south 57° 36' east 1.66 feet; thence south 3° 03' west 19 feet more or less to the southerly limit of lot 12; thence easterly along the southerly limit of lot 12 a distance of 161 feet more or less to the point of commencement.

2. In the Township of East York, in the County of York, being

- (.1) part of lot 11, concession III from the Bay, in the Township of East York, and premising that all bearings are assumed and are referred to the bearing north $16^{\circ} 33'$ west of the limit between the east half and west half of lot 12, concession III from the Bay, described as follows:

Commencing at the south-east angle of west half of lot 12, concession III from the Bay; thence south $16^{\circ} 33'$ east 25.83 feet; thence south $3^{\circ} 07'$ east 237.19 feet; thence south $3^{\circ} 18'$ east 15.16 feet; thence south $76^{\circ} 13' 30''$ west 195.71 feet; thence north $3^{\circ} 03'$ east 276.8 feet more or less to the northerly limit of lot 11; thence easterly along the northerly limit of lot 11 a distance of 161 feet more or less to the point of commencement.

- (.2) part of lot 11, concession III from the Bay, in the Township of East York, and premising that all bearings are assumed and are referred to the bearing north $16^{\circ} 33'$ west of the limit between the east half and west half of lot 12, concession III from the Bay, described as follows:

Commencing at a point in the northerly limit of lot 11 which point may be located as follows: beginning at the south-east angle of west half of lot 12; thence south $16^{\circ} 33'$ east 25.83 feet; thence south $3^{\circ} 07'$ east 237.19 feet; thence south $3^{\circ} 18'$ east 15.16 feet; thence south $76^{\circ} 13' 30''$ west 195.71 feet; thence north $3^{\circ} 03'$ east 295.8 feet; thence south $67^{\circ} 18'$ west 190.87 feet to the point of commencement; thence westerly along the northerly limit of lot 11 a distance of 288 feet to the south-easterly limit of the lands of Canadian Pacific Railway Company; thence south $36^{\circ} 55' 30''$ west along the south-easterly limit of the lands of Canadian Pacific Railway Company 60 feet; thence north $67^{\circ} 18'$ east 338 feet more or less to the point of commencement.

- (.3) part of lot 11, concession III from the Bay, in the Township of East York, and premising that all bearings are assumed and are referred to the bearing north $16^{\circ} 33'$ west of the limit between the east half and west half of lot 12, concession III from the Bay, and being a strip of land 100 feet in width lying 50 feet measured perpendicularly from a centre line and centre line produced, which centre line may be described as follows:

Commencing at a point in the interior of said lot 11, which point may be located as follows: beginning at the south-east angle of west half of lot 12, concession III from the Bay; thence south $16^{\circ} 33'$ east 25.83 feet; thence south $3^{\circ} 07'$ east 237.19 feet; thence south $3^{\circ} 18'$ east 15.16 feet; thence south $76^{\circ} 13' 30''$ west 140.5 feet to the point of commencement; thence south $9^{\circ} 52'$ west 429 feet; thence south $87^{\circ} 04' 20''$ west 649 feet $2\frac{3}{8}$ inches; thence south $37^{\circ} 58' 30''$ west 1154 feet $3\frac{1}{8}$ inches; thence south $61^{\circ} 58' 55''$ west 46 feet more or less to the easterly limit of the lands of Canadian Pacific Railway Company.

- (.4) part of Block A, registered plan M-369, in the Township of East York, and premising that all bearings are astronomic and are referred to the meridian through the north-

west angle of lot 100, registered plan M-18 City of Toronto, and being all of Block A lying south-east of a line drawn parallel to and distant 50 feet measured north-westerly from and at right angles to a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the south-easterly limit of Block A distant 55 feet measured north-easterly along the south-easterly limit from the most southerly angle of Block A; thence south $54^{\circ} 37'$ west 45 feet; thence south $38^{\circ} 28'$ west 12 feet more or less to the south-westerly limit of Block A.

- (.5) part of Block P, registered plan M-153, lot 117, registered plan M-363, Block B, registered plan M-369, new Pottery Road and Pottery Road, in the Township of East York, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being all the lands lying between the northerly limit of the lands of Canadian Pacific Railway Company and a line drawn parallel to and distant 50 feet measured north-westerly from and at right angles to a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the interior of Block P, which point may be located as follows: beginning at the most westerly angle of Block P, registered plan M-153; thence north $59^{\circ} 36' 30''$ east along the north-westerly limit of Block P a distance of 65 feet; thence north $57^{\circ} 06' 30''$ east still along the north-westerly limit of Block P a distance of 63 feet $10\frac{1}{16}$ inches; thence south $16^{\circ} 53' 30''$ east 122 feet; to the point of commencement; thence north $40^{\circ} 55'$ east 593 feet; thence north $38^{\circ} 28'$ east 238 feet more or less to the limit of the lands of Canadian Pacific Railway Company.

- (.6) part of Block P, registered plan M-153, in the Township of East York, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18 City of Toronto, described as follows:

Commencing at the most westerly angle of Block P; thence north $59^{\circ} 36' 30''$ east along the north-westerly limit of Block P a distance of 65 feet; thence north $57^{\circ} 06' 30''$ east still along the north-westerly limit of Block P a distance of 63 feet $10\frac{1}{16}$ inches; thence south $16^{\circ} 53' 30''$ east 138 feet 8 inches to the north-westerly limit of the lands of Canadian Pacific Railway Company; thence south-westerly along the north-westerly limit of the lands of Canadian Pacific Railway Company 147 feet $4\frac{1}{2}$ inches more or less to the most southerly angle of Block P; thence north $16^{\circ} 53' 30''$ west along the westerly limit of Block P to the point of commencement.

- (.7) part of Bayview Avenue now in the Township of East York, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land 10 feet in width lying 5 feet measured perpendicularly from a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the easterly limit of Bayview Avenue distant 141 feet measured south $16^{\circ} 53' 30''$ east along the easterly limit from the most westerly angle of Block P, registered plan M-153; thence south $9^{\circ} 20'$ west 95 feet; thence south $35^{\circ} 58'$ west 32 feet more or less to the westerly limit of Bayview Avenue.

3. In the City of Toronto, being

- (.1) part of Block A, registered plan 1208, in the City of Toronto, and premising that all bearings are referred to the bearing north $16^{\circ} 16'$ west of the easterly limit of MacLennan Avenue as shown on registered plan 641E, City of Toronto, described as follows:

Commencing at the intersection of the easterly limit of MacLennan Avenue with the southerly boundary of registered plan 641E as filed in the Registry Office for the City of Toronto; thence north $69^{\circ} 30'$ east along the southerly boundary of registered plan 641E a distance of 40.67 feet; thence north $69^{\circ} 04'$ east continuing along the southerly boundary 143.67 feet; thence north $64^{\circ} 34'$ east continuing along the southerly boundary, a distance of 194.12 feet; thence north $60^{\circ} 10'$ east continuing along the southerly boundary, a distance of 238.41 feet; thence north $59^{\circ} 49'$ east continuing along the southerly boundary, a distance of 54.33 feet; thence north $55^{\circ} 38'$ east continuing along the southerly boundary, a distance of 106.25 feet; thence north $55^{\circ} 08'$ east continuing along the southerly boundary, a distance of 130.33 feet; thence north $53^{\circ} 58'$ east continuing along the southerly boundary, a distance of 85 feet more or less to a point on the easterly limit of Block A, registered plan 1208; thence southerly along the easterly limit of Block A, a distance of 158 feet more or less to the south-easterly angle of Block A; thence south-westerly along the south-easterly boundary of Block A being a curve to the right having a radius of 2832 feet, a distance of 990.32 feet more or less, arc measurement to its intersection with the easterly limit of MacLennan Avenue, the intersection being distant 150.42 feet measured southerly from the point of commencement; thence north $16^{\circ} 16'$ west along the easterly limit of MacLennan Avenue, a distance of 150.42 feet more or less to the point of commencement.

- (.2) part of MacLennan Avenue as shown on registered plan 1515, part of Carstowe Road as shown on registered plan 774E, part of Mount Pleasant Road as shown on registered plan 767E, part of lot 3, registered plan 767E, part of lots 24 and 38, registered plan 277, in the City of Toronto, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land 10 feet in width lying 5 feet measured perpendicularly from a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the easterly limit of MacLennan Avenue distant 10 feet measured north 15° west along the easterly limit of MacLennan Avenue from its intersection with the northerly limit of the lands of Canadian Pacific

Railway Company; thence south $83^{\circ} 08'$ west 68 feet; thence south $74^{\circ} 11'$ west 701.1 feet; thence south $81^{\circ} 22' 30''$ west 99.5 feet; thence south $81^{\circ} 15'$ west 100 feet; thence south $78^{\circ} 53'$ west 100 feet; thence south $75^{\circ} 35'$ west 100 feet; thence south 73° west 100 feet; thence south $70^{\circ} 21'$ west 100 feet; thence south $67^{\circ} 46'$ west 100 feet; thence south $62^{\circ} 35'$ west 244.4 feet; thence south $46^{\circ} 47'$ west 393.8 feet more or less to the southerly limit of lot 24, registered plan 277.

- (.3) part of lots 31 and 32, registered plan 277, and Shaftesbury Avenue, in the City of Toronto, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18 City of Toronto, and being a strip of land 10 feet in width lying 5 feet measured perpendicularly from a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the south-easterly limit of Shaftesbury Avenue distant 30 feet measured south-westerly along the south-easterly limit from the south-west angle of lot 21, registered plan 398E; thence south $58^{\circ} 19'$ west 745 feet; thence south $74^{\circ} 18'$ west 651.1 feet; thence south $6^{\circ} 41'$ west 78.5 feet.

- (.4) part of lots 31 and 32, registered plan 277, in the City of Toronto, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land lying between the north-westerly limit of the lands of Canadian Pacific Railway Company and a line drawn parallel to and distant 50 feet measured north-westerly from and at right angles to a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the easterly limit of lot 3, registered plan 277, which point may be located as follows: beginning at the intersection of the easterly limit of Yonge Street as widened by City of Toronto By-law 7257 with the northerly limit of lot 5, registered plan 277; thence southerly along the easterly limit of Yonge Street as widened, 211 feet $2\frac{1}{2}$ inches; thence north $56^{\circ} 25'$ east 137 feet to the point of commencement; thence north $56^{\circ} 25'$ east 275 feet.

- (.5) part of Yonge Street as widened by City of Toronto By-law 7257 and Birch Avenue, in the City of Toronto and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land 100 feet in width lying 50 feet measured perpendicularly from a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the easterly limit of Yonge Street as widened, distant 211 feet $2\frac{1}{2}$ inches measured south $16^{\circ} 47'$ east along the easterly limit of Yonge Street as widened, from its intersection with the northerly limit of lot 5, registered plan 277; thence south $56^{\circ} 25'$ west 131 feet 6 inches more or less to the westerly limit of Yonge Street.

- (.6) part of Block A, lots 14, 13, 12, 11, 10, 9, 8, 7, 6 and 5, registered plan 390Y, and Cottingham Street, in the City of Toronto, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land lying between the north-westerly limit of the lands of Canadian Pacific Railway Company and a line drawn parallel to and distant 50 feet measured north-westerly from and at right angles to a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the northerly limit of lot 5, registered plan 350Y distant 37 feet measured westerly along the northerly limit of lot 5 from the north-east angle of lot 5; thence north 58° 30' east 572 feet.

- (.7) part of lots 6 and 7, registered plan 350Y, lots C and D and a lane, registered plan 478Y, lots 28, 29, 30 and 31, registered plan 309E, lot 4, registered plan 522Y, lots 1, 2 and 3, registered plan M-162, lots 83, 84, 85, 86, 87, 91, 92, 93, 94, 95, 96, 97, 98 and 99, registered plan M-18, lots 1, 2, 3, 4, 5 and 6, registered plan M-72; Marlborough Avenue, Sidney Street, Avenue Road, MacPherson Avenue, Rathnelly Avenue and Davenport Road, and premising that all bearings are astronomic and are referred to the meridian through the north-west angle of lot 100, registered plan M-18, City of Toronto, and being a strip of land 100 feet in width lying 50 feet measured perpendicularly from a centre line and centre line produced, which centre line may be located as follows:

Commencing at a point in the northerly limit of lot 5, registered plan 350Y, distant 37 feet measured westerly along the northerly limit of lot 5 from the north-east angle of lot 5; thence south 58° 30' west 66 feet 6 inches; thence south 53° west 358 feet; thence south 59° west 488 feet; thence south 57° 27' 30" west 713 feet; thence south 62° 17' 30" west 473 feet 8 inches; thence south 63° 03' 30" west 240 feet 1 inch; thence south 70° 28' 30" west 149 feet 8 inches; thence south 71° 45' 30" west 234 feet 6 inches; thence south 85° 57' 30" west 380 feet 7 inches; thence north 41° 39' west 86 feet 8 inches more or less to the northerly limit of MacPherson Avenue.

Filed—26th November, 1954.

REGULATIONS MADE UNDER THE CORPORATIONS INFORMATION ACT, 1953

PROSPECTUS

1. All classes of corporations shall file a prospectus under section 2 of the Act except the following classes of corporations:

- (a) corporations which are private companies; or
- (b) corporations with share capital which have filed a prospectus under *The Securities Act* in respect of the sale referred to in section 2 of the Act; or
- (c) corporations with share capital, of which neither the whole or any part of any issue of securities is sold in Ontario to other than
 - (i) banks to which the *Bank Act* (Canada) applies; or
 - (ii) Industrial Development Bank; or
 - (iii) corporations registered under *The Loan and Trust Corporations Act*; or
 - (iv) corporations licensed under *The Insurance Act*; or
- (d) corporations with share capital, the securities of which are listed and posted for trading on a recognized stock exchange where the securities are sold through the stock exchange; or
- (e) corporations without share capital, or corporations with share capital whose authorized capital is less than \$15,000, to which Part V of *The Corporations Act, 1953* applies.

2. The information contained in a prospectus of

- (a) a corporation with share capital to which Part IV of *The Corporations Act, 1953* applies shall be as set forth in schedule 1; and
- (b) all other corporations shall be as set forth in schedule 2.

VERIFICATION OF PROSPECTUS

3. (1) Every prospectus shall be verified by every person who is named therein as a director by signing a certificate in the following form:

We the undersigned directors of
 (name of corporation)
 hereby certify that the foregoing information contains a true and correct statement of the affairs of the corporation as of this day of 19

(2) The form shall be engrossed at the foot of the information.

(3) A director may sign the certificate by his agent thereunto in writing lawfully authorized and where the Provincial Secretary is satisfied upon evidence presented to him that a director is for adequate cause not available to sign the certificate, he may dispense with the signature of that director.

FILING FEE FOR PROSPECTUS

4. The fee for filing a prospectus shall be \$5.

ANNUAL RETURNS

5. The following classes of corporations are exempt from filing a return under section 3 of the Act:

- (a) corporations within the meaning of sections 3, 5, 6, 7 and 8 of *The Corporations Tax Act*;
- (b) corporations subject to *The Telephone Act, 1954*;
- (c) corporations to which *The Credit Unions Act, 1953* applies; and
- (d) corporations registered under *The Prepaid Hospital and Medical Services Act*.

FILING FEES FOR ANNUAL RETURNS

6. (1) Subject to subregulation 3, the fees payable on the filing of returns under section 3 of the Act shall be as follows:

- (a) for corporations with share capital, except co-operative corporations,
 - (i) where the authorized capital does not exceed \$40,000..... \$ 5
 - (ii) where the authorized capital exceeds \$40,000 but does not exceed \$100,000. \$10
 - (iii) where the authorized capital exceeds \$100,000 but does not exceed \$500,000..... \$20

REGULATIONS MADE BY THE BOARD UNDER
THE ONTARIO FUEL BOARD ACT, 1954

PART 1

LICENCES AND PERMITS

1.(1) A licence

- (a) to acquire any oil or natural gas rights, or
- (b) to prospect for oil or natural gas, or
- (c) to produce natural gas, or
- (d) to distribute natural gas, or
- (e) to transmit natural gas,

shall be in Form 1, or 2, or 3, or 4, or 5, respectively.

(2) A licence under clause *a* of subregulation 1 shall be issued subject to the condition that where a person other than a corporation is employed by a corporation to acquire oil or natural gas rights on behalf of the corporation, both that person and the corporation shall each be the holders of a licence.

2.(1) No person shall operate a machine for boring or drilling wells unless the machine is licensed by the Board.

(2) A licence for a machine for boring or drilling wells shall be in Form 6.

(3) The licence shall be kept in a conspicuous position on or near the machine for which it was issued.

3.(1) A licence expires with the 31st day of December of the year in which it is issued.

(2) A licence shall not be transferable.

4. The fees payable for licences are as follows:

- (a) to acquire any oil or natural gas rights.. \$10.
- (b) to prospect for oil or natural gas..... 10.
- (c) to produce natural gas where the amount of gas produced in the year preceding the year for which application for a licence is made
 - (i) did not exceed 500,000 cubic feet, no charge
 - (ii) exceeded 500,000 cubic feet..... 10.
- (d) to distribute natural gas where the amount of gas distributed in the year preceding the year for which application for a licence is made
 - (i) did not exceed 10,000,000 cubic feet.. 10.
 - (ii) exceeded 10,000,000 cubic feet but did not exceed 100,000,000 cubic feet.. 25.

(iii) exceeded 100,000,000 cubic feet but did not exceed 500,000,000 cubic feet. 100.

(iv) exceeded 500,000,000 cubic feet..... 250.

(e) to transmit natural gas where the amount transmitted in the year preceding the year for which application for a licence is made

(i) did not exceed 500,000,000 cubic feet. 100.

(ii) exceeded 500,000,000 cubic feet..... 250.

(f) for a machine for boring or drilling wells... 10.

5.(1) A permit for the use of natural gas for industrial purposes shall be in Form 7.

(2) The permit shall

(a) set out

(i) the industrial purposes for which natural gas is to be used, and

(ii) the amount of natural gas that the permittee is entitled to use in any year on a month to month basis as agreed between the distributor and the permittee,

(b) contain the condition that the distributor may, at any time when his supply of natural gas may not be sufficient, interrupt or curtail the supply of natural gas to the permittee.

(3) The fee payable for a permit for the use of natural gas for industrial purposes is \$3, payable by the permittee on issue of the permit and thereafter annually on or before the 31st day of January in each year.

(4) Subject to subregulation 3, a permit remains in force so long as the terms and conditions thereof remain unchanged.

(5) A permit for the use of natural gas for industrial purposes is not transferable.

(6) Each distributor of natural gas shall, on or before the 31st day of January in each year, forward to the Board a statement containing a list of the holders of permits to whom it supplied natural gas for industrial purposes in the preceding calendar year, with

(a) the permit number,

(b) the amount of natural gas the holder was entitled to use,

(c) the actual consumption for that year, and

(d) the purposes for which the natural gas was used,

set opposite the name of each holder.

6.(1) No person shall install an appliance for the use of natural gas for space heating without a permit from the Board.

(2) A permit to install an appliance for the use of natural gas for space heating shall be in Form 8.

(3) The fee for a permit to install an appliance for the use of natural gas for space heating shall be \$1.

7. The Board may suspend or cancel a licence or a permit for any violation of the Act or of these regulations by the licensee or permittee.

PART 2

DRILLING AND PRODUCTION

8. This part applies to wells.

9. Where oil or natural gas is encountered during any boring or drilling operations being carried on in respect of minerals or substances, other than oil or natural gas, the operations thereupon shall become subject to the Act and these regulations.

10. Subject to section 14 of the Act, no person shall drill or bore a well

- (a) within 150 feet of the near limit of any highway or road allowance; or
- (b) within 330 feet of the boundaries of land to which oil or natural gas rights of another person pertain, and where a highway or road allowance intervenes, and subject to clause a, the 330 feet shall be measured from the centre line of the highway or road allowance; or
- (c) within 1000 feet of a well capable of producing oil or natural gas located within the boundaries of the land to which his oil or natural gas rights pertain.

11. Where a person proposes to drill or bore a well, he shall, before commencing the drilling or boring operations, complete Form 9 and forward it forthwith to the Board.

12. Subject to section 14 of the Act, a person prospecting for oil or natural gas by boring or drilling a well shall forward to the Board within 30 days after the completion of the boring or drilling

- (a) samples of rock cuttings taken at intervals of not more than 10 feet, washed, dried, bagged and labeled, and
- (b) a complete record in Form 10.

13. A person boring, drilling or prospecting for oil or natural gas shall take such measures as are reasonably necessary to control the infiltration of injurious waters from one horizon to any other horizon which may be penetrated during drilling or boring operations.

14.(1) Subject to section 15 of the Act, no person shall re-pressure, maintain pressure in, or flood any oil or natural gas horizon by the injection of oil, gas, water or other substance.

(2) Subregulation 1 does not apply to the injection for storage, or removal from storage of natural gas in respect of any natural gas storage area designated as such on the effective date of these regulations.

15. All wells shall be cased and equipped so as to prevent the uncontrolled flow of oil, natural gas or water.

16. Casing and equipment shall be in good condition and of adequate thickness and strength to withstand any pressure to which it might be subjected.

17.(1) All dry or abandoned wells shall be plugged in a manner that will

- (a) ensure protection for potential oil or natural gas producing horizons, and
- (b) retain water in its original formations.

(2) Before commencing the plugging of a dry or abandoned well the person carrying out the plugging operations shall complete Form 11 and forward it forthwith to the Board.

(3) A record of the plugging of a dry or abandoned well shall be in Form 12 and shall be forwarded to the Board within 30 days of the completion of the plugging operations.

PART 3

DISTRIBUTION

18. Subject to section 15 of the Act, natural gas shall be supplied to consumers according to the following order of preferences:

- (a) for residential purposes other than space heating,
- (b) for commercial purposes other than space heating,
- (c) for space heating of residences, apartments and lodgings either by individual room heaters or by central heating,
- (d) for space heating of commercial buildings except buildings used for industrial purposes, and
- (e) for any industrial purpose.

19. No person shall knowingly

- (a) supply natural gas for, or
- (b) use natural gas in,

a space heating appliance for which a permit has not been issued by the Board.

20. No consumer of natural gas shall use any suction device to increase the flow of gas into any appliance.

21. All natural gas delivered to a consumer shall be measured through a meter.

22. No person holding a permit to use natural gas for industrial purposes shall use natural gas in excess of the volume set out in the permit.

23. No person shall install in any premises any appliance for the use of natural gas without giving notice to the distributor of the natural gas, of the address of the premises and of the type of appliance.

24.(1) No person shall furnish, supply or receive any natural gas without charge or at a special reduced rate under any agreement, bargain, lease or other contract, or renewal thereof, in which the supplying of natural gas without charge or at a special reduced rate is the consideration or part of the agreement, bargain, lease or other contract or renewal thereof.

(2) Subregulation 1 does not apply to any such agreement, bargain, lease or other contract or renewal thereof made in accordance with law before the effective date of these regulations.

PART 4

REPORTS AND RECORDS

25. When required to do so by the Board, every person producing natural gas shall determine the open-flow potential of each natural gas well capable of production, except wells in which natural gas is stored.

26. Every person producing natural gas shall, on or before the 15th of November in each year, make an annual statement to the Board showing the shut-in well-head pressure of each natural gas well except wells in which natural gas is stored.

27. Every person distributing natural gas shall make a monthly statement, in duplicate, to the Board in Form 13 on or before the 20th day of each month, for the preceding month.

28.(1) Every person producing, storing, transmitting or distributing natural gas shall maintain a map or maps of his production and storage areas and his transmission and distribution systems.

(2) Every person producing oil shall maintain a map or maps of his production system.

29.(1) Every person producing oil shall make an annual report in duplicate to the Board in Form 14.

(2) Every person producing, storing, transmitting or distributing natural gas shall make an annual report in duplicate to the Board in Form 15.

(3) The report under subregulation 1 or 2 shall be filed on or before the 15th of March in each year, for the year ending with the 31st of December of the preceding year.

PART 5

DESIGNATION OF NATURAL GAS STORAGE AREAS

30. The areas described in schedule 1 are designated as natural gas storage areas in respect of any geological formation or formations, for the injection, storage and removal of natural gas, and the drilling or boring or sinking or operating shafts or wells of any kind therein without the consent of the Board are prohibited.

PART 6

RULES OF PRACTICE AND PROCEDURE

31. In this Part

- (a) "file" means file with the Board; and
- (b) "respondent" means person, other than the applicant, named in an application and includes such other person as the Board may direct to be served with a copy of the application.

32. A proceeding before the Board under the Act shall be commenced by filing an application in the manner prescribed in regulations 31 to 36, both inclusive.

33.(1) The application shall

- (a) be filed in quadruplicate,
- (b) contain a clear and concise statement of the facts, the grounds of application, the provisions of the Act under which it is made, the nature of the order applied for, and the relief or remedy to which the applicant claims to be entitled,
- (c) be divided into paragraphs numbered consecutively, each of which is to be confined as nearly as possible to a distinct portion of the subject,
- (d) where it is an application affecting any other person, contain the name and address of that person, but on an application to fix rates, it is not necessary to name each of the consumers affected,
- (e) be signed by the applicant, or on his behalf, by his solicitor or agent, and
- (f) be endorsed with the name and address of the applicant or of his solicitor acting for him.

(2) Within 14 days from the day of filing an application, exclusive of the day of filing, the applicant shall serve on the respondent or respondents a copy of the application.

34.(1) Within 14 days from the day of service of a copy of an application, exclusive of the day of service, the respondent shall file an answer, if any, to the application.

(2) The respondent shall serve upon the applicant a copy of his answer on or before the day that he files his answer.

(3) The answer to an application shall be

- (a) in quadruplicate,
- (b) a clear and concise statement of the grounds upon which the application is opposed,
- (c) signed by the respondent, or on his behalf by his solicitor or agent, and
- (d) endorsed with the name and address of the respondent or of his solicitor acting for him.

35.(1) The applicant shall file his reply, if any, to the answer of a respondent to the application within 10 days from

- (a) the day of service of the copy of the respondent's answer to the application, or
- (b) the day of filing the respondent's answer,

exclusive of the day of service or filing, whichever is later.

(2) The applicant shall serve a copy of his reply to a respondent's answer upon the respondent on or before the day that he files the reply.

(3) The reply shall be

- (a) in quadruplicate,
- (b) signed by the applicant or on his behalf by his solicitor or agent,
- (c) endorsed with the applicant's name and address or of his solicitor acting for him.

36. Where the time for filing an answer to an application or a reply to an answer, has expired, the time for filing the answer or reply as the case may be, shall be deemed closed.

37. Upon motion made to the Board by a party to an application, the Board may, after a hearing, by order direct the examination or audit, or both, of such books and records of any other party to the application as relate to the matters in issue.

38. Where an application has been filed, and the answer, if any, has been filed, or the time for filing an answer or reply, as the case may be, has expired, the Board shall serve or cause to be served upon the applicant and respondent a notice of hearing in Form 16.

OTHER APPLICATIONS

39. An application on proceedings before the Board under any other Act shall be filed in quadruplicate.

SERVICE OF PAPERS

40.(1) Where any person is required to serve any notice, document or paper, in proceedings before the Board under the Act or any other Act, he shall serve it personally or by sending it by registered mail to the person to be served at this address for service or his last-known or usual address and that service shall be deemed to be good and sufficient service and to have been made on the date of mailing.

(2) Where the name and address of a solicitor of a party to a proceeding is endorsed on or is shown in an application, answer or reply, any notice, document or paper required to be served upon the party may be served upon the solicitor personally or by sending it by registered mail to the solicitor at his last-known or usual address and that service shall be deemed to have been good and sufficient service and to have been made on the date of mailing.

(3) Where

- (a) the number of persons affected by an application is so large that in the opinion of the Board it is not practicable to serve the persons under subregulation 1, or
- (b) the party required to serve any notice, document or paper upon another person proves to the satisfaction of the Board that service cannot be effected or it is not expedient to effect service under subregulation 1,

the Board may direct that service upon the persons or person, as the case may be, be made by the publication of the notice, document or paper in a newspaper set out in the direction of the Board, and the service shall be deemed to be good and sufficient service and to have been made on the date of publication.

AMENDMENTS

41.(1) An application, answer or reply may be amended at the hearing by leave of the Board, upon such terms and conditions as the Board may deem advisable.

(2) No proceeding under this Part shall be deemed invalid by reason of any defect in form or any other technical irregularity.

SUMMONING WITNESSES

42. A summons under subsection 1 of section 21 of the Act shall be in Form 17.

ENLARGING OR ABRIDGING TIME

43.(1) The Board may, if it deems it advisable, adjourn any hearing before it under the Act or any other Act for such time and to such place and upon such terms as it may think fit.

(2) The Board may, upon such terms as it thinks fit, enlarge the time prescribed by this Part for doing any act, serving, or filing any notice, document or paper or taking any proceeding and may exercise the power although application therefor is not made until after the expiration of the time prescribed.

(3) Where it is satisfied that it is necessary or convenient in the public interest, the Board may, upon such terms and conditions as it thinks fit, abridge the time prescribed by this Part for doing any act, serving, or filing any notice, document or paper, or taking any proceeding.

FORM OF ORDER

44. An order of the Board shall be in Form 18.

FEES

45.(1) The fees payable on filing an application on a proceeding before the Board under the Act or any other Act is \$25.

(2) The fees payable for certified copies or documents are

- (a) for each certificate, 50 cents, and
- (b) for each 100 words of the document, 15 cents with a minimum fee of 50 cents.

PAYMENTS TO MUNICIPALITIES

16. (1) Payments to a municipality under section 21 or subsection 2 of section 24 of the Act shall be made only on an application therefor in form 20.

- (2) The application shall be verified

- (a) by the auditor of the municipality by his certificate in form 21 appended to form 20,
- (b) by the auditors of the societies named in the application by a certificate in form 22, and
- (c) by the local director by his affidavit in form 23.

17. Special grants under section 22 of the Act shall be made only on an application therefor in form 24 when authorized by a resolution of the municipality.

THE RATE

18. (1) In this regulation "A" means the cost to a children's aid society for the last preceding year, ending with the 31st of December, of providing for the welfare of all children or wards while living in an institution or home other than the home of a parent.

- (2) For the purpose of subregulation 1, "cost" means the cost of

- (a) maintenance, care, and supervision, including expenditures not exceeding \$4 a month for each child or ward derived from family-allowance funds,
- (b) maintenance and operation of a receiving-home,
- (c) retaining fees for boarding homes,
- (d) clothing,
- (e) medical, surgical, dental, optical and other health services,
- (f) drugs and drug supplies,
- (g) hospitalization and hospital services when paid for by a society, and
- (h) any special needs of children or wards.

(3) In this regulation "B" means that part of the overhead cost to a children's aid society for the last preceding year, ending with the 31st of December, of providing for the welfare of all children or wards while living in an institution or home other than the home of a parent.

(4) For the purpose of subregulation 3, "overhead cost" means cost of

- (a) personal services of administrative, supervisory, field, clerical and maintenance staffs and other persons directly employed by the society,
- (b) transportation and travelling,
- (c) telephone and telegraph services,
- (d) postage, stationery and office supplies,
- (e) maintenance, repairs and depreciation of buildings,
- (f) power, light, heat and water,
- (g) rent, taxes and insurance,
- (h) maintenance and depreciation of equipment and motor vehicles,
- (i) pensions and insurance,
- (j) professional and expert services,
- (k) bank services, and
- (l) minor miscellaneous services and supplies

(5) For the purpose of subregulation 4, the overhead cost shall be that amount which bears the same relation to the total cost as the units of time of 15 minutes each of field workers spent in providing for the welfare of children or wards while living in an institution or home other than the home of a parent, bears to the total units of time of field workers spent in providing all services performed by a society.

(6) In computing the units of time of a field worker for the purpose of subregulation 5, the average units of time for the months of January, June and October of the last preceding year shall be deemed to be the units of time for each month of that year; but for the year 1955 the average units of time for any 2 named months 4 months apart shall be deemed to be the units of time for each month in the year 1954.

(7) In this regulation "C" means an amount not exceeding \$4 a month for each child or ward received from family-allowance funds.

(8) In these regulations "D" means

- (a) the excess of the cumulative actual costs per capita in the year 1954 and all subsequent years, computed on the basis of subregulations 1, 3 and 7, over the cumulative costs per capita as adopted for those years and computed on the basis of those subregulations, or
- (b) the excess of the cumulative cost per capita adopted for the year 1954 and all subsequent years, computed on the basis of subregulations 1, 3 and 7, over the cumulative actual costs per capita for those years and computed on the basis of those subregulations,

multiplied by the number of days computed in accordance with subregulation 9 for the year ending with the immediately preceding 31st day of December, but for the year 1955 the number of days shall be computed by the same methods as adopted in determining the per capita cost adopted for 1954.

(9) In this regulation "E" means the number of days provided by a children's aid society for any year ending with the 31st of December for the welfare of children or wards who are living in an institution or home other than the home of a parent but excluding from the number

- (a) days of termination of care or wardship,
- (b) days during which wards may live in the home of a parent,
- (c) days during which wards live in an institution and are maintained there at no expense to a children's aid society,
- (d) days during which wards are in hospital for treatment and maintained there at no expense to a children's aid society, and
- (e) days during which children who are not wards are on adoption-probation.

(10) In this regulation "R" means the rate.

(11) The formula to be used in establishing the rate shall be

(a) under clause a of subregulation 8,

$$\frac{A+B-C+D}{E} = R$$

or (b) under clause b of subregulation 8,

$$\frac{A+B-C-D}{E} = R$$

ESTABLISHMENT OF RATE

19. (1) An application under section 25 of the Act for an order establishing the rate shall be in form 25.

(2) An order establishing the rate shall be in form 26.
